Johnson, 1994-03-01 *American Paintings: A Catalogue of the Collection of The Metropolitan Museum of Art. Vol. 1, Painters Born by 1815*, American Paintings Metropolitan Museum of Art (New York, N.Y.), 1965 American Paintings and Historical Prints from the Middendorf Collection, 1967 *American Paintings in the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.), John Caldwell, Oswaldo Rodriguez Roque, 1980 One of three chronologically arranged catalogues that document the Metropolitan Museum's outstanding collection of American paintings *The American Art-Union* Kimberly A. Orcutt, 2024-08-06 The first comprehensive treatment in seventy years of the American Art Union's remarkable rise and fall For over a decade the New York based American Art Union shaped art creation display and patronage nationwide Boasting as many as 19 000 members from almost every state its meteoric rise and its sudden and spectacular collapse still raise a crucial question Why did such a successful and influential institution fail The American Art Union reveals a sprawling and fascinating account of the country's first nationwide artistic phenomenon creating a shared experience of visual culture art news and criticism and a direct experience with original works For an annual fee of five dollars members of the American Art Union received an engraving after a painting by a notable US artist and the annual publication *Transactions* 1839 49 and later the monthly *Bulletin* 1848 53 Most importantly members names were entered in a drawing for hundreds of original paintings and sculptures by most of the era's best known artists Those artworks were displayed in its immensely popular Free Gallery Unfortunately the experiment was short lived Opposition grew and a cascade of events led to an 1852 court case that proved to be the Art Union's downfall Illuminating the workings of the American art market this study fills a gaping lacuna in the history of nineteenth century US art Kimberly A Orcutt draws from the American Art Union's records as well as in depth contextual research to track the organization's decisive impact that set the direction of the country's paintings sculpture and engravings for well over a decade Forged in cultural crosscurrents of utopianism and skepticism the American Art Union's demise can be traced to its nature as an attempt to create and control the complex system that the early nineteenth century art world represented This study breaks the organization's activities into their major components to offer a structural rather than chronological narrative that follows mounting tensions to their inevitable end The institution was undone not by dramatic outward events or the character of its leadership but by the character of its utopianist plan American Paintings and Sculpture at the Sterling and Francine Clark Art Institute Margaret C.
