Rethinking Development Theory And Policy:

Rethinking Development Theory and Policy Senyo B-S. K. Adjibolosoo, 1999-01-30 Critiques traditional development thinking and examines the causes for the failure of development programmes in developing countries Argues that what is fundamental to development is the human factor perspective **Development Theory** Jan Nederveen Pieterse, 2010 Written by one of the leading authorities in the field the Second Edition of this successful book Situates students in the expanding field of development theory Provides an unrivalled guide to the strengths and weaknesses of competing theoretical approaches Explains key concepts Examines the shifts in theory Offers an agenda for the future In this book the author brings a huge range of experience and knowledge about the relationship between the economically advanced and the emerging developing nations **Political Conflict and Development in East Asia and Latin America** Richard Boyd, Galjart Benno, Tak-Wing Ngo, 2007-01-24 Long run processes of socio economic change generate prodigious problems of social conflict and social control and governments responsible for these processes must therefore manage the resultant conflict Consequently the success or failure of a government's management of such conflicts is a crucial factor in development outcomes This volume investigates the political struggle for development specifically in two vital regions East Asia and Latin America This analysis calls into question the dominant emphasis on institutional and cultural bases for stable growth A careful historical account of the two regions is presented which permits the rigorous testing of conventional wisdoms regarding development Of importance to a broad range of academics in the spheres of development studies politics political economy and sociology this book will also make an interesting read for those with a general interest in these areas

The SAGE Handbook of Political Geography Kevin R Cox, Murray Low, Jennifer Robinson, 2007-12-18 A thorough and absorbing tour of the sub discipline An essential acquisition for any scholar or teacher interested in geographical perspectives on political process Sallie Marston University of Arizona This unique book is a true encyclopedia of political geography Vladimir Kolossov Institute of Geography of the Russian Academy of Sciences and Vice President of the IGU The SAGE Handbook of Political Geography provides a highly contextualised and systematic overview of the latest thinking and research in the field Edited by key scholars with international contributions from acknowledged authorities on the relevant research the Handbook is divided into six sections Scope and Development of Political Geography the geography of knowledge conceptualisations of power and scale Geographies of the State state theory territory and central local relations legal geographies borders Participation and representation citizenship electoral geography media public space and social movements Political Geographies of Difference class nationalism gender sexuality and culture Geography Policy and Governance regulation welfare urban space and planning Global Political Geographies imperialism post colonialism globalization environmental politics IR war and migration The SAGE Handbook of Political Geography is essential reading for upper level students and scholars with an interest in politics and space Vietnam's Development Strategies Pietro

Masina,2006-09-27 This book presents a critical review of the Vietnamese reform process and analyses the most crucial issues in the post Asian crisis debate arguing that a wider debate is needed in order for national policy makers to make well informed decisions

Development Economics in the Twenty-First Century Claudia Sunna,Davide Gualerzi,2015-12-14 Development Economics has been identified as a homogeneous body of theory since the 1950s concerned both with the study of development issues and with the shaping of more effective policies for less advanced economies Development Economics in the Twenty First Century brings together an international contributor team in order to explore the origins and evolution of development economics This book highlights the different elements of high development theory through a precise reconstruction of the different theoretical approaches that developed between the 1950s and the 1970s These include the theory of balanced and unbalanced growth theory the debate on international trade the concept of dualism dependency theory structuralism and the analysis of poverty and institutions The chapters highlight the relevance and usefulness of these analyses for the contemporary theoretical debate on development issues Comparative perspectives are explored and analysed including those of Keynes Hirschman Krugman and Stiglitz The chapters situate development economics within current debates among economists and historians of economic thought providing a platform for future research This book is suitable for researchers and students with an interest in Development Economics the History of Economic development and the Economics of Developing Countries

