Rethinking The Youth Question Hc:

Rethinking the Reasonable Person Mayo Moran, 2003 The reasonable person standard plays a central role in the law figuring prominently in tort law criminal law and administrative law However the reasonable person has also attracted substantial criticism from egalitarian critics and feminists insofar as it presupposes contested notions of normal behaviour and may discriminate against certain classes of defendant Judges and mainstream theorists also increasingly puzzle over what the standard amounts to and how to apply it Using these controversies as a point of departure *Rethinking the Reasonable Person* examines the promise and the perils of the reasonable person standard Ultimately it argues that an objective standard is not only defensible but essential Yet only with a radical reconstruction will it be possible to realize the promise of the standard and to ensure a truly egalitarian conception of responsibility *Rethinking Ethical-Political Education* Torill Strand, 2020-07-29 This book offers a variety of outlooks and perspectives on the constitutive values and formative norms of a society reflected by discourses on ethical political education It also discusses conceptual and critical philosophical works combined with empirical studies The book is divided into three parts the first part describes contemporary youth s tangible experience of and reflections on ethical political issues while the second part explores the potential powers and pitfalls of educational philosophies old and new The third part highlights cutting edge issues within the humanities and social sciences and examines the prospects of a fruitful rethinking of ethical political education in response to today s pressing issues By addressing current dilemmas with diligence and insight the authors offer solid arguments for new theoretical and practical directions to promote philosophical clarification and advance research Intended for students teachers and researchers the book provides fresh perspectives on the many facets of ethical political education and as such is a valuable contribution to educational research and debate *Moments of Modernity* Becky Conekin, Frank Mort, Chris Waters, 1999 Gift to King s University College Library from Prof Brian Patton 2005 **Beyond Resistance! implications for political Islam shaped young members perceptions towards Egyptian politics violence and the role of Islamic political groups This offers a key to understanding the ideological and strategic evolution of Islamists in alignment with regional changes such as the rise of transnational jihadist groups and the fading of popular protest in the Arab region The book relies on Social Movement Theory and contentious politics literature to develop a relational approach for analysing the positionalities of the young Brothers This elucidates change within Islamic groups as a multi layered evolving phenomenon that cannot be attributed solely to either ideological or structural changes but rather to manifold factors operating at different levels It also rejects the prevailing binary classification of moderate versus radical activism when seeking to understand the effects of repression on the trajectories of Islamic movements members Identity Formation, Youth, and Development James E.
