**Restoring America** Roger Taylor, 1995      **The Second American Revolution - first 100 days** Ric Davidge, MPA, 2016-10-10 Reestablishing the balance of power between the States who conceived articulated and fought for the Republic almost stopping its formation more than once due to concerns with federal power is not easy given the structural corruption deeply imbedded in Congress and the Washington D C culture but it can and must be done Mark Levin has identified the clarifications necessary in our Constitution that must be implemented via a Convention of States but that will not fix the problem within at least not in time This book is a detailed step by step strategy that can achieve this from within In addition the book provides specific answers to those who will object and do so loudly It also provides some keen insights into the D C culture with information few Americans know There are preconditions to this Revolution that are essential achievable and identified here Many can begin now well before the 2016 election but they must begin and we must have the commitment from enough States 26 to get these stepping stones set so that a new authentic constitutionally conservative President and a friendly Congress can achieve them in just five years It became clear at the RNC Platform Committee in 2012 that we needed something new a very specific plan an informed strategy not just more speeches not just more of the same general rhetoric we have all heard for decades You have to do the hard work and that doesn't come from behind a podium The reforms outlined in this book will achieve the rebalance and again form an even more perfect union with States in control and the federal system again limited as prescribed in the Constitution This is an historic time a new political time and space that will determine if America as constructed by the States will again prevail      **Marxism's Strategy for Destroying**

**America** Rick Joyner, 2021-10-01 Marxism is the most evil deadly totalitarian philosophy of government in history Marxist governments are estimated to have murdered more than 100 million of their own citizens to purge even potential non conformists just in the 20th century Yet Marxist propaganda is widely lauded and promoted in American schools and universities by the media entertainment and even representatives in our own government This book exposes how this is being done and how Marxism does the opposite of its propaganda which has captured so many of our youth It also covers the 45 point plan of Marxism for taking over America which is now in its final stages and how it can still be defeated      [God's Plan To Save America](#) L. Nelson "Mac" McAlexander, 2013-11 In a dream I had back in 1977 thousands of people were shouting out in unison an unusual name that I had never heard before What I saw in that dream compelled me to try and find out if this name had any special meaning That same day a language professor at the University of Maryland told me the only word he knew of that sounded like the one I heard in the dream was a Greek word He said the word had three possible definitions which changed when the accent over the e changed Those definitions are very significant and I write about them in the chapter on Dreams and Visions The definitions and an interpretation of the dream by a Rabbi three days after the dream led me to eventually believe that this unusual name could be the fulfillment of Revelations 2 17 and or 3 12 In subsequent

dreams I was writing a book titled God's Plan to Save America and in one of those dreams a man was passing out white stones that had the name written on it that I heard in the dream It is important to note that I learned of these Biblical Scriptures after I had these unusual dreams Revelations 2:17 Let the one who has an ear hear what the spirit says to the congregations To him that conquers I will give some of the hidden manna and I will give him a white pebble and UPON THE PEBBLE A NEW NAME written which no one knows except the one receiving it

*Crisis of the Two Constitutions* Charles R. Kesler, 2021-02-16 American politics grows embittered because it is increasingly torn between two rival constitutions two opposed cultures two contrary ways of life American conservatives rally around the founders Constitution as amended and as grounded in the natural and divine rights and duties of the Declaration of Independence American liberals herald their living Constitution a term that implies that the original is dead or superseded and that the fundamental political imperative is constant change or transformation as President Obama called it toward a more and more perfect social democracy ruled by a Woke elite *Crisis of the Two Constitutions* details how we got to and what is at stake in our increasingly divided America It takes controversial stands on matters political and scholarly describing the political genius of America's founders and their efforts to shape future generations through a constitutional culture that included immigration citizenship and educational policies Then it turns to the attempted progressive refounding of America tracing its accelerating radicalism from the New Deal to the 1960s New Left to today's unhappy campus nihilists Finally the volume appraises American conservatives efforts so far unavailing despite many famous victories to revive the founders Constitution and moral common sense From Ronald Reagan to Donald Trump what have conservatives learned and where should they go from here Along the way Charles R. Kesler argues with critics on the left and right and refutes fashionable doctrines including relativism multiculturalism critical race theory and radical traditionalism providing in effect a one volume guide to the increasingly influential Claremont school of conservative thought by one of its most engaged and engaging thinkers