Communication for Social Change Anthology Alfonso Gumucio Dagron,Thomas Tufte,2006 Contains nearly 200 readings published between 1927 and 2005 in English or translated from other languages on the historical roots and pioneering thinking regarding communication for social change Covers a variety of topics including the radio tv and other mass communication information and communication technology the digital gap the formation of an information society national information policies participatory decision making communication of development pedagogy and entertainment education HIV AIDS communication for prevention etc

Postcolonialism and Development Cheryl McEwan,2008-11-20 While the possibility of producing a de colonized postcolonial knowledge in development studies became a subject of considerable debate in the 1990s there has been little dialogue between postcolonialism and development However the need for development studies that is postcolonial in theory and practice is now increasingly acknowledged This means recognizing the significance of language and representation the power of development discourse and its material effects on the lives of people subject to development policies It also means acknowledging the already postcolonial world of development in which contemporary reworkings of theory and practice such as grassroots and participatory development indigenous knowledge and global resistance movements inform postcolonial theory Postcolonialism and Development explains reviews and critically evaluates recent debates about postcolonial approaches and their implications for development studies By outlining contemporary theoretical debates and examining their implications for how the developing world is thought about written about and engaged with in policy terms this book

unpacks the difficult complex and important aspects of the relationship between postcolonial approaches and development studies making them accessible interesting and relevant to both students and researchers Each chapter builds an understanding of postcolonial approaches their historical divergences from development studies and more recent convergences around issues such as discourses of development knowledge and power and agency within development Up to date illustrations and examples from across the regions of the world bring to life important theoretical and conceptual issues This topical book outlines an agenda for theory and practice within postcolonial development studies and illustrates how while postcolonialism and development pose significant mutual challenges both are potentially enriched by each others insights and approaches

Development Macroeconomics Basil Oberholzer,2020-11-27 This insightful book offers a comprehensive analysis of how macroeconomics can steer development and reduce poverty It untangles how developing countries can apply effective economic policies in spite of the challenges they face

Handbook of Alternative Theories of Economic Development Erik S. Reinert,Jayati Ghosh,Rainer Kattel,2016-09-28 The Handbook of Alternative Theories of Economic Development explores the theories and approaches which over a prolonged period of time have existed as viable alternatives to today s mainstream and neo classical tenets With a total of 40 specially commissioned chapters written by the foremost authorities in their respective fields this volume represents a landmark in the field of economic development It elucidates the richness of the alternative and sometimes misunderstood ideas which in different historical contexts have proved to be vital to the improvement of the human condition The subject matter is approached from several complementary perspectives From a historical angle the Handbook charts the mercantilist and cameralist theories that emerged from the Renaissance and developed further during the Enlightenment From a geographical angle it includes chapters on African Chinese Indian and Muslim approaches to economic development Different schools are also explored and discussed including nineteenth century US development theory Marxist Schumpeterian Latin American structuralism regulation theory and world systems theories of development In addition the Handbook has chapters on important events and institutions including The League of Nations The Havana Charter and UNCTAD as well as on particularly influential development economists Contemporary topics such as the role of finance feminism the agrarian issue and ecology and the environment are also covered in depth This comprehensive Handbook offers an unrivalled review and analysis of alternative and heterodox theories of economic development It should be read by all serious scholars teachers and students of development studies and indeed anyone interested in alternatives to development orthodoxy

The Oxford Handbook of Industrial Hubs and Economic Development Arkebe Oqubay,Justin Yifu Lin,2020-07-23 Industrialization supported by industrial hubs has been widely associated with structural transformation and catch up But while the direct economic benefits of industrial hubs are significant their value lies first and foremost in their contribution as incubators of industrialization production and technological capability and innovation The Oxford Handbook of Industrial Hubs and Economic Development adopts an

interdisciplinary approach to examine the conceptual underpinnings review empirical evidence of regions and economies and extract pertinent lessons for policy researchers and practitioners on the key drivers of success and failure for industrial hubs This Handbook illustrates the diverse and complex nature of industrial hubs and shows how they promote industrialization economic structural transformation and technological catch up It explores the implications of emerging issues and trends such as environmental protection and sustainability technological advancement shifts in the global economy and urbanization

