Honest Answers about the Murder of President John F. Kennedy Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject **Reclaiming History** Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission **Reclaiming History** is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense **Exploding the Truth: The JFK, Jr. Assassination** John Koerner, 2018-10-26 **Exploding the Truth** The JFK Jr Assassination presents evidence of a conspiracy to assassinate the only surviving son of President John F Kennedy and considers the motives that many powerful forces had to make sure he never

set foot in the White House Divided into two parts Part One examines the potential motives the Bush family the C I A and perhaps even Israeli intelligence had to eliminate JFK Jr Part Two systematically dismantles the official version of events that JFK Jr crashed his plane due to pilot error and examines both the evidence of a government cover up at the crime scene and the extensive eyewitness reports of an explosion that brought the aircraft down **Adrift on a Sea of Lies** ,2019-09-26

Prock, 2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today's Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions **Undeniable Truths** Ed Souza, 2014-08 Since we forget the implications of the assassination of President John F Kennedy at our peril I welcome and support the recent work of Ed Souza's Undeniable Truths Welcome aboard Mr Souza Mark Lane Author of Rush to Judgment To many the murder of President John F Kennedy was the defining tragedy of the twentieth century To many the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence integrity and dignity To many there are more questions than plausible answers But for one former LA cop private investigator and professor of criminal justice the time has come to put forth the clear and plausible answers too many have craved for too long In Undeniable Truths Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder His approach exposes the lies cover ups and misinformation involved in this case He explores some of the murder's most enduring mysteries Why was President Kennedy really murdered Who really did and did not want Kennedy eliminated Why and how was Oswald chosen as the scapegoat Through the use of time tested police strategies the author puts decades of professional research to the task of solving one of history's most enduring unsolved crimes Final Judgment Michael Collins Piper, 1995 **Confronting Right Wing Extremism and Terrorism in the USA** George Michael, 2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American

politics Jacket See No Evil Jim DeBrosse, 2018-03-29 After more than fifty years of new evidence and new theories the Warren Commission's claim that Lee Harvey Oswald acted alone and without clear motive in assassinating John F Kennedy has become a wheezing jalopy running on missing and broken parts and fueled with lies And yet the U S media continue to support its findings as the only factual explanation for the murder of JFK Why does the media marginalize and even ridicule more plausible conspiracy theories when the majority of American people long ago wrote off the Warren Report as a cover up See No Evil analyzes the built in biases of the U S corporate media exposes its complicity in the whitewashing and advocates for the broadest possible investigation into the key players who may have been responsible for the Crime of the Twentieth Century including the CIA Organized Crime and Israel This book is meant for readers who seek the truth no matter where it leads *The Poison Patriarch* Mark Shaw, 2013-10-01 Focusing for the first time on why attorney general Robert F Kennedy wasn't killed in 1963 instead of on why President John F Kennedy was Mark Shaw offers a stunning and provocative assassination theory that leads directly to the family patriarch Joseph P Kennedy Mining fresh information and more than forty new interviews Shaw weaves a spellbinding narrative involving Mafia don Carlos Marcello Jack Ruby Lee Harvey Oswald's killer Ruby's attorney Melvin Belli and ultimately the Kennedy brothers and their father Shaw addresses these tantalizing questions Why shortly after his brother's death did a grief stricken RFK tell a colleague I thought they would get one of us I thought it would be me Why was Belli an attorney with almost no defense experience but proven ties to the Mafia chosen as Jack Ruby's attorney How does Belli's Mafia connection call into question his legal strategy which ultimately led to the Ruby's first degree murder conviction and death sentence What was Joseph Kennedy's relationship to organized crime And how was his insistence that JFK appoint RFK as attorney general tantamount to signing the president's death warrant For fifty years Shaw maintains researchers investigating the president's murder in Dallas have been looking at the wrong motives and actors *The Poison Patriarch* offers a shocking reassessment one that is sure to alter the course of future assassination debates *Three Barons* James Lateer, 2017-11-16 *The Three Barons* proves that it is possible with enough research to reconstruct the organizational chart of the JFK plot This book provides the first useful in depth analysis of the 120 phone calls by LBJ in the week following the assassination regarding such items as the Civil Rights Act demands made by the military and similar political power plays *The Three Barons* presents the first use of statistical factor analysis to identify the plotters using a database of 30 books and 1500 names and examines the military officers allegedly close to the plot such as NATO Commander Gen Lyman Lemnitzer General Lauris Norstad and JFK's advisor Gen Maxwell Taylor For the first time the National Security Council its structure and its members are scrutinized for their obvious role in the JFK plot More specifically *The Three Barons* explains the role of Treasury Secretary C Douglas Dillon and his father investment banker Clarence Dillon who likely had fascist sympathies This book identifies for the first time why there were three actual barons involved in the plot and why at least three members of the Warren Commission had powerful Nazi connections beginning in

Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissention that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known

about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler s intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler s anti-Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects
