Wetzel, Erika Heitmeyer, 2013 Geistliche Lieder und Psalmen 1567 was compiled and published by Johann Leisentrit a Roman Catholic priest who from 1559 to the time of his death in 1586 was Dean at the Cathedral of St Peter's in Bautzen a town in southeastern Germany His hymnbook appeared in three complete editions 1567 1573 1584 and in abridged editions in 1575 1576 and 1589 By adapting the vernacular hymn a genre created by Protestant reformers Leisentrit hoped to bring back to the true church wahrgläubiger Christlicher Kirchen those who had defected to Lutheranism This was a formidable ambition because his diocese was located adjacent to the Moravian Bohemian regions where the Protestant movement was born and remained vital Containing approximately 260 texts set to 175 notated melodies many borrowed from Protestant sources and adapted to serve Roman Catholic objectives Leisentrit's book was the second Catholic hymnbook to be published in the sixteenth century It surpassed its Protestant and Catholic precursors in scope and provided a model for the profusion of hymnbooks of numerous confessions that appeared in Germany in the seventeenth and eighteenth centuries Wetzel and Heitmeyer present their study in two parts The first comprises six contextual chapters that survey earlier German

achievements in hymnody provide analyses of the texts and music in Leisentrit's book and assess his achievement within the volatile environment of the Counter Reformation. The second gives the melodies in modern notation along with the first stanzas of the texts, provides detailed concordances and references to sources that identify textual and musical provenances and concludes with six appendixes to facilitate scholarly cross references. Fourteen of the seventy wood engravings from Leisentrit's book, many of which are visual representations of the prevailing confessional conflicts, are given in enlarged reproductions. The authors provide the only comprehensive study in English of a unique religious figure and his efforts to achieve confessional reconciliation in the decades following the Council of Trent. They add to a more accurate interpretation of the relationship between Lutherans and Catholics in the sixteenth century and support the hypothesis that some Lutherans remained more liturgically formal than their Catholic contemporaries.

The Princeton Encyclopedia of Poetry and Poetics Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, 2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty-first century. Now this landmark work has been thoroughly revised and updated for the twenty-first century. Compiled by an entirely new team of editors, the fourth edition, the first new edition in almost twenty years, reflects recent changes in literary and cultural studies, providing up-to-date coverage and giving greater attention to the international aspects of poetry, all while preserving the best of the previous volumes. At well over a million words and more than 1,000 entries, the Encyclopedia has unparalleled breadth and depth. Entries range in length from brief paragraphs to major essays of 15,000 words, offering a more thorough treatment, including expert synthesis and indispensable bibliographies, than conventional handbooks or dictionaries. Thoroughly revised and updated by a new editorial team for twenty-first-century students, scholars, and poets, more than 250 new entries cover recent terms, movements, and related topics. Broader international coverage includes articles on the poetries of more than 110 nations, regions, and languages. Expanded coverage of poetries of the non-Western and developing worlds. Updated bibliographies and cross references. New, easier-to-use page design. Fully indexed for the first time.

The Complete Songs of Hugo Wolf Richard Stokes, 2021-10-08 The Complete Songs of Hugo Wolf gathers together for the first time every poem Wolf set to music. Alongside the original German texts are translations by leading Lieder expert Richard Stokes, who also provides illuminating commentary. The 36 poems set by Wolf are each given their own chapter; a brief essay on the poet is followed by a note on Wolf's connection with the writer, extracts from letters that throw light on the songs and convey his mood at the time of composition, and the texts and translations. Short biographies of all Wolf's correspondents flesh out the extraordinary life of this genius. This will be an indispensable volume for all lovers of Lieder.
