Retief's War Keith Laumer, 2016-03-24 The twenty seventh century planet of Quopp is a world where Earthmen walk cautiously or not at all The inhabitants are weirdly diabolical creatures possessing spoked wheel limbs and sprouting steel sharp talons Plans are afoot to place these singular beings under a single government friendly to Earth But Jame Retief officer of the distinguished Corps Diplomatique Teresstienne a supra national organization devoted to keeping the peace has discovered that evil forces are undermining the whole scheme Deviously sincere uncompromisingly venal fearlessly cowardly Retief goes to work against mounting planetary intrigue and more than once brings those around him to the brink of nervous collapse

Retief's Ransom Keith Laumer, 2016-02-29 Lumbaga is a planet without known virtues but with some decidedly odd natives For every Lumbagan is simply an arbitrary assortment of semi independent organs inspired by a lust for mayhem But even the most undesirable chunk of galactic real estate attracts its quota of rival overlords and the fiendish Groaci had a scheme for absorbing Lumbaga into their sphere of influence It was working well too until it involved Retief Terran diplomat extraordinary To his powerful intellect the machinations of the Groaci were child s play

The World Shuffler Keith Laumer, 2016-02-29 TWAS BORING IN ARTESIA or so thought Sir Lafayette O Leary ex craftsman from Earth and now seemingly ex interdimensional swashbuckler extraordinaire as well His battles were all won his dragons all slain and life was just the same boring round of riches royal hunts and regatas Boring boring boring until he walked past the azalia Suddenly Artesia was gone and O Leary was trapped in Melange a world of giants and pirates karate chopping hags and electronic flying carpets a world where goons and harlots are the spitting images literally of his own aristocratic Artesian associates And because they think he s his double lots of his new friends want O Leary dead Unless he can get through the

interdimensional gate and find the continuum path back home O Leary's life will never be boring again Just short

Catastrophe Planet Keith Laumer, 2016-04-28 The Earth was in shambles after the final quake had leveled the cities For Mal Irish the last hold on reality was the embossed gold coin he had taken from the pocket of the dead man the man who with his last breath had told him of mastodons buried in ice and men who weren't human Once in possession of the coin Mal found himself on a mysterious quest which led him to discover even stranger things the girl who spoke the language of another world the city under the ocean floor and the deadly little men who followed him He was in the power of something beyond his understanding and he meant to find out its source before it put him to its own unfathomable uses Night of Delusions Keith Laumer, 2016-03-24 It starts out as a weird but seemingly understandable assignment bodyguarding a mad politician whose keepers have decided to let him escape as a sort of reality therapy But to understand the Senator Florin must enter the Machine and reality will never be the same From now on he's a Knight of Delusions *Contemporary Science Fiction Authors* Robert Reginald, 2009-01-01 This bio bibliography of the golden age of the science fiction field includes 308 biographies compiled from questionnaires sent to the authors and chronological lists of 483 writers published works This facsimile reprint of the 1975 edition includes a title index introduction and minor corrections A now classic guide to the major and minor SF writers active in the early 1970s The Ultimax Man Keith Laumer, 2016-02-29 In the next few days you will master the rules and techniques for every activity skill talent sport and art ever mastered by any human being anywhere You will be as expert at clipping flints as at architectural drawing You will be able to juggle walk a tightrope and add the numerals on the sides of passing freight cars as fast as any idiot savant You'll absorb all the information in all the books the human race's entire heritage of knowledge This was only the beginning of the experiment that was to turn a petty thief into the most brilliant and powerful man ever to hold the earth in thrall This was only the first step on the path of conquest mapped out for THE ULTIMAX MAN **Index to Science Fiction Anthologies and Collections** William Contento, 1978