Reconstructing Development Theory E.A. Brett, 2009-07-08 The book provides a systematic assessment of the evolution of development theory its relationship to orthodox social science analysis and the liberal pluralistic orthodoxy that now dominates the mainstream approach to international development showing how we can transcend its failure to address some key problems of late and uneven development

21st Century Sociology: A Reference Handbook Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description

Understanding Development Paul Hopper, 2012-02-27 Drawing on a wide range of case studies from across the globe this book explores such areas as health and population growth conflict and security global inequality and poverty fair trade and trade liberalization gender and education foreign aid and debt and sustainability and the environment This issues driven text focuses on the debates that have generated the most interest and passion among practitioners and non practitioners alike Always attentive to the contested and plural nature of the field it makes the case for a genuinely interdisciplinary approach which takes full account of the impact of globalization Publisher

At the Crossroads of Development Behar, Cuzán, 2021-11-01 The 10 articles assembled in this volume examine old problems and new opportunities in development that are associated with trade communication population distribution and migration culture and institutions They explore possibilities for and obstacles to technological and institutional transfers between developed and developing societies at a time when capitalism and democracy appear triumphant Points of convergence parallel processes and equivalences in social problems and potential solutions across levels of development are noted They point out that the hierarchy of the world economic system and indigenous cultures militate against the homogenization of the globe along Western lines

Restructuring Development Theories and Policies M. Shamsul Haque, 1999-09-09 Explains and critiques current theories of political development

The Human Factor in Shaping the Course of History and Development Senyo Adjibolosoo, 2000-03-29 The development problems of many countries continue to escalate despite the huge sums of money that are spent on social economic and political programs In order to determine why particular solutions to these problems often do not work it is necessary to identify and evaluate the human factor traits that give rise to specific attitudes behaviors and actions Human factor traits include personality characteristics and other dimensions of human performance that enable social economic and political institutions to function and remain functional over time In this fascinating volume contributors examine the role of human factor traits that may promote or hinder the effectiveness of economic development programs It brings together scholars

from a variety of disciplines to discuss the relevance of human factor traits in shaping history and development with the ultimate goal of providing information that will help create safer and more prosperous societies in the future Original and thought provoking this volume will be of value to scholars studying international development and economic planning

Financing Regional Growth and the Inter-American Development Bank Ernesto Vivares, 2013-05-02 The crisis of the current global financial order is challenging us to critically reflect on how this order has been driven and the development outcomes produced by its central political and economic actors There is a great deal of academic knowledge about the role of the international financial institutions powerful states and capital markets in international development but there is little understanding of how regional dynamics and regional institutions influence global governance and developing countries This book offers an independent and grounded investigation concerning the political economic role of Regional Development Banks through a study of the world's leading regional development bank the Inter American Development Bank IDB The book examines the political economy of the IDB and its role in regional and national development during the neoliberalisation processes of the 1990s In particular the investigations explore the IDB's power in regional and national development via its technical political and financial interventions to frame policy alternatives absorb opposition forces support specific coalition forces and justify a particular direction of development all in order to legitimize specific political economic projects directed by market led pro reform coalitions aligned with global financial forces and financial development guidelines This book will be relevant to scholars and professionals interested in the international and regional political economy of development

financing Rethinking Development Theory Gary Gereffi, 1989 *International Management* Manfred Fuchs, 2022-10-26 This textbook for students and practitioners offers answers to the most important questions and challenges of international management The main topics are presented and discussed on three levels a the macroeconomic and institutional environment of the global economy b the international firms embedded as players in this environment and c the actual management decisions The focus is placed both on the characteristics of the individual subject areas macro meso and microperspective and on the interdependent connections between these areas The main interest of this book lies in an application oriented analysis of the central strategic management decisions in internationalizing companies This textbook has been recommended and developed for university courses in Germany Austria and Switzerland
