Retief Of The C D T:

Retief of the CDT Keith Laumer,1985-09-01 Retief an official of the Corps Diplomatique Terrestrienne combats the enemies of outer space with courage and humor Retief of the CDT Keith Laumer,1981-06-02 Retief's Ransom Keith Laumer,2016-02-29 Lumbaga is a planet without known virtues but with some decidedly odd natives For every Lumbagan is simply an arbitrary assortment of semi independent organs inspired by a lust for mayhem But even the most undesirable chunk of galactic real estate attracts its quota of rival overlords and the fiendish Groaci had a scheme for absorbing Lumbaga into their sphere of influence It was working well too until it involved Retief Terran diplomat extraordinary To his powerful intellect the machinations of the Groaci were child s play **Retief's War** Keith Laumer,2016-03-24 The twenty seventh century planet of Quopp is a world where Earthmen walk cautiously or not at all The inhabitants are weirdly diabolical creatures possessing spoked wheel limbs and sprouting steel sharp talons Plans are afoot to place these singular beings under a single government friendly to Earth But Jame Retief officer of the distinguished Corps Diplomatique Teresstienne a supra national organization devoted to keeping the peace has discovered that evil forces are undermining the whole scheme Deviously sincere uncompromisingly venal fearlessly cowardly Retief goes to work against mounting planetary intrigue and more than once brings those around him to the brink of nervous collapse The Ultimax Man Keith Laumer,2016-02-29 In the next few days you will master the rules and techniques for every activity skill talent sport and art ever mastered by any human being anywhere You will be as expert at clipping flints as at architectural drawing You will be able to juggle walk a tightrope and add the numerals on the sides of passing freight cars as fast as any idiot savant You ll absorb all the information in all the books the human race s entire heritage of knowledge This was only the beginning of the experiment that was to turn a petty thief into the mos brilliant and powerful man ever to hold the earth in thrall This was only the first step on the path of conquest mapped out for THE ULTIMAX MAN Catastrophe Planet Keith Laumer,2016-04-28 The Earth was in shambles after the final quake had leveled the cities For Mal Irish the last hold on reality was the embossed gold coin he had taken from the pocket of the dead man the man who with his last breath had told him of mastodons buried in ice and men who weren t human Once in possession of the coin Mal found himself on a mysterious quest which led him to discover even stranger things the girl who spoke the language of another world the city under the ocean floor and the deadly little men who followed him He was in the power of something beyond his understanding and he meant to find out its source before it put him to its own unfathomable uses Night of Delusions Keith Laumer,2016-03-24 It starts out as a weird but seemingly understandable assignment bodyguarding a mad politician whose keepers have decided to let him escape as a sort of reality therapy But to understand the Senator Florin must enter the Machine an reality will never be the same From now on he s a Knight of Delusions *The World Shuffler* Keith Laumer,2016-02-29 TWAS BORING IN ARTESIA or so thought Sir Lafayette O Leary ex craftsman from Earth and now seemingly ex interdimensional swashbuckler extraordinaire as well His

battles were all won his dragons all slain and life was just the same boring round of riches royal hunts and regatas Boring boring boring until he walked past the azalia Suddenly Artesia was gone and O Leary was trapped in Melange a world of giants and pirates karate chopping hags and electronic flying carpets a world where goons and harlots are the spitting images literally of his own aristocratic Artesian associates And because they think he s his double lots of his new friends want O Leary dead Unless he can get through the interdimensional gate and find the continuum path back home O Leary s life will never be boring again Just short **The Other Side of Time** Keith Laumer,2016-02-29 BLINDING LIGHT NOISE BEYOND SOUND A JOURNEY INTO NOTHINGNESS Imperial Intelligence Agent Brion Bayard was catapulted into nothingness by an unknown force and woke to find himself in a universe not his own Surrounded by hulking cannibalistic ape men who called themselves Hagroon Bayard was soon entrapped in a web of time lines He found himself running from the Hagroon into the arms of Dzok the educated monkey man of Xonijeel transported by Dzok to a universe where Napoleon the Fifth was in power and left there to the tender powers of the beautiful witch Olivia struggling with the bonds of a fictitious past always striving to regain his lost universe of Zero zero Stockholm so he could bring the warning which might save his world from sudden violent death **The House in November** Keith Laumer,2016-04-28 Invasion At first the U S army what was left of it thought it was battling a communist invasion The truth was much worse It wasn t until Jeff Mallory awoke one morning to find that all his fellow townsfolk had become sleep walking zombies and that a tower had been erected in the center of town a tower that seemed to stretch to the stars that the horrible truth began to unravel Earth had been invaded not by a race of alien conquerers but by a disease A disease with a brain **Judson's Eden** Keith Laumer,2016-02-29 When Marl Judson fleeing a rapacious government that wanted not just his fabulous wealth but his life crash landed on a uninhabited planet he thought he was marooned without hope of rescue so he prepared himself to live out his remaining years as best he could amidst the planet s weird hallucinogenic flora But head twisting flowers which Judson learned to avoid were only part of the planet s weirdness it was possessed of some sort of field effect which made time play strange tricks temporal anomalies sometimes resulted in cause preceding effect and bizarre compressions and expansions of the normal pace of events In such an environment time had no meaning has Judson lived centuries alone or only decades Or is it years Or all of the above He doesn t quite know but when another ship crashes the strange time effects allow ed him to conduct an experiment aimed at producing a perfect society a veritable Judson s Eden The the Snake arrives in the form of the government that marooned him and the Snake wants Judson s Eden for itself **The Great Time Machine Hoax** Keith Laumer,2016-03-24 Chester W Chester IV inherits a run down mansion and millions in back taxes In order to pay the taxes he initially decides to auction off the mansion and its contents but then he discovers a massive computer the Generalized Nonlinear Extrapolator or Genie that can bring any situation or time to life **The Time Bender** Keith Laumer,2016-03-24 Draftsmen can t fight dragons Then again that s usually no problem they generally don t have to But Lafayette O Leary does When an accidental overdose of self

