**On Crime, Society, and Responsibility in the work of Nicola Lacey** Iyiola Solanke, 2021-03-18 Few contemporary scholars have done more in their work to develop the idea of responsibility than Nicola Lacey She ranks alongside thinkers and writers such as HLA Hart and Antony Honor in developing approaches to understanding responsibility Like these authors the influence of her work has spread beyond academia to change the perception of responsibility amongst practitioners Both Hart and Honor have during their lifetime had volumes dedicated to their work This book does the same for Nicola Lacey marking her ongoing influence and accomplishments in the common law world through a collection of essays by leading international scholars reflecting and interrogating her contribution to understanding criminal responsibility Additionally the book aims to promote the best legal scholarship on responsibility in the common law world and inspire the brightest legal scholars through a collection of essays designed to mark Professor Lacey's ongoing contribution to the understanding of criminal responsibility The role of Professor Lacey's work in this area as well as others cannot be overlooked her scholarship includes not only a prize winning biography of HLA Hart himself but numerous articles and tomes on the subject culminating with her most recent work *In Search of Criminal Responsibility: Ideas, Interests, and Institutions* OUP 2016 This Festschrift one of few common law publications to pay homage to the erudition of a female jurist can be seen as a continuation of the themes in this book via reflection and interrogation of her work by leading scholars on the topic The Festschrift will therefore not only be a celebration of her work but also an attempt to take forward intellectual engagement with the topic of responsibility by continued engagement with her ideas Each author brings new ideas to bear on her work touching upon important aspects of responsibility that are current in the scholarship categorization frameworks for understanding criminal responsibility and the relationships between them women in criminal law the history of criminal law blameworthiness and ascriptions of responsibility moral responsibility the role of politics and political economy Nicola Lacey is a School Professor of Law Gender and Social Policy From 1998 to

**Forgiveness** L. Gregory Jones, 1995-08-31 In an engaging and interesting style that draws on a wide variety of literature as well as on Scripture and theological texts Jones shows how the practices of Christian forgiveness are richer and more comprehensive than often thought **Divine Sovereignty and Human Responsibility** D. A. Carson, 2002-01-07 Both

theology and philosophy wrestle with the tension that exists between the sovereignty of God and human response In Christianity this tension is particularly acute as God is understood to be both omnipotent and benevolent This tension underlies numerous other questions about the nature of God the meaning of human freedom and choice the concept of divine

repentance the reign of God and supremely the significance of the incarnation Dr Carson brings clear scholarly insights and finely honed exegetical skills to this all pervasive issue seeing it not so much as a problem to be solved as a framework to be explored He examines the sovereignty responsibility themes in the Old Testament intertestamental literature and in the theology of John's gospel and concludes with a reflection on the theological implications for ministry and mission today

Forgiveness and Restorative Justice Myra N. Blyth, Matthew J. Mills, Michael H. Taylor, 2021-06-17 The meaning of forgiveness and its role within restorative justice are highly contested This book offers analysis from practical and academic perspectives within Christian theology against a rich canvas of related concepts including victimhood sin love and vulnerability Critical friends of restorative justice the authors argue that forgiveness whether as journey or act unilateral or mutual conditional or unconditional is necessary to achieving a fully restorative resolution to acts of harm They also suggest that Christianity with its meaning giving metanarrative of restoration and preference for communitarian approaches to justice may have epistemic value for evaluating and even deepening the theory and practice of restorative justice *Letters of J.N.D.* John Nelson Darby, 1886 Representative Responsibility, a law of the Divine procedure in providence and redemption Henry WALLACE (of Belfast.), 1867 **Inherited Responsibility and Historical Reconciliation in East Asia** Chun-hyŏk Kwak, Melissa Nobles, 2013 Contemporary East Asian societies are still struggling with complex legacies of colonialism war and domination Years of Japanese imperial occupation followed by the Cold War have entrenched competing historical understandings of responsibility for past crimes in Korea China Japan and elsewhere in the region In this context even the impressive economic and cultural networks that have developed over the past sixty years have failed to secure peaceful coexistence and overcome lingering attitudes of distrust and misunderstanding in the region This book examines the challenges of historical reconciliation in East Asia and in doing so calls for a reimagining of how we understand both historical identity and responsibility It suggests that by adopting a forward looking approach that eschews obsession with the past in favour of a reflective and deliberative engagement with history real progress can be made towards peaceful coexistence in East Asia With chapters that focus on select experiences from East Asia while simultaneously situating them within a wider comparative perspective the contributors to this volume focus on the close relationship between reconciliation and inherited responsibility and reveal the contested nature of both concepts Finally this volume suggests that historical reconciliation is essential for strengthening mutual trust between the states and people of East Asia and suggests ways in which such divisive legacies of conflict can be overcome Providing both an overview of the theoretical arguments surrounding reconciliation and inherited responsibility alongside examples of these concepts from across East Asia this book will be valuable to students and scholars interested in Asian politics Asian history and international relations more broadly
