Rethinking Tradition In Modern Islamic Thought:

Rethinking Tradition in Modern Islamic Thought Daniel W. Brown, 1999-03-04 Questions about the authenticity and authority of sunna have long been of central importance to the study of Islam especially to those concerned with Islamic law In this fascinating study Daniel Brown traces the emergence of modern debates over sunna focusing in particular on Egypt and Pakistan where these controversies have raged most fiercely and assesses the implications of new approaches to the law on contemporary movements of Islamic revival Using the case of modern Islam as a starting point the author considers how adherents of any great tradition deal with change

The Ulama in Contemporary Islam Muhammad Qasim Zaman, 2010-12-16 From the cleric led Iranian revolution to the rise of the Taliban in Afghanistan many people have been surprised by what they see as the modern reemergence of an antimodern phenomenon This book helps account for the increasingly visible public role of traditionally educated Muslim religious scholars the ulama across contemporary Muslim societies Muhammad Qasim Zaman describes the transformations the centuries old culture and tradition of the ulama have undergone in the modern era transformations that underlie the new religious and political activism of these scholars In doing so it provides a new foundation for the comparative study of Islam politics and religious change in the contemporary world While focusing primarily on Pakistan Zaman takes a broad approach that considers the Taliban and the ulama of Iran Egypt Saudi Arabia India and the southern Philippines He shows how their religious and political discourses have evolved in often unexpected but mutually reinforcing ways to redefine and enlarge the roles the ulama play in society Their discourses are informed by a longstanding religious tradition of which they see themselves as the custodians But these discourses are equally shaped by and contribute in significant ways to contemporary debates in the Muslim public sphere This book offers the first sustained comparative perspective on the ulama and their increasingly crucial religious and political activism It shows how issues of religious authority are debated in contemporary Islam how Islamic law and tradition are continuously negotiated in a rapidly changing world and how the ulama both react to and shape larger Islamic social trends Introducing previously unexamined facets of religious and political thought in modern Islam it clarifies the complex processes of religious change unfolding in the

contemporary Muslim world and goes a long way toward explaining their vast social and political ramifications **Modern Muslim Intellectuals and the Qur'an** Suha Taji-Farouki, Institute of Ismaili Studies, 2006-01-26 This volume examines the writings of ten Muslim intellectuals working in the Muslim world and the West who employ contemporary critical methods to understand the Qur'an. Is it a universal feature of all human societies past and present? Is it tied to specific institutional arenas? Or is it found in all groups and organizations large or small, formal or informal? This new textbook seeks to provide answers to these important questions. Starting with what it means to think politically, the book goes on to explore a wide range of meanings attributed to the concept of politics from a variety of perspectives and theoretical traditions. It offers succinct and coherent overviews by some of the foremost scholars in the field and each invites the reader to see the activity of politics in a distinctive way. Topics covered include politics as a form of rule, feminist approaches to politics, Marxism and politics, the politics of human behaviour, environmental politics, politics as collective choice, and Islam and politics. Written with the new student in mind, this concise introduction to the study and activity of politics is essential reading for all those coming to the discipline for the first time.

The Many Faces of Political Islam Mohammed Ayoob, 2009-12-21 Analysts and pundits from across the American political spectrum describe Islamic fundamentalism as one of the greatest threats to modern Western-style democracy. Yet very few non-Muslims would be able to venture an accurate definition of political Islam. Mohammed Ayoob's *The Many Faces of Political Islam* thoroughly describes the myriad manifestations of this rising ideology and analyzes its impact on global relations. In this beautifully crafted and utterly compelling book, Mohammed Ayoob accomplishes admirably the difficult task of offering a readily accessible yet nuanced and comprehensive analysis of an issue of enormous political importance. Both students and specialists will learn a great deal from this absolutely first-rate book. Peter J. Katzenstein, Walter S. Carpenter Jr., Professor of International Studies and Stephen H. Weiss, Presidential Teaching Fellow, Cornell University. Dr. Ayoob addresses the nuances and complexities of political Islam, be it mainstream, radical, or militant, and offers a road map of the pivotal players and issues that define the movement. There is no one as qualified as Mohammed Ayoob to write a synthesis of various manifestations of political Islam. His complex narrative highlights the changes and shifts that have taken place within the Islamist universe and their implications for internal Muslim politics and relations between the world of Islam and the Christian world. Fawaz A. Gerges, Carnegie Scholar and holds the Christian A. Johnson Chair in International Affairs and Middle Eastern Studies, Sarah Lawrence College. Let's hope that many readers, not only academics but policymakers as well, will use this invaluable book. Francois Burgat, Director, French National Centre for Scientific Research (CNRS) and the Institute for Research and Study on the Arab and Muslim World (IREMAM), Aix-en-Provence, France. This is a wonderful concise book by
