**Ice Bear** Michael Engelhard, 2016-11-01 Prime Arctic predator and nomad of the sea ice and tundra the polar bear endures as a source of wonder terror and fascination Humans have seen it as spirit guide and fanged enemy as trade good and moral metaphor as food source and symbol of ecological crisis Eight thousand years of artifacts attest to its charisma and to the fraught relationships between our two species In the White Bear we acknowledge the magic of wildness it is both genuinely itself and a screen for our imagination Ice Bear traces and illuminates this intertwined history From Inuit shamans to Jean Harlow lounging on a bearskin rug from the cubs trained to pull sleds toward the North Pole to cuddly superstar Knut it all comes to life in these pages With meticulous research and more than 160 illustrations the author brings into focus this powerful and elusive animal Doing so he delves into the stories we tell about Nature and about ourselves hoping for a future in which such tales still matter
