Altogether she received some 700 revelations dealing with subjects ranging from meditations on the human condition, domestic affairs in Sweden, and ecclesiastical matters in Rome to revelations in praise of the Incarnation and devotion to the Virgin. Her Revelations, collected and ordered by her confessors, circulated widely throughout Europe and long after her death. Many eminent individuals, including Cardinal Juan Torquemada, Jean Gerson, and Martin Luther, read and commented on her writings, which influenced the spiritual lives of countless individuals. Birgitta was also the founder of a new monastic order, which still exists today. She is the patron saint of Sweden, and in 2000 was declared, with Catherine of Siena and Edith Stein, co-patroness of Europe. Birgitta's Revelations present her as a commanding and dauntless visionary who develops a contemplative mysticism that is always interwoven with social

engagement and a commitment to the salvation of the world The varied styles of her revelations are dominated by frequent juxtapositions of memorable images and allegories that illustrate her fierce and fertile imagination her sharp powers of observation and understanding and her passionate and receptive storytelling powers This fourth and final volume of the translation of the Revelations of St Birgitta of Sweden comprises The Heavenly Emperor s Book to Kings The Rule and Minor Works While the complete collection of Birgitta s books called Liber caelestis ends with Books VII the eighth book also referred to as The Heavenly Emperor s Book to Kings was added after her death It was compiled by Alfonso of Ja n and is prefaced by his own treatise titled The Hermit s Letter to Kings which examines the ways in which revelations are tested and proven to be true visions conferred by the Holy Spirit This volume also contains the Birgittine Rule the Matins readings intended for the nuns four prayers and a collection of scattered revelations that lie on the periphery of the main corpus of texts The translation is based on the recently completed critical edition of the Latin text and promises to be the standard English translation of the Revelations for years to come [Catalogue of books in the lending library. 2nd 10,000](#) Edinburgh publ. libr,1891 **Geography of Time, Place, Movement and Networks, Volume 4** Stanley D. Apostle Sharon Loving Ruff shares an amazing journey in her quest for a greater anointing from the Lord for spiritual warfare After years of being used in the deliverance ministry she encountered individuals who didn't receive the fullness of relief they desired Being one who had suffered torments from demonic attacks from childhood her heart cried out for their plight One day she decided to experiment with a warfare strategy recorded in Ezekiel 4 in the Bible The results she sought did not manifest so she lost interest in that approach Years later the Holy Spirit whispered Enemies are all around you Shortly afterwards she received a visit from an Angel of the Lord In a voluminous voice he said Declare war against the enemies of the Cross attacking you and the works of your hands Little did she know that the manner in which she followed those instructions wasn't sufficient to protect the works of her hands or her from the spiritual enemies that the Holy Spirit had told her were surrounding her This truth was revealed about four months later when the Angel of the Lord made his second visit This time his visitation brought a message that was a strong rebuke Her book chronicles her experiences manifested changes in her life and members of her church and ends with an amazing breakthrough She invites others to seek the Lord for permission to use His declaration of warfare prayer delivered by the Angel of the Lord on his third visit The Pioneers: Second Book of Proverbs and Social Commentary in and of the Songs

Kierkegaard,2017-05-09 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was

an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 9 of this 11 volume series includes five of Kierkegaard's important NB journals Journals NB26 through NB30 which span from June 1852 to August 1854 This period was marked by Kierkegaard's increasing preoccupation with what he saw as an unbridgeable gulf in Christianity between the absolute ideal of the religion of the New Testament and the official state sanctioned culture of Christendom which embodied by the Danish People's Church Kierkegaard rejected with increasing vehemence Crucially Kierkegaard's nemesis Bishop Jakob Peter Mynster died during this period and in the months following Kierkegaard can be seen moving inexorably toward the famous attack on Christendom with which he ended his life
