## **Rethinking Rape:**

**Rethinking Rape** Ann J. Cahill, 2001 Rape claims Ann J Cahill affects not only those women who are raped but all women who experience their bodies as rapable and adjust their actions and self images accordingly Rethinking Rape counters legal and feminist definitions of rape as mere assault and decisively emphasizes the centrality of the body and sexuality in a crime which plays a crucial role in the continuing oppression of women Rethinking Rape applies current feminist theory to an urgent political and ethical issue Cahill takes an original approach by reading the subject of rape through the work of such recent continental feminist thinkers as Luce Irigaray Elizabeth Grosz Rosi Braidotti and Judith Butler who understand the body as fluid and indeterminate a site for the negotiation of power and resistance Cahill interprets rape as an embodied sexually marked experience a violation of feminine bodily integrity and a pervasive threat to the integrity and identity of a woman's person The wrongness of rape which has always eluded legal interpretation cannot be defined as theft battery or the logical extension of heterosexual sex It is not limited to a specific event but encompasses the myriad ways in which rape threatens the prospect of feminine agency As an explication that fully countenances women's experiences of their own bodies Rethinking Rape helps point the way toward reparation resistance and the evolution of feminine subjectivity **Incarnating**

**Grace** Julia Feder, 2023-11-07 Prioritizes survivors of abuse by reexamining Christian ideals about suffering and salvation More than half of women and almost one in three of men in the United States have experienced sexual violence at some time in their lives Yet our Christian tradition has failed survivors of sexual violence who have been taught to believe that traumatic suffering brings us closer to God Incarnating Grace attempts to save our broken ways of talking about God's grace by unearthing liberating resources buried in the Christian tradition Christian ideas about salvation have historically contributed to sexual violence in our communities by reinforcing the idea that suffering is salvific But a God worth worshiping does not want human beings to suffer Drawing on the sixteenth century Spanish mystic Teresa of Avila as well as contemporary political and feminist theologians philosophers and legal scholars author and Associate Professor of theology Julia Feder offers an account of Christian salvation as mystical political Feder begins by describing the breadth of traumatic wounding and the shape of traumatic recovery as articulated by psychologists Since the fullness of post traumatic healing requires reserves deeper than those which can be articulated by the secular field of psychology alone the book then introduces the Spanish Carmelite Saint Teresa of Avila and her theological insights which are most helpful for constructing a post traumatic theology of healing Arguing that God stands against violence and suffering the book also examines the notion of senseless suffering a technical term that comes from Edward Schillebeeckx a Catholic twentieth century Flemish priest and theologian The suffering of sexual violence serves no higher purpose or greater human value and pushes against all ways of making sense of the world as good and orderly In the following chapters Feder turns to two Christian virtues that animate post traumatic recovery courage and hope and explores how Christian hope can provide a language to empower courageous

activity undertaken toward healing Incarnating Grace opens a new dialogue about salvation and violence that does not allow evil to have the last word

**Engendering Blackness** Patrice D. Douglass, 2025-06-24 In this incisive new book Patrice D Douglass interrogates the relationship between sexual violence and modern racial slavery and finds it not only inseparable but also fundamental to the structural predicaments facing Blackness in the present Douglass contends that the sexual violability of slaves is often misappropriated by frameworks on sexual violence that privilege its occurrences as a question of ethics sexual agency and feminine orders of gendering Rather this book foregrounds Blackness as engendered by sexual violence which forcefully re produces Blackness corporeally and conceptually as a condition that lacks the capacity to ontologically distinguish its suffering from what it means to be human By employing and critically revising Black feminist theory and Afro pessimism Douglass reveals that engaging primarily with the sexualization of the slave forces theories of sexual violence to interrogate why this violence one of the most prevalent under slavery continues to lack a grammar of fundamental redress There are no reparations struggles for the generational transfer of sexual violation and the inability of present frameworks to rectify the sexual stains of slavery lies precisely in the fact that what made this history possible continues to haunt arrangements of life today Engendering Blackness urgently articulates the way our present understandings of Blackness and humanness are bound by this vexed sexual history

Harris, 2018-12-15 In Obscene Pedagogies Carissa M Harris investigates the relationship between obscenity gender and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent Through innovative close readings of literary texts including erotic lyrics single woman s songs debate poems between men and women Scottish insult poetry battles and The Canterbury Tales Harris demonstrates how through its transgressive charge and galvanizing shock value obscenity taught audiences about gender sex pleasure and power in ways both positive and harmful Harris s own voice proudly witty and sharply polemical inspires the reader to address these medieval texts with an eye on contemporary issues of gender violence and misogyny
