Rethinking Urban Policy:

Rethinking Urban Policy National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Committee on National Urban Policy, 1983-02-01

Independent Cities Robert J. Wastel, 1998 Since at least 1990 American cities have been forced to deal with high levels of poverty hunger homelessness crime and low levels of funding for mass transit infrastructure needs and education

Independent Cities explores the factors which have caused the decline of America's major industrial cities with particular attention paid to the effects of federal policies The author gives an overview of policy makers' opinions and offers his own inventive solutions detailing what American cities will need to do in the late 1990s and the early part of the next century to help create strong healthy independent cities **Rethinking Urban Policy** Royce Hanson, 1983 *Rethinking Urban*

Transformations Nebojša Čamprag, Lauren Uğur, Anshika Suri, 2023-09-29 This edited volume delves into the intricate challenges that cities face in the midst of evolving socio-political economic and environmental landscapes With a focus on inclusivity and diversity the book thoroughly examines the transformation of urban systems and their manifestations within broader spatial contexts Employing a trans- and interdisciplinary approach the editors have strategically curated diverse research clusters to address key aspects of inclusive urban transformation from multiple perspectives These clusters explore alternative paradigms for sustainable urban transformation the dynamics of city regions inclusive tourism development the decontestation of urban heritage to diversify urban identities and inclusive intersectional city making practices By fostering collaboration and cross-pollination among these clusters the volume fosters a transdisciplinary understanding of inclusive and sustainable urban transformation facilitating the development of more holistic approaches in conceptualizing and promoting inclusive urban theory and praxis **Rethinking Urban Policy** National Research Council Staff, **The**

Future of National Urban Policy Marshall Kaplan, Franklin J. James, 1990 The Future of National Urban Policy brings together scholars policymakers and journalists to explore the condition of America's cities The authors focus on policies of the previous five presidential administrations to examine the history of urban policy and offer suggestions for its future Individual chapters address a variety of topics including housing employment education the infrastructure of cities and public policy *Rethinking Urban Policy* Michael Ward, 1994 Rethinking Urban Sprawl Moving Towards Sustainable Cities

OECD, 2018-06-14 This report provides a new perspective to the nature of urban sprawl and its causes and environmental social and economic consequences **OECD Urban Studies National Urban Policy Review of Colombia**

OECD, 2022-05-27 This OECD National Urban Policy Review of Colombia provides a comprehensive assessment of the country's national urban policy the System of Cities and of different sectoral policies that affect urban life transport housing land use and digitalisation Colombia has entered the 2020s facing five intertwined crises the COVID-19 pandemic rising levels of poverty and inequality a wave of mass international migration the peace process consolidation and the climate

emergency Rethinking Urban Transitions Andrés Luque-Ayala, Simon Marvin, Harriet Bulkeley, 2018-03-15 Rethinking Urban Transitions provides critical insight for societal and policy debates about the potential and limits of low carbon urbanism It draws on over a decade of international research undertaken by scholars across multiple disciplines concerned with analysing and shaping urban sustainability transitions It seeks to open up the possibility of a new generation of urban low carbon transition research which foregrounds the importance of political geographical and developmental context in shaping the possibilities for a low carbon urban future The book s contributions propose an interpretation of urban low carbon transitions as primarily social political and developmental processes Rather than being primarily technical efforts aimed at measuring and mitigating greenhouse gases the low carbon transition requires a shift in the mode and politics of urban development The book argues that moving towards this model requires rethinking what it means to design practise and mobilize low carbon in the city while also acknowledging the presence of multiple and contested developmental pathways Key to this shift is thinking about transitions not solely as technical infrastructural or systemic shifts but also as a way of thinking about collective futures societal development and governing modes a recognition of the political and contested nature of low carbon urbanism The various contributions provide novel conceptual frameworks as well as empirically rich cases through which we can begin to interrogate the relevance of socio economic political and developmental dimensions in the making or unmaking of low carbon in the city The book draws on a diverse range of examples including world cities and ordinary cities from North America South America Europe Australia Africa India and China to provide evidence that expectations aspirations and plans to undertake purposive socio technical transitions are both emerging and encountering resistance in different urban contexts Rethinking Urban Transitions is an essential text for courses concerned with cities climate change and environmental issues in sociology politics urban studies planning environmental studies geography and the built environment **Rethinking Urban Green Spaces** Cecil Konijnendijk, 2024-02-12 Proposing and demonstrating the ways in which we need to rethink urban green spaces as cities societies and environments evolve renowned scholar Cecil C Konijnendijk explores urban green spaces as essential parts of cities Chapters offer a comprehensive look at how their roles have changed over time and will continue to do so moving from their conventional purpose as areas for recreation to become spaces contributing to climate adaptation biodiversity conservation and economic development **Urban Planning in North Africa** Carlos Nunes Silva, 2016-07-07 There has been relatively little written on the history of urban planning in North Africa despite the wealth of towns and cities in this region which date back to Antiquity The book explores the history of urban planning in North Africa and the challenges confronting contemporary urban planning in Algeria Egypt Libya Morocco and Tunisia It examines the transnational flow of planning ideas during the colonial period namely through the French British and Italian colonial presence and the Portuguese and Spanish influences as well and discusses key challenges currently confronting urban planning in the major urban centers in the region The

fifteen chapters that constitute the book offer an informed analysis of the history of urban planning in North Africa covering the pre colonial colonial and post colonial periods

The CQ Press Guide to Urban Politics and Policy in the United States Christine Kelleher Palus, Richardson Dilworth, 2016-02-11 The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States If the old adage that all politics is local is even partially true then cities are important centers for political activity and for the delivery of public goods and services U S cities are diverse in terms of their political and economic development demographic makeup governance structures and public policies Yet there are some durable patterns across American cities too Despite differences in governance and or geographic size most cities face similar challenges in the management of public finances the administration of public safety and education And all U S cities have a similar legal status within the federal system This reference guide will help students understand how American cities from old to new have developed over time Part I how the various city governance structures allocate power across city officials and agencies Part II how civic and social forces interact with the organs of city government and organize to win control over these organs and or their policy outputs Part III and what patterns of public goods and services cities produce for their residents Part IV The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text **FEATURES** Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments population growth size of city budgets etc or historical figures e g mayors a bibliographic essay and a detailed index Sidebars are provided throughout and chapters conclude with References Further Readings and Cross References to related chapters as links in the e version This Guide is a valuable reference on the topics in urban politics and policy in the United States The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text
