Pensar Este Tiempo:

Pensar este tiempo Leonor Arfuch,2005 **Pensar este tiempo** ,2016 **Cvltvra** ,1922 El menú cívico Germán Brusco,2024-08-26 La educación moral del ciudadano fue uno de los principales objetivos políticos pedagógicos de la escuela argentina La educación para la vida en el Estado nació y supuso la inculcación de un conjunto de disposiciones normas valores lealtades saberes y sentimientos que la escuela se encargó de desarrollar como parte de la conformación de la ciudadanía Para lograr ese objetivo la escuela se valió de materias como historia geografía o formación cívica además de los rituales escolares de celebración de la argentinitud La Ley Federal de Educación propuso una profunda reforma curricular que alcanzó también los contenidos para formar al ciudadano Precisamente este libro propone un estudio de las continuidades y rupturas que el sistema educativo produjo sobre los discursos y las prácticas escolares destinadas a conformar la conciencia moral del ciudadano Estas transformaciones se analizan a contraluz de los procesos sociales y políticos de las últimas décadas del siglo XX cuando la arremetida del neoliberalismo y la globalización modificaron las formas de hablar de la ciudadanía y los modos de ubicarse en la sociedad

Mexico and the Post-2015 Development Agenda Rebecka Villanueva Ulfgard,2017-03-03
This book explores how and why Mexico's approach to the 2030 Agenda for Sustainable Development and Sustainable Development Goals SDG implementation with the López Obrador administration is unsustainable and non-transformative overshadowed by his vision of Mexico's Fourth Transformation Approached as a super mantra revolving around Republican Austerity and First the poor it provides original analysis of structural and conjunctural challenges facing Mexico as regards People Planet and Peace centered development The book reveals the promise First the poor is inconsistent with data on Mexico's poverty reduction SDG1 Despite record high spending on social programs and unmatched coverage the recent

tendency of improvement in tackling poverty is rather ambiguous from the perspective of multidimensional poverty The book covers access to clean energy SDG7 resilient infrastructure and sustainable industrialization SDG9 and safeguarding biodiversity SDG15 by examining three megaproject case studies the oil refinery Dos Bocas the Interceanic Corridor of the Isthmus of Tehuantepec and the Maya Train generating concern with the economic environmental and social dimensions of sustainable development The prospects for an enabling environment for SDG implementation are hampered by persistently high levels of homicides and impunity SDG16 Turning Mexico s Armed Forces into first development partner of choice is problematized as regards their reach in infrastructure megaprojects and social welfare programs in the overall context of the de risking state favoring private capital The result as determined by Villanueva Ulgard has led Mexico further astray from sustainable and transformative development

Memory and Autobiography

Leonor Arfuch,2020-08-04 This book by one of Latin America s leading cultural theorists examines the place of the subject and the role of biographical and autobiographical genres in contemporary culture Arfuch argues that the on going proliferation of private and intimate stories what she calls the biographical space can be seen as symptomatic of the impersonalizing dynamics of contemporary times Autobiographical genres however harbour an intersubjective dimension The I who speaks wants to be heard by another and the other who listens discovers in autobiography possible points of identification Autobiographical genres including those that border on fiction therefore become spaces in which the singularity of experience opens onto the collective and its historicity in ways that allow us to reflect on the ethical political and aesthetic dimensions not only of self representation but also of life itself Opening up debate through juxtaposition and dialogue Arfuch s own poetic writing moves freely from the Holocaust to Argentina s last dictatorship and its traumatic memories and then to the troubled borderlands between Mexico and the United States to show how artists rescue shards of memory that would

otherwise be relegated to the dustbin of history In so doing she makes us see not only how challenging it is to represent past traumas and violence but also how vitally necessary it is to do so as a political strategy for combating the tides of forgetting and for finding ways of being in common *The Routledge Handbook of Violence in Latin American Literature* Pablo

Baisotti,2022-02-28 This Handbook brings together essays from an impressive group of well established and emerging scholars from all around the world to show the many different types of violence that have plagued Latin America since the pre Colombian era and how each has been seen and characterized in literature and other cultural mediums ever since This ambitious collection analyzes texts from some of the region s most tumultuous time periods beginning with early violence that was predominately tribal and ideological in nature to colonial and decolonial violence between colonizers and the native population through to the political violence we have seen in the postmodern period marked by dictatorship guerrilla warfare neoliberalism as well as representations of violence caused by drug trafficking and migration The volume provides readers with literary examples from across the centuries showing not only how widespread the violence has been but crucially how it has shaped the region and evolved over time *Territorialising Space in Latin America* Michael K. McCall,Andrew Boni

