People Legends In Life And Art:

People Roloff Beny,1995 *Blood and Thunder: The Life and Art of Robert E. Howard* Mark Finn,2013-07-17 Updated and expanded version of the 2006 MonkeyBrain Press release this expanded edition is the author s director s cut of the popular biography of Texas writer and creator of Conan the Cimmerian Robert E Howard Bulletin of the Worcester Art Museum Worcester Art Museum,1916 **Legends and Life in Texas** Kenneth L. Untiedt,2017-12-15 There is sometimes a fine line between history and folklore This Publication of the Texas Folklore Society features articles that tell stories about real life characters from the historical past of Texas as well as offer personal reflections about life from diverse perspectives throughout the last century These contributors go beyond merely stating facts about dates or locations or names of the events and people that can be found in court documents or genealogical records several of these authors provide a very intimate connection to the tales they share These articles are not just about people that we read about as school children and they do not merely describe how our culture used to be or how vastly it has changed rather they emphasize the ways we keep our culture alive through the retelling of the events and customs and major figures that are important enough to pass on from one generation to the next The first section covers legendary characters like Davy Crockett Mody Boatright Sam Houston and Cynthia Ann Parker from our state s past as well as people who were bigger or bolder than others yet seem to have been forgotten Some of those characters came from different countries while others are connected directly to our Texas Folklore Society family tree The second section includes works that examine songs of our youth as well as the customs and social constructs associated with music whether it s on a football field or in a prison yard The works in the final section recall memories of a simpler time when cars and home appliances lacked modern conveniences we now take for granted before Facebook and YouTube allowed us to become Internet movie stars and when it was a treat just to go and visit with family and friends *Netsuke Japanese Life and Legend in Miniature* Edwin C. Symmes, Jr.,2013-02-19 Featuring dozens of Japanese netsuke masterpieces and extensive commentary this Japanese art book is a treasured collector s item Netsuke are superb miniature carvings usually less than two inches high that have been created by Japanese artists for over three hundred years During that time they have portrayed almost every aspect of life and culture in Japan These tiny carvings were traditionally used to prevent the cord attached to a gentleman s medicine box or tobacco pouch from slipping through the belt of his kimono Today they are highly collectible works of art Netsuke Japanese Life and Legend in Miniature presents over seventy full page color photographs of netsuke in enchanting settings The accompanying text gives technical details about the netsuke as well as interesting commentaries relating the pieces to Japanese life and legend Information on the carvers has also been provided whenever possible Collecting Cultures: Myth, Politics, and Collaboration in the 1948 Arnhem Land Expedition Sally K.
