Resurgent Years 1911-1927 History Of Sta:

History of Standard Oil Company (New Jersey): The resurgent years, 1911-1927, by G. S. Gibb and E. H. Knowlton, 1956

The Nobel Family Bengt Jangfeldt, 2023-09-21 THE FINANCIAL TIMES BEST BOOKS OF THE YEAR This absorbing collective biography of the genius Nobel family reveals how the Nobels business and personal lives were fundamentally intertwined with the histories of Sweden and Russia as well as the economic and entrepreneurial development of Europe in the long 19th century The name Nobel is mainly associated with the Nobel prize However Alfred Nobel was only one of a family of conspicuously gifted individuals The Nobels who moved from Sweden to Russia in the 1830s ran one of Russia's biggest machine factories and founded the Russian oil industry Using thousands of Nobel family letters and other documents shared here for the first time Bengt Jangfeldt provides a fascinating and authoritative multi generational chronicle charting the family exploits The author describes how the father Immanuel Nobel a polymath architect inventor and engineer set the family on a path to financial success amidst a backdrop of imperial Russian industrial growth He tells the story of how Immanuel's sons Robert and Ludvig and his grandson Emanuel developed the family business into a powerful industrial empire with a progressive agenda in the fields of worker's welfare profit sharing and charity When the Revolution struck in 1917 the family's industrial empire as well as their huge personal wealth were swept away in one go As a result they had to flee the country where they had been active for 80 years and return to Sweden During a time of immense change in Russia and right across Europe the story of the Nobels stands out as one of both brilliance and resilience with family firmly at its heart The Millionaire and the Bard Andrea Mays, 2015 Today it is the most valuable book in the world Recently one sold for over five million dollars It is the book that rescued the name of William Shakespeare and half of his plays from oblivion The Millionaire and the Bard tells the miraculous and romantic story of the making of the First Folio and of the American industrialist whose thrilling pursuit of the book became a lifelong obsession **The Ranger Ideal Volume 2** Darren L. Ivey, 2018-11-15 They say everything is bigger in Texas and the Lone Star State can certainly boast of immense ranches vast oil fields enormous cowboy hats and larger than life heroes Among the greatest of the latter are the iconic Texas Rangers a service that has existed in one form or another since 1823 Established in Waco in 1968 the Texas Ranger Hall of Fame and Museum continues to honor these legendary symbols of Texas and the American West While upholding a proud heritage of duty and sacrifice even men who wear the cinco peso badge can have their own champions Thirty one individuals whose lives span more than two centuries have been enshrined in the Texas Ranger Hall of Fame In The Ranger Ideal Volume 2 Texas Rangers in the Hall of Fame 1874-1930 Darren L Ivey presents capsule biographies of the twelve inductees who served Texas in the latter half of the nineteenth century Ivey begins with John B Jones who directed his Rangers through their development from state troops to professional lawmen then covers Leander H McNelly John B Armstrong James B Gillett Jesse Lee Hall George W Baylor Bryan Marsh and Ira Aten the men who were responsible for some of the Rangers most legendary feats Ivey