hypnosis wrenches him out of the dull but safe Mrs MacGlint s Clean Rooms and Board and deposits him in the feudal bedragoned world of Artesia it takes him a little while to catch on even with the attentions of the beautiful Princess Adoranne Then he decides that he likes this new life of his except for the part where he s supposed to get killed *Galactic Odyssey* Keith Laumer,2016-02-29 Billy Danger had gone past hitting the skids now he was freezing to death in a blizzard So he took shelter in a corn silo that turned out to be a disguised alien starship and woke up light years from Earth Nature & Science on the Pacific Coast ,1915 **End as a Hero** Keith Laumer,2016-03-24 Mankind was at war with the hideous Gool and losing Then beyond Ganymead one man fought the searing brain probe of an alien spy and won He mastered the power of its telepathic mind control captured the secret of its matter transmitters and learned how to destroy the Gool Overlords He called intelligence with news of the victory and headed home Straight into a barrage of Terran nuclear warheads Past missiles shells and assassins he made it home alone badly wounded and branded a traitor by conventional Terran wisdom that said no one could survive the Gool brain probe No one that is except a brainwashed puppet deliberately allowed to survive to serve the Goos as a spy But he must survive Earth s attempts to kill him because no matter how much his fellow humans want him dead he knows that he is the only one who can lead them against the Gool and have a chance at victory

The Monitors Keith Laumer,2016-02-29 Even after the set had been turned off the TV blared the announcement Citizens of Earth I am Tersh Jetterax It is my pleasure to announce to you that a new government has taken over the conduct of all public affairs And thus the US was in the hands of the Monitors the strangely polite yellow clad beings whose powers were such that they could render everyone helpless without shedding one drop of blood Who are they The Russians An alien race from another planet **The Galaxy Builder** Keith Laumer,2016-03-24 The world as Lafayette O Leary knew it disappeared in a flash Perhaps it was his own doing after all he had the uncanny gift of creating alternate realities by sheer mental power But the result was a nightmare gone out of control All O Leary wanted was to find his wife and return to the familiar world of Artesia Yet no sooner did he manage to extricate himself from one bizarre situation than he was thrust into another equally threatening There was only one thing to do he had to penetrate the very center of power from which his destiny was being controlled and take it into his own hands **The Stars Must Wait** Keith Laumer,2016-03-24 Awakened from suspended animation aboard his exploration starship John Jackson is shocked to discover that the ship never left Earth and that he has slept a century after a world war Facing a nightmare wilderness inhabited by neo barbarians and sentient tanks Jackson is the only man who can bring the world to its senses **Science Fiction and Fantasy Book Review** Neil Barron,R. Reginald,Robert Reginald,2009-11 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year From the older classics to the newest speculative fiction this was the period when the best and the brightest shined forth their talents SF FBR included

reviews by writers in the field by amateur critics and by litt rateurs and University professors Over a thousand books were covered during the single year of publication many of them having been reviewed no where else before or since The January 1980 issue includes a comprehensive index of all the works featured during the preceding year This reprint will be a welcome addition to the literature of science fiction and fantasy criticism Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own
