Resurrection Knowledge Recovering The Gospel For A Postmodern Church:

Resurrection Knowledge W. Stephen Gunter, 1999 In a day when so many people have lost confidence in the historical affirmations of ecumenical Christianity this book is written both for those in the seminary and the church Gunter believes the assumptions of modernism have eroded our ability to believe the gospel affirmation Christ is risen This book tells the story of how we forgot the gospel what attempts have been made in the twentieth century to recover the gospel and how we can recover the gospel for confident belief and proclamation

Preaching Parables to Postmoderns Brian Stiller, 2005-01-01 Preachers in their call to preach the Scriptures are not only charged with the responsibility of speaking its truth but of speaking in such a way that people of this age and culture understand To do this the preacher builds a bridge between today's people and the gospel of both testaments For some this task is more difficult than for others Preaching to those living in an inner city housing project is far removed from an outpost mission in the two thirds world Each community has its own way of thinking and attaches different values to symbols of its own making For those called preach to a generation raised on MTV and late night comedians or those rooted in various economic cultures from government sponsored jobs overseen by union bosses to entrepreneurial dot com companies or generations stretching from high school students to freedom fifty fivers the task is enormous When one adds to that the complexity of a radical shift in underlying intellectual and cultural assumptions the task of preaching becomes even more complicated

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc. agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

The Grace of Being Fallible in Philosophy, Theology, and Religion Thomas John Hastings, Knut-Willy Sæther, 2020-11-05 Why is epistemic fallibilism a viable topic for Christian thought and cultural engagement today Religious fundamentalists and scientific positivists tend to deal with reality in terms of knockdown arguments and such binary approaches to lived reality have helped to underwrite the belligerence and polarization that mark this age of the social media echo chamber For those who want to take both religion and science seriously epistemic fallibilism offers a possible moderating stance that claims neither too much nor too little for either endeavor nor forces a decision for one side over and against the other This book uses this epistemological approach to fallibilism as a positive resource for conversations that arise at the intersection of philosophy theology and religion The essays explore a range of openings into the interstices of these often siloed fields with the aim of overcoming some of the impassés separating diverse ways of knowing

Personal Being Andrew T. Grosso, 2007 Personal Being Polanyi Ontology and Christian Theology contributes to Michael Polanyi studies to the conversation between philosophy and theology and to the contemporary renaissance in trinitarian theology The author begins by elaborating the ontology implied by Polanyi s theory of personal knowledge and argues that personhood is a fundamental category for understanding reality He then explores the reception of Polanyi s philosophy in theological studies and outlines a method responsive to interdisciplinary dialogue Finally he employs a Polanyian model of personhood to examine the doctrine of the Trinity and suggests that this effort anticipates the development of a personalistic Christian cosmology

Stroup,1997-09-18 This book is an experiment in systematic theology It is an attempt to see if a particular interpretation of Christian narrative speaks to the situation of Christians in affluent western cultures a context in which Christian identity is increasingly problematic Stroup s work purposes to determine if the use of narrative in theology casts any new light on what Christians mean by revelation the doctrine some Christian theologians have appealed to as the basis for what Christians know and confess about God Ancient-Future Faith Robert E. Webber,1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work Ancient Future Faith Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of Ancient Future Faith is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the churchs effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the books educational value Amazon
