Ethnicity, Nationalism and the European Cold War

Robert Knight, 2012-04-26 This book questions the prevalent assumption that ethnicity and nationalist politics had nothing to do with the Cold War and that far from being frozen until the fall of communism they remained central to the conflict in Europe Leading scholars bring their understanding of particular regions to bear on the wider issue of why ethnic explanations were written out of the discourse and whether this was a failure on the part of Western observers This in turn has led to an overly simple understanding of power flowing downwards from superpower to nation state and from state to society Engaging with key thinkers such as Gaddis Moynihan and Adam Roberts this collection ultimately allows such speculation to be replaced by historical research and bridges the gap between high politics and ethnic concerns

Disputed Territories Stefan Wolff, 2004-01-01 Ethnic conflicts have shaped the 20th century in significant ways While the legacy of the last century is primarily one of many unresolved conflicts the author contends that Western Europe has a track record in containing and settling ethnic conflicts which provides valuable lessons for conflict management elsewhere Focusing on ethno territorial crossborder conflicts in Alsace the Saarland South Tyrol and Northern Ireland Andorra and the New Hebrides the author develops a four dimensional analytical framework that synthesizes the distinct factors that influence the complex relationship between host state kin state actors in the disputed territory and in the international context

The South Tyrol Way Hans Karl Peterlini, 2023-10-11 In lively language Hans Karl Peterlini guides us through the recent history of South Tyrol He illuminates the developments and key events including the fighting in the First World War the option and Italianisation of the country under the fascists the political efforts for autonomy and the bomb attacks Furthermore Peterlini tells the stories of the people of South Tyrol their economies cultural creations and lifestyles their misunderstandings and achievements in reconciliation right up to the present day

A Cold War over Austria Gerald Stourzh, Wolfgang Mueller, 2018-11-12 After World War II Austria was occupied by Soviet American British and French forces This study provides the history of the treaty that was negotiated in order to end this occupation In the Moscow Declaration of

1943 the United States Great Britain and the Soviet Union had declared that Austria should be liberated from Nazi rule and reconstructed as an independent state After the war however this goal was soon overshadowed by security and power considerations and then by the Cold War While the West strove to safeguard Austria s independence from communist expansion the USSR refused to finalize a treaty and to withdraw from its zone in the eastern part of the country In the end it took until 1955 to come to an agreement and receive Soviet consent for a treaty An important Soviet precondition for agreeing to withdraw was Austria becoming a permanently neutral country The roots of Austria s neutrality as traced in this volume were not only linked to Soviet but also to Austrian considerations Based on US Soviet British French German Swiss and Austrian documents the book analyzes the risks pitfalls and blockades that had to be avoided and overcome before Austria could finally regain its independence and be reconstructed

The Ulrich von Hassell Diaries Ulrich von Hassell,2010-08-30 The memoir of a man who was a member of the Nazi Party and ultimately became a martyr to the resistance Ulrich von Hassell began working for the German Foreign Office in 1909 then aged twenty eight Two years later he married Ilse von Tirpitz the daughter of Grand Adm Alfred von Tirpitz After being wounded in the First Battle of the Marne he worked as the admiral s advisor and private secretary Hassell joined the Nazi Party in 1933 but strongly opposed the Anti Comintern Pact 1937 and was sacked by Joachim von Ribbentrop from his posting in Rome After Poland was attacked he led a delegation to allay European fears of further German aggression He participated in plans to overthrow Hitler acting as a liaison between Carl Goerdeler Ludwig Beck and the Kreisau Circle and attempted to recruit Franz Halder Friedrich Fromm and Erwin Rommel to the idea of a military coup followed by a negotiated peace He also used his position on the Central European Economic Council to discuss with Allied officials what could follow a coup d tat in Germany Finally he played the role of a principal civilian advisor in the July Plot of 1944 and was executed after a two day trial Without doubt Ulrich von Hassell was one of the most important members of the German Resistance this is the first complete edition of his wartime memoir with new material from his grandson Agostino von Hassell
