Oxford Picture Dictionary Support Materials:

Language and Learning in Multilingual Classrooms Elizabeth Coelho, 2012-06-25 This book is a research based practical guide for educators who work with students whose linguistic and cultural background is different from their own. Illustrated with many practical examples of classroom activities, projects and teaching strategies, the book is also an introduction to immigrant education for school administrators and educational planners in communities or regions that are in the process of developing plans and programs for newcomer students. Although the focus is on first generation immigrant children, many of the recommended approaches and instructional strategies described in this book can be used or adapted for use with second generation children and historical linguistic and cultural minorities such as children from Aboriginal communities in North America or children of Roma background in Europe. *Oxford Picture Dictionary English-Vietnamese Edition: Bilingual Dictionary for Vietnamese-speaking teenage and adult students of English* Jayme Adelson-Goldstein, Norma Shapiro, 2015-08-03 4 000 words and phrases are organized thematically within 163 topics.
