Penguin Atlas Of World History From Prehistory To The Eve Of The French Revolution:

Penguin Atlas of World History, Volume 1 Hermann Kinder,1974 *The Super Summary of World History Revised* Alan Dale Daniel BA MBA JD,2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn't just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence *The History of the World in Bite-Sized Chunks* Emma Marriott,2012-09-20 Here's your chance to introduce yourself to the full spectrum of world history
