Stevens, 2008 Whether you're a regular attendee a leader or have yet to step foot in a church you may have questions about church that aren't being answered How can the church remain relevant while communicating the unchanging integrity of God's truth Author Tim Stevens makes an inspiring case for leveraging pop culture to reach out to people in the language of their lives He offers a new perspective that gives relevance and impact to the church by using pop culture meeting people in the real world with words sounds and images that speak to them He encourages us to get out of our comfort zones and look people in the eyes meeting them wherever they are relating to their problems and society's challenges even celebrating pop culture where there are exciting signs of spiritual seeking *Pop Goes the Church* will open your mind to church in a way that breaks down walls engages the culture and speaks to a generation that needs to hear good news The Divine Commodity

Skye Jethani, 2009-05-26 The challenge facing Christianity today is not a lack of motivation or resources but a failure of imagination A growing number of people are disturbed by the values exhibited by the contemporary church Worship has become entertainment the church has become a shopping mall and God has become a consumable product Many sense that something is wrong but they cannot imagine an alternative way *The Divine Commodity* finally articulates what so many have been feeling and offers hope for the future of a post consumer Christianity Through Scripture history engaging narrative and the inspiring art of Vincent van Gogh *The Divine Commodity* explores spiritual practices that liberate our imaginations to live as Christ's people in a consumer culture opposed to the values of his kingdom Each chapter shows how our formation as consumers has distorted an element of our faith For example the way churches have become corporations and how branding makes us more focused on image than reality It then energizes an alternative vision for those seeking a more meaningful faith Before we can hope to live differently we must have our minds released from consumerism's grip and captivated once again by Christ *Beyond the First Visit* Gary L. McIntosh, 2006-09-01 All churches like to think that theirs is the friendliest in town But do visitors see it that way Church consultant Gary McIntosh invites readers to take a look at their church through the eyes of visitors and potential visitors His starting point grounded in an understanding of God as a welcomer is that

churches should see those who enter their doors as not merely visitors but as guests and themselves as gracious hosts This practical book offers sound advice on assessing and improving the ways in which churches attract people welcome them do follow up and bring them into the church family It also offers suggestions for making a welcoming attitude part of the very fabric of the local church Permission Granted Stan Saunders,2011-05 For most people church is a spectator sport This is one reason why church is so boring and why so many have dropped out A church is a living active organism where every member participates in a highly productive manner Permission Granted encourages every Christ follower to discover and participate in ministries they are designed and gifted to perform Churches need to make the adjustments necessary to liberate and motivate their members to become active participants in ministry There is profound joy in observing people who find needs and fill them and who find hurts and heal them The happiest people are those who are helping others Happy church members build healthy and growing churches Jesus said Go Permission Granted Branded Faith Rajkumar Dixit,2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In Branded Faith Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in Branded Faith a thoughtful presentation of ideas on how to maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society **House Church - Simple, Strategic, Scriptural** Steve Atkerson,2021-07-17 Lead a small church New Testament Church Dynamics is perfect for you Unlike many church growth books we present proven Biblical strategies to grow your church both spiritually and numerically These are not theories cooked up in an ivory tower Our network of churches lives these principles out in multiple cultures and countries around the globe By following Scriptural strategies our unity participation purity community size love and evangelistic fervor have grown dramatically Our joy is helping leaders of small churches follow Christ s model for church practice and planting *Grow Your Church from the Outside In* George Barna,2002-10-02 According to the author America has more unchurched people than the entire populations of all but 11 of the world s 194 nations Based on research among several thousand unchurched people the book discusses their values attitudes beliefs religious practices demographics life goals and spiritual

expectations Using additional research conducted among churches that have had great success in attracting and retaining unchurched people the author also outlines perspectives and effective strategies for churches that wish to reach those who avoid churches Understanding what makes the unchurched tick will give you a better chance of relating to them in meaningful ways

Attract Families to Your Church and Keep Them Coming Back Linda Ranson Jacobs,2014-05-20 To grow and remain vital churches need to attract families But the cultural landscape has changed and any church may have two parent families with children blended families boomerang families adult children of divorce and their families or lack of families single adults whose family is the church grandparents parenting again childless families co habitation families and children with three legal parents What ministries are helpful in attracting and keeping families active and engaged in the life and mission of the church This book will help church pastors and leaders navigate the changing tides in ministry to become the kind of church that families want to attend where the church's dynamic faith invites families who may then bring their friends This means reaching out to all kinds of families some with needs that only a church family can fulfill With practical helps and suggestions for ministries worship small groups and even facilities author and family expert Linda Ranson Jacobs will help you create a welcoming place for everyone

Rev. Mark Driscoll,2009-05-26 This is the story of the birth and growth of Seattle's innovative Mars Hill Church one of America's fastest growing churches located in one of America's toughest mission fields It's also the story of the growth of a pastor the mistakes he's made along the way and God's grace and work in spite of those mistakes Mark Driscoll's emerging missional church took a rocky road from its start in a hot upstairs youth room with gold shag carpet to its current weekly attendance of thousands With engaging humor humility and candor Driscoll shares the failures frustrations and just plain messiness of trying to build a church that is faithful to the gospel of Christ in a highly post Christian culture In the telling he's not afraid to skewer some sacred cows of traditional contemporary and emerging churches Each chapter discusses not only the hard lessons learned but also the principles and practices that worked and that can inform your church's ministry no matter its present size The book includes discussion questions and appendix resources After reading a book like this you can never go back to being an inwardly focused church without a mission Even if you disagree with Mark about some of the things he says you cannot help but be convicted to the inner core about what it means to have a heart for those who don't know Jesus Dan Kimball author The Emerging Church will make you laugh cry and get mad school you shape you and mold you into the right kind of priorities to lead the church in today's messy world Robert Webber Northern Seminary

Breakthrough Ken Braddy,2022-08-16 A church without discipleship is just a gathering It is an important distinction that many pastors and leaders have known for years In leading their churches well pastors have provided a trustworthy

curriculum enlisted gifted teachers and have made sure to offer times for members to gather and fellowship with each other. However, amid all these gatherings, one question kept popping up among leaders: How do we know if what we are doing is working? Over the years, leaders have tried to answer this question with numbers. If people attended these groups and seemed to enjoy the material, then they must be finding success. Ken Braddy, the director of Sunday school for Lifeway Christian Resources, felt that there had to be a better way to measure what matters. In *Breakthrough*, Ken guides leaders to measure their groups by observing if they are discipling each other, if they are caring for others in and outside of their group, and if they are engaging in acts of service. *Breakthrough* offers a new scorecard for leaders to not only track the progress of their groups but measure their success. *Multiplying Missional Leaders* (Mike Breen, 2012) and **Marketing Your Church** (John Considine, 1995) offer pastors and parish councils to develop and evaluate their strategies of marketing of the parish. Helpful practical and common sense wisdom that will increase your visibility. *The (Magic) Kingdom Of God* (Michael L. Budde, 2019-05-20) offers a multidisciplinary analysis of the global culture industries, increasingly powerful centralized corporate conglomerates in television, advertising, marketing, movies, and the like, and their impact on Christian churches in industrialized countries.
