## **Penal Systems A Comparative Approach:**

Penal Systems Michael Cavadino, James Dignan, 2005-10-26 Cavadino and Dignan's *Penal Systems A Comparative Approach* looks across national boundaries to see how penal systems differ and why. It is hands down the most comprehensive and up to date book on the subject and should become a staple textbook for use in law and social science courses on comparative penal policy and practice. Michael H Tonry University of Minnesota. This book is an important addition to the literature on punishment. It is a highly readable and very well researched overview of some of the major differences in punitiveness between neo liberal corporatist and social democratic countries. This is a major contribution to comparative penology by two of the leading authors in this field. Alison Liebling Director of the Prisons Research Centre UK. A major and seminal work. David Downes Professor Emeritus at the London School of Economics. *Penal Systems A Comparative Approach* is a comprehensive and original introduction to the comparative study of punishment. Analysing twelve countries Cavadino and Dignan offer an integrated and theoretically rigorous approach to comparative penology. They draw upon material provided by a team of eminent penologists to produce an important and highly readable contribution to scholarship in this area. Early chapters introduce the reader to comparative penology set out the theoretical framework and consider whether there is currently a global penal crisis. Each country is then discussed in turn. Chapters on comparative youth justice and the privatization of prisons follow. Comparisons between countries are drawn within each chapter giving the reader a synoptic and truly comparative vision of penality in different jurisdictions.

**Penal Exceptionalism?** Thomas Ugelvik, Jane Dullum, 2011-07-29 In the growing field of comparative criminal justice the Nordic countries are regularly used as exceptions to the global move towards growing rates of imprisonment and tougher less welfare oriented crime control policies. Why are the Nordic penal institutions viewed as so different from a non Nordic vantage point? Are Nordic prisons and penal policies in fact positive exceptions to the general rule? If they are what exactly are the exceptional qualities and why are the Nordic societies lucky enough to have them? Are there important overlooked examples of Nordic bad practice in the penal area? Could there be a specifically Nordic way of doing prison research contributing to the gap between internal and external perspectives? In considering among others the above questions this book explores and discusses the Nordic jurisdictions as contexts for the specific penal policies and practices that may or may not be described as exceptional. Written by leading prison scholars from the Nordic countries as well as selected researchers from the English speaking world looking in this book will be particularly useful for students of criminology and practitioners across the Nordic countries but also of relevance in a wider geographical context.

**Contrasts in Punishment** John Pratt, Anna Eriksson, 2014-06-03 Why do some modern societies punish their offenders differently to others Why are some more punitive and others more tolerant in their approach to offending and how can these differences be explained Based on extensive historical analysis and fieldwork in the penal systems of England Australia and New Zealand on the one hand and Finland Norway and Sweden on the other this book seeks to answer these questions The book argues that the penal differences that currently exist between these two clusters of societies emanate from their early nineteenth century social arrangements when the Anglophone societies were dominated by exclusionary value systems that contrasted with the more inclusionary values of the Nordic countries The development of their penal programmes over this two hundred year period including the much earlier demise of the death penalty in the Nordic countries and significant differences between the respective prison rates and prison conditions of the two clusters reflects the continuing influence of these values Indeed in the early 21st century these differences have become even more pronounced John Pratt and Anna Eriksson offer a unique contribution to this topic of growing importance comparative

research in the history and sociology of punishment This book will be of interest to those studying criminology sociology punishment prison and penal policy as well as professionals working in prisons or in the area of penal policy across the six societies that feature in the book

**The Political Economy of Punishment Today** Dario Melossi,Máximo Sozzo,José Brandariz García,2017-11-03 Over the last fifteen years the analytical field of punishment and society has witnessed an increase of research developing the connection between economic processes and the evolution of penalty from different standpoints focusing particularly on the increase of rates of incarceration in relation to the transformations of neoliberal capitalism Bringing together leading researchers from diverse geographical contexts this book reframes the theoretical field of the political economy of punishment analysing penalty within the current economic situation and connecting contemporary penal changes with political and cultural processes It challenges the traditional and common sense understanding of imprisonment as exclusion and posits a more promising concept of imprisonment as a differential or subordinate form of inclusion This groundbreaking book will be a key text for scholars who are working in the field of punishment and society as well as reaching a broader audience within law sociology economics criminology and criminal justice studies

*Rethinking Punishment in the Era of Mass Incarceration* Chris Surprenant,2017-07-06 One of the most important problems faced by the United States is addressing its broken criminal justice system This collection of essays offers a thorough examination of incarceration as a form of punishment In addition to focusing on the philosophical aspects related to punishment the volume s diverse group of contributors provides additional background in criminology economics law and sociology to help contextualize the philosophical issues The first group of essays addresses whether or not our current institutions connected with punishment and incarceration are justified in a liberal society The next set of chapters explores the negative effects of incarceration as a form of punishment including its impact on children and families The volume then describes how we arrived at our current situation in the United States focusing on questions related to how we view prisons and prisoners policing for profit and the motivations of prosecutors in trying to secure convictions Finally *Rethinking Punishment in the Era of Mass Incarceration* examines specific policy alternatives that might offer solutions to our current approach to punishment and incarceration

**Context** Mikkel Jarle Christensen, Kjersti Lohne, Magnus Hörnqvist, 2022-10-18 This book critically investigates Nordic criminal justice as a global role model. Not taking this role for granted, the chapters of the book analyze how Nordic approaches to criminal justice were folded into global contexts and how patterns of promotion were built around perceptions that these approaches also had a particular value for other criminal justice systems. Specific actors both internal and external to the region itself have branded Nordic criminal justice as a form of penal exceptionalism associated with human rights, universalistic welfare, and social cohesion. The book shows how building and using the brand of Nordic criminal justice allowed stakeholders to champion specific forms of crime control across a variety of criminal justice areas in both domestic and international settings. The book will be of interest to scholars and students of criminal justice, international law, and justice, Nordic and Scandinavian studies, and more widely to the social sciences and humanities.