concludes with James A Brooks William J McDonald John R Hughes and John H Rogers the Four Great Captains who guided the Texas Rangers into the twentieth century **A Pipeline Runs Through It** Keith Fisher,2022-08-04 Fascinating revelations Max Hastings Sunday Times An immensely valuable guide to a great and terrible industry The Economist The book I have long been waiting for Essential reading Michael Klare Petroleum has always been used by humans as an adhesive by Neanderthals as a waterproofing agent in Noah s Ark and as a weapon during the Crusades Its eventual extraction from the earth in vast quantities transformed light heat and power A Pipeline Runs Through It is a fresh in depth look at the social economic and geopolitical forces involved in our transition to the modern oil age It tells an extraordinary origin story from the pre industrial history of petroleum through to large scale production in the mid nineteenth century and the development of a dominant fully fledged oil industry by the early twentieth century This was always a story of imperialist violence economic exploitation and environmental destruction The near total eradication of the Native Americans of New York Pennsylvania and Ohio has barely been mentioned as a precondition for the emergence of the first oil region in the United States The growth of Royal Dutch Shell involved the genocidal subjugation of people of the Dutch East Indies and the exploitation of oil in the Middle East arose seamlessly out of Britain s prior political and military interventions in the region Finally in an entirely new analysis the book shows how the British navy s increasingly desperate dependence on vulnerable foreign sources of oil may have been a catalytic ingredient in the outbreak of the First World War The rise of oil has shaped the modern world and this is the book to understand it *The Growth of a Refining Region* Joseph A. Pratt,1980 The Journal of Southern History Wendell Holmes Stephenson,1958 Includes section Book reviews **The Frontier and the American West** Richard W. Etulain,1977 Business and Government in the Oil Industry August W. Giebelhaus,1980-03 *United States Foreign Oil Policy Since World War I* Stephen J. Randall,2005 First ed 1985 publ under title United States foreign oil policy 1919 1948 **Petróleo y revolución en México** Jonathan Charles Brown,1998-01-01 Brown presenta un interesante análisis de las causas y efectos de las operaciones de las compañías petroleras norteamericanas e inglesas en México entre 1880 y 1920 periodo en el que el país se sumergió en la primera revolución social del siglo XX También revisa muchos conceptos erróneos sobre las inversiones extranjeras sugiriendo a los que creen que las políticas mexicanas de privatización y libre comercio son las olas del futuro pongan atención a la experiencia histórica de la nación con las compañías petroleras ya que según el autor el camino que los mexicanos seguirán durante los próximos decenios será similar **The Reporter** Max Ascoli,1957 *Victory Without Peace* William N Still,2017-01-15 Victory Without Peace concentrates on the U S Navy in European and Near Eastern waters during the post World War I era As participants in the Versailles peace negotiations the Navy was charged with executing the naval terms of the Armistice as well as preserving stability and peace U S warships were deploying into the Near East Baltic Adriatic and Northern Europe while simultaneously withdrawing its demobilized forces from European waters This signifies the first time the U S Navy contributed to peacetime efforts setting a

precedent continues today Conversely Congressional appropriations handicapped this deployment by demobilization general naval policy and postwar personnel and operating funds reductions Though reluctant to allocate postwar assets into seemingly unimportant European and Near Eastern waters the Navy was pressured by the State Department and the American Relief Administration's leader Herbert Hoover to deploy necessary forces Most of these were withdrawn by 1924 and the European Station assumed the traditional policy of showing the flag *The New York Times Book Review*, 1970

The Modern Encyclopedia of Russian and Soviet History Joseph L. Wieczynski, 1976 *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography, 1978 *Wisconsin Magazine of History*, 1964 *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1973 Fifty-year Index, Mississippi Valley Historical Review, 1914-64 Thomas Dionysius Clark, Pamela J. Bennett, 1973 *St. Louis and Empire* Henry W Berger, 2015-04-23 At first glance St Louis Missouri or any American city for that matter seems to have little to do with foreign relations a field ostensibly conducted on a nation state level However St Louis despite its status as an inland river city frequently relegated to the backwaters of national significance has stood at the crossroads of international matters for much of its history From its eighteenth century French fur trade origins to post Cold War business dealings with Latin America and Asia the city has never neglected nor been ignored by the world outside its borders In this pioneering study Henry W Berger analyzes St Louis's imperial engagement from its founding in 1764 to the present day revealing the intersection of local political cultural and economic interests in foreign affairs Berger uses a biographical approach to explore the individuals and institutions that played a leading role in St Louis's expansionist reach He shows how St Louis business leaders entrepreneurs politicians and investors often driven by personal and ideological motives as well as the potential betterment of the city and its people looked to the west southwest Latin America Europe Asia and the Pacific to form economic or political partnerships Among the people and companies Berger profiles are Thomas Hart Benton who envisioned a western democratic capitalist empire hosted by St Louis cotton exporters James Paramore and William Senter who were involved in empire building in the southwest and Mexico St Louis oil tycoon and railroad investor Henry Clay Pierce who became deeply involved in political intrigue and intervention in Mexican affairs entrepreneur and politician David R Francis who promoted personal and St Louis interests in Russia and McDonnell Douglas and its founder James S McDonnell Jr who were part of the transformation of St Louis's political economy during the Cold War Many of these attempted imperial activities failed but even when they succeeded Berger explains the economy and the people of St Louis did not usually benefit The vision of a democratic capitalist empire embraced by its exponents proved to be both an illusion and a contradiction By shifting the focus of foreign relations history from the traditional confines of nation state conduct to city and regional behavior this innovative study highlights the domestic foundations and content of foreign policy opening new avenues for study in the field of foreign

relations

When somebody should go to the book stores, search commencement by shop, shelf by shelf, it is in fact problematic. This is why we offer the book compilations in this website. It will utterly ease you to see guide **Resurgent Years 19111927 History Of Sta** as you such as.
