The Great Transition Ann Frazier West Ed.D., 2014-01-31. Have you ever wondered if it is possible to stay in touch with your loved ones and share their journey in the afterlife? What happens after death is far too important for us to rely on hand-me-down teachings. We need the authority of first-hand experience. This is what Ann West provides in her moving narrative of her remarkable attempt to continue her friendship with three extraordinary women for many years after their deaths. As we join her on her excursions, we learn about lifestyle and real estate options on the Other Side, the anatomy of subtle bodies, and how the law of attraction applies in all realities. She describes her personal journey, including her discovery of the consequences of bleedthroughs from past or parallel lives, with candor and humility. She draws on the theory and practice of esoteric orders but comes to understand that the heart of the matter is very simple: we can dream with the deceased and in dreaming we travel to the realms where they are at home. *The Great Transition* confirms that there is life beyond life and that learning and creative evolution never cease.

ROBERT MOSS, author of *Conscious Dreaming*, *Dreamgates*, and *The Boy Who Died and Came Back*. This book will take you on a very unusual journey with warmth, wit, and wonder. Dr. West describes in vivid detail life in the next world as revealed in her own dreams and intriguing visions. Anyone seeking to gain a synthesis of the after-death experience will find value, insight, and I dare say, inspiration in this deeply researched and intriguingly written text.

REVEREND LEROY E. ZEMKE, author of *Thoughts for Transformation*. Inspired by three remarkable women in her life, Ann invites you to embark upon an incredible journey with her to continue relationships with loved ones as they make the great transition to the Other Side of life. Ann shares her personal experiences of contact with other dimensions, the afterlife, to help you discover new and less painful ways to approach the loss of loved ones in your

life It is comforting to know that the connection is still there and that our goodbyes do not have to be permanent Because of an increase in reports of the phenomenon of near death experiences NDEs great interest in the evidence of an afterlife has arisen igniting a growing trend of research on the topic In this book Ann captivantly reveals past research as well as current scientific research about our contact with the afterlife dimensions *What Casanova Told Me* Susan

Swan,2010-05-21 *What Casanova Told Me* links two women s journeys across two centuries through a long lost journal On her way to the Mediterranean Luce Adams doesn t expect her life to be much affected by her travels let alone drastically altered She s heading to a memorial service for her mother Kitty who died two years earlier in a car accident on Crete while she was researching Minoan culture Shy and awkward Luce has never been able to handle her mother s adoring circle of academics and goddess worshippers or her mother s lover Lee Pronski who talked Luce into going on the trip Following Lee s itinerary through Italy and Greece on the way to Crete hitting all of Kitty Adams s favourite places only serves to remind Luce of how far she was from the centre of her mother s life Despite the efforts of Kitty s old friends it s an emotional distance that no number of healing rites or goddess figurines can help Luce overcome The only part of the journey that holds Luce s interest is her role as a courier delivering a package of old family papers to a museum in Venice The eighteenth century documents a travel journal kept by Luce s ancestor Asked For Adams a manuscript written in what appears to be Arabic and some precious letters written by Casanova had been discovered in the family s cottage on the St Lawrence and were recently authenticated by a Harvard expert Luce an archivist was the natural person to entrust with their safe delivery And as she discovers upon cracking open Asked For s journal Luce is also the one person who truly needs to read the young Puritan s story not only to get to the bottom of what happened to her ancestor who disappeared one night in Venice but also so she can begin to understand what it means to lead a passionate life Luce s reading mirrors our own as the journal and letters are woven into the novel and give life to the second narrative of *What Casanova Told Me* In 1797 Asked For Adams travels to Venice with her father and her intended husband the stiff and unimaginative Francis Gooch on a trade mission Arriving at night by public barge Asked For is intrigued by the eccentrics they encounter on board especially a ridiculously wigged old woman named Countess Flora Waldstein But the charming countess is in fact Giacomo Casanova disguised to avoid the authorities and when the two meet up again at Venice s historic belltower their destinies begin to intertwine Upon the unexpected death of her father Asked For abandons Francis and accepts Casanova s invitation to join him on a romantic quest to Constantinople Her travel journal kept in the style of the French novels that she so admires tells the rich and exotic tale of their search for great love Using Asked For s journal as a guide Luce travels through Venice Greece and Turkey and begins to see how she can seize experience and come to terms with her mother s love for her and for Lee And as the journeys of the two women converge Luce finds her own way of moving through the world Asked For learns what it means to live an ideal life and both discover the brilliance passion and generous spirit of the great Casanova *What Casanova Told Me* has
