**Post/modern Dracula** John S. Bak, 2009-03-26 Post modern Dracula explores the postmodern in Bram Stoker's Victorian novel and the Victorian in Francis Ford Coppola's postmodern film to demonstrate how the century that separates the two artists binds them more than it divides them What are the postmodern elements of Stoker's novel Where are the Victorian traits in Coppola's film Is there a postmodern gloss on those Victorian traits And can there be a Victorian directive behind postmodernism in general The nine essays compiled in this collection address these and other relevant questions per the novel and the film at three distinct periods post modern Victorianism post modernism and finally postmodernism Part I on post modernist issues in Stoker's novel establishes the link between Victorian themes and postmodern praxes that begins with colonialist concerns and ends with poststructuralist signification Part II looks at the post modernist traits in Stoker's Dracula those obviously influenced by modernism but also with the help of the novel's plasticity vis vis the media over the last century by postmodernism Part III examines more closely the novel's postmodern characteristics particularly with respect to Coppola's 1992 film Bram Stoker's Dracula Dracula defies time and promises to undermine any critical study of it that precisely tries to situate it within a given epoch including a postmodernist one Given its relationship to late capitalist economy to post Marxist politics and to commodity culture and given its universal appeal to human fears and anxieties fetishes and fantasies lusts and desires Stoker's novel will forever

remain post modern always haunting our future as it has repeatedly done so our past Though scholars of Dracula and Gothic literature in general will find some of the essays innovative and engaging per today s literary criticism the book is also intended for both an informed general reader and a novice student of the novel and of the film As such a few essays are highly specialized in postmodern theory whereas others are more centered around the sociohistorical context of the novel and film and use various postmodern theories as inroads into the novel s or the film s study      **Transplantation Gothic**

Sara Wasson,2020-10-13 Transplantation Gothic is a shadow cultural history of transplantation as mediated through medical writing science fiction life writing and visual arts in a Gothic mode from the nineteenth century to the present The works explore the experience of donor suppliers recipients and practitioners and simultaneously express transfer related suffering and are complicit in its erasure Examining texts from Europe North America and India the book resists exoticising predatorial tissue economies and considers fantasies of harvest as both product and symbol of structural ruination under neoliberal capitalism In their efforts to articulate bioengineered hybridity these works are not only anxious but speculative The book will be of interest to academics and students researching Gothic studies science fiction critical medical humanities and cultural studies of transplantation      **Gothic Things** Jeffrey Andrew Weinstock,2023-07-04 SHORTLISTED THE ALLAN LLOYD SMITH PRIZE FOR BEST MONOGRAPH Offering an innovative approach to the Gothic Gothic Things Dark

Enchantment and Anthropocene Anxiety breaks ground with a new materialist analysis of the genre highlighting the ways that since its origins in the eighteenth century the Gothic has been intensely focused on ominous matter and thing power In chapters attending to gothic bodies spaces books and other objects Gothic Things argues that the Gothic has always been about what happens when objects assume mysterious animacy or potency and when human beings are reduced to the status of just one thing among many more powerful others In exploring how the Gothic insistently decenters the human Jeffrey Andrew Weinstock reveals human beings to be enmeshed in networks of human and nonhuman forces mostly outside of their control Gothic Things thus resituates the Gothic as the uncanny doppelgänger of twenty first century critical and cultural theory lurking just beneath the surface and sometimes explicitly surfacing as it haunts considerations of how human beings interact with objects and their environment In these pages the Gothic offers a dark reflection of the contemporary nonhuman turn expressing a twenty first century structure of feeling undergirded by anxiety over the fate of the human spectrality monstrosity and apocalypse Substituting horror for hope the Gothic Weinstock explains has been a philosophical meditation on human relations to the nonhuman since its inception raising significant questions about how we can counter anthropocentric thought in our quest to live more harmoniously with the world around us      **Lesbian Gothic** Paulina

Palmer,1999 Tracing the growth of lesbian Gothic fiction over the 25 years since the advent of the Women s Movement and Gay Liberation in the 1970s this text discusses a wide selection of novels and stories contextualizing and re evaluating them in the light of changing currents in lesbian queer culture and politics The figure of the lesbian frequently portrayed in a

homophobic misogynistic light has long been a standard component of popular Gothic fiction and film The author argues however that in more contemporary fiction motifs and modes of fiction with Gothic associations such as the witch the vampire the spectral visitor and the Gothic thriller have been appropriated by writers adopting a lesbian viewpoint to articulate the transgressive aspect of lesbian sexuality and existence

Contemporary Italian Women Writers and Traces of the Fantastic Danielle Hipkins,2017-12-02 Contemporary fantastic fiction particularly that written by women often challenges traditional literary practice At the same time the predominantly male authored canon of fantastic literature offers a problematic range of gender stereotypes for female authors to re write Fantastic tropes of space in particular enable three important contemporary Italian female writers Paola Capriolo b 1962 Francesca Duranti b 1935 and Rossana Ombres b 1931 to encounter and counter anxieties about writing from the female subject All three writers begin by exploring the hermetic fantastic space of enclosure with a critical or troubled eye but eventually opt for wider national and often international spaces in which only a fantastic trace remains This shift mirrors their own increasingly confident distance from male authored literary models and demonstrates the creative input that these writers bring to the literary canon by redefining its generic boundaries

**Blood Obsession** Jörg Waltje,2005 What is it about vampires that fascinates the human imagination Blood Obsession closely scrutinizes theories of Sigmund Freud and Tzvetan Todorov and arrives at a model of the vampire as the perfect representative of genre for a variety of reasons the vampire figure appeals to its audience because of an interdependency of looplike mental and narrative structures that lure both reader and writer incessantly back to the genre At the same time this book provides the reader with a thorough survey of literary and filmic vampires in both adult and juvenile fictions Lastly it blends the realms of legal and literary history by highlighting the changes the image of the serial killer a close relative of the vampire underwent at the end of the twentieth century Blood Obsession is a highly enlightening study for the general reader as well as for students of film literature and popular culture

Walker,2008-01-01 An Open Access edition of this book is available on the Liverpool University Press website and through Knowledge Unlatched Prominent citizens in nineteenth century England believed themselves to be living in a time of unstoppable progress Yet running just beneath Victorian triumphalism were strong undercurrents of chaos and uncertainty Richard Walker plumbs the depths of those currents in order to present an alternative history of nineteenth century society Mining literary and philosophical works of the period Walker explores the crisis of identity that beset nineteenth century thinkers and how that crisis revealed itself in portrayals of addiction split personalities and religious mania Victorian England will never look the same