Noguez,Brian Napoletano,Tyanif Rico-Rodríguez,2021-11-19 The vision of this book is to bring together examples of grounded geographic research carried out in Latin America regarding territorial processes These encompass a range of histories processes strategies and mechanisms with case studies from ten countries and many regions struggles to reclaim indigenous lands conflicts over land resource environmental services competing land claims urban territorial identities state power strategies commercial involvements and others The case studies included in the book represent a wide diversity of theoretical and methodological framings currently deployed in Latin America to help interpret the patterns and processes through the conceptual lenses of territory territoriality and territorialization Interrogating the meanings of territory introduces multiple spatial socio cultural and political concepts including space place and landscape power control and governance and identity and gender **Culturas del cuidado en transición** Cristina Vega Solís,2009 La cultura del cuidado basada en la obligaci n el sacrificio y la disponibilidad constante de las mujeres en las familias ha entrado en una crisis irreversible Para comprender la organizaci n social de los cuidados en transici n es preciso analizar las culturas del cuidado en sus interacciones y contradicciones

Patrimonio cultural urbano. Práctica y construcción de bienes comunes en la Ciudad de México Cecilia Barraza Gómez, 2025-02-18 La presente obra aborda la relación que guardan las políticas urbanas referidas al patrimonio cultural de la Ciudad de México y las acciones colectivas que grupos colectivos e individuos enarbolan en defensa de lo propio. Desde una perspectiva histórica se revisan los procesos sociales políticos y urbanos que a lo largo del siglo XX y en particular a partir de la crisis de los años ochenta ocurrieron para reconfigurar el papel del Estado Nacional como garante del patrimonio nacional. La apertura a la vida democrática y la irrupción del estado en su fase neoliberal dio paso al surgimiento de variadas iniciativas ciudadanas interesadas en defender y cuidar patrimonios de escala local bajo visiones ontológicas referidas a la diversidad cultural y el intercambio. Desde una visión antropológica en la obra se analizan dos sitios que poseen patrimonios de gran valor para la ciudad de México la zona lacustre de Xochimilco y la Colonia Roma Campesinos chinamperos y habitantes de la ciudad central despliegan múltiples y complejas prácticas para defender y sostener territorios, recursos inmuebles y prácticas modos de vida y económicas cada sector lo hace desde su particular situación urbana saber alcance y capacidad. El patrimonio en el contexto de la ciudad contemporánea adquiere una función combativa con relación a los modos de planeación y ordenamiento urbano. Patrimonio cultural urbano Práctica y construcción de bienes comunes en la Ciudad de México es una obra que busca abrir una perspectiva crítica al estudio del patrimonio cultural urbano.

Sobre la vivencia de amor en la posmodernidad Ricardo Trujillo Correa, 2025-02-17 Antes de continuar con la lectura de esta propuesta cabe hacer una advertencia. Este trabajo pretende bordear la experiencia extraordinaria de amor acontecida a un ser que se manifiesta en la articulación del lenguaje como ser que ama no como retórica sino como acto coreográfico como el gesto del cuerpo sorprendido en acción Barthes 1977 Para esto el camino elegido en este texto tuvo que hacerse de forma crítica a la psicología con perspectiva biológica individualista experimentalista y/o de la salud Y por lo mismo se trabajan argumentos desde la filosofía a la sociología a la literatura Esta apertura permite abordar con otra perspectiva el tema del Amor no desde el saber

del investigador sino desde el suceso investigado mismo Mi formaci n fue como psic logo pero en la disciplina hay preguntas todav a inexploradas que el Amor como fen meno complejo planteaba por lo tanto me vi forzado a territorio desconocido para la comprensi n de un fen meno apasionante que fue lo que me ocurri en un primer momento con la lectura de libros como Amor y Occidente de Rougemont 1957 o Amor y Mundo de Xirau 1940 Esto quiere decir dos cosas la primera es que no todo psic logo tendr los conocimientos de autores como Heidegger Barthes Ricoeur Bataille Lacan Allouch Ort z Oses entre muchos otros Por tanto no es un libro asequible de primer momento para un psic logo o p blico en general Fue mi caso que ingres a estos conceptos desde la duda y el desconocimiento lo que me permiti abrir un horizonte de reflexi n a este tema Por tanto no se seguir la perspectiva del experto que habla del amor sino desde aquel que ama y para ello se requiere un m todo particular que investigue la vida cotidiana Compete entonces esta discusi n a toda persona que habite en el mundo occidental contempor neo Desde aqu ya es elecci n de lector de continuar todos los hilos de reflexi n que aqu se expongan que por supuesto no se agotan

Ser persona: diversas perspectivas Hilda Ana María Patiño Domínguez, María Isabel Teresita del Niño Jesús Sevilla Zapata, 2017-06-28 Esta obra colectiva busca desde el di logo enriquecer y profundizar en la tarea sin fin que es reflexionar y buscar respuestas a lo que se entiende sobre la condici n humana es decir sobre ser persona Este di logo se da desde la perspectiva biol gica la psicol gica la filos fica y la teol gica
