dictionary are the scientific names of wild and cultivated plants found in Europe As the scientific names are most widely used
internationally in the field of botany these are given first with their vernacular names in English French Spanish Italian
Dutch and German The dictionary has been compiled with particular attention given to the wide and varied floras found in
Italy and Great Britain as these provide a solid representation of the flora of temperate and alpine zones Additional names
have been added when encountered but rare plants have not been listed A literal translation of the scientific name has been
given in the cases where a name of a plant in a particular language especially Spanish did not seem to exist or could not be
found in the consulted sources The user will find this dictionary of considerable value as an aid to translation work
