THEORY OF CHANGE

STRATEGIES

How do we make change?

OUR DEFINITION

Community development is a process where people come together to take action on what's important to them. Community Development helps communities to organize, and to identify the issues they want to address, or the opportunities they want to explore.

CELEBRATING & REFLECTING

We celebrate diverse cultures, histories and expressions through events, projects and campaigns. We reflect, evaluate and learn from our work in order to continue to inform our understanding of community.

MOBILIZING & ADVOCATING

Responding to community issues with innovation systems thinking, and strategies to address the root causes of inequities. Mobilizing community members to engage politically and socially towards systemic change that supports an equitable and just society.

IMPACTS

What are we working toward?

BELONGING

A neighbourhood where everyone belongs, fully participates and shares their unique gifts. A neighbourhood where no one feels isolated and our communities have the resources to experience wellbeing, joy, and celebration.

COMMUNITY LEADERSHIP

A neighbourhood where community members care for one another and support each other. Community Members, groups, and organisations collaborate by working together to build capacity and are empowered to create changes.

EQUITY & JUSTICE

A neighbourhood that is committed to ongoing processes of anti-racism, identifying and redistributing power, decolonizing, and advocating for systemic change towards an equitable and just society.

COMMUNITY HEALTH & RESILIENCY

A neighbourhood where community members care for one another and support each other. Community Members, groups, and organisations collaborate by working together to build capacity and are empowered to create changes.

RESOURCING

We provide information and education to community members. Individuals and groups are supported in their learning journey. Sharing of power? Access? using the power and resources we have to support community needs.

CONNECTING

We provide low-barrier and accessible opportunities for people to connect with each other, the community, and the land. We foster relationship-building between people and groups who may not usually connect, including intergenerational and intercultural connections. We build and support networks of residents and community partners that work toward positive change in the community.
