Preface **People of the Book** David Lyle Jeffrey, 1996 The author examines the cultural and literary identity among Western Christians which the centrality of the Book has helped to create and the Christian use of the phrase People of the book
Preface *Reading as if for Life* David Dickinson, 2025-04-24 Creaking open the pages of a heavy hardback or bending the spine of a poetry book over your knee on the train squinting over curled up pages by the light of a candle or scribbling notes in the margins in the corner of a sprawling library There are many who read as if for life many for whom as David Dickinson explores reading does not just feed the mind but also the soul Reading as if for Life takes us beyond the spirituality of sacred texts and into the spiritual possibilities of secular literature the opportunity to find or empty oneself the chance to engage in silent conversation with an absent other the appreciation of beauty and art the possibility of enlightenment From Augustine of Hippo to Thomas Hardy Iris Murdoch the poetry of R S Thomas Duffy and Donne and many other literary works David Dickinson explores how writers throughout the centuries have understood and experienced their own spirituality of reading For Dickinson these myriad journeys all bring us closer to an encounter with God dreaming ourselves into a world beyond This book invites its readers to see reading as a valuable spiritual exercise **Hearing the Old Testament** Craig G. Bartholomew, David J. H. Beldman, 2012-05-02 Scholars discuss how contemporary Christians can better hear and appropriate God's address in the Old Testament from publisher description **Quoting God** Claire Badaracco, 2005 Quoting God charts the many ways in which media reports religion news how media uses the quoted word to describe lived faith and how media itself influences and is influenced by religion in the public square The volume intentionally brings together the work of academics who study religion as a crucial factor in the construction of identity and the work of professional journalists who regularly report on religion in an age of instant and competitive news This book clearly demonstrates that the relationship between media culture and spiritual culture is foundational and multi directional that the relationship between news values and religion in political life is influential and that the relationship amongst modernity belief and journalism is pivotal **Literary Epiphany in the Novel, 1850-1950** S. Kim, 2012-09-14 This book studies literary epiphany as a modality of character in the British and American novel Epiphany presents a significant alternative to traditional models of linking the eye the mind and subject formation an alternative that consistently attracts the language of spirituality even in anti supernatural texts This book analyzes how these epiphanies become spiritual and how both character and narrative shape themselves like constellations around such moments This study begins with James Joyce inventor of literary epiphany and Martin Heidegger who used the ancient Greek concepts behind epiphaneia to re define the concept of Being Kim then offers readings of novels by Susan Warner George Eliot Edith Wharton Virginia Woolf and William Faulkner each addressing

a different form of epiphany *'Behind' the Text: History and Biblical Interpretation* Zondervan, 2011-04-19 Christianity believes in a God who acts in history The Bible tells us the story of God's actions in Israel culminating in the ministry of Jesus of Nazareth and the spreading of the gospel from Jerusalem to Rome The issue of history is thus unavoidable when it comes to reading the Bible Volume 4 of the Scripture and Hermeneutics Series looks at how history has dominated biblical studies under the guise of historical criticism This book explores ways in which different views of history influence interpretation It considers the implications of a theology of history for biblical exegesis and in several case studies it relates these insights to particular texts Few topics are more central to the task of biblical interpretation than history and few books open up the subject in so illuminating and thought provoking a manner as this splendid collection of essays and responses Hugh Williamson Regius Professor of Hebrew University of Oxford England breaks new ground in its interdisciplinary examination of the methodology presuppositions practices and purposes of biblical hermeneutics with a special emphasis on the relation of faith and history Eleonore Stump Robert J Henle Professor of Philosophy Saint Louis University United States This volume holds great promise for the full fledged academic recovery of the Bible as Scripture It embodies an unusual combination of world class scholarship historic Christian orthodoxy bold challenges to conventional wisdom and the launching of fresh new ideas Al Wolters Professor of Religion and Theology Redeemer University College Ontario Canada The essays presented here respect the need and fruitfulness of a critical historiography while beginning the much needed process of correcting the philosophical tenets underlying much modern and postmodern biblical research The result is a book that mediates a faith understanding both theoretical and practical of how to read the Bible authentically as a Christian today Francis Martin Chair Catholic Jewish Theological Studies John Paul II Cultural Center Washington D C Not only is history central to the biblical story but from a Christian perspective history revolves around Jesus Christ All roads of human activity before Christ lead up to him and all roads after Christ connect with him A concern with history and God's action in it is a central characteristic of the Bible The Bible furnishes us with an account of God's interactions with people and with the nation of Israel that stretches down the timeline from creation to the early church It tells us of real men women and children real circumstances and events real cultures places languages and worldviews And it shows us God at work in human affairs revealing his character and heart through his activities Behind the Text examines the correlation between history and the Bible For the scholar student and informed reader of the Bible this volume highlights the importance of history for biblical interpretation and looks at how history has and should influence interpretation **The Cambridge History of Literary Criticism: Volume 6, The Nineteenth Century, c.1830-1914** M. A. R. Habib, 2013-02-07 In the nineteenth century literary criticism first developed into an autonomous professional discipline in the universities This volume provides a comprehensive and authoritative study of the vast field of literary criticism between 1830 and 1914 In over thirty essays written from a broad range of perspectives international scholars examine the growth of literary criticism as an institution and the major critical developments in diverse

national traditions and in different genres as well as the major movements of Realism Naturalism Symbolism and Decadence The History offers a detailed focus on some of the era s great critical figures such as Sainte Beuve Hippolyte Taine and Matthew Arnold and includes essays devoted to the connections of literary criticism with other disciplines in science the arts and Biblical studies The publication of this volume marks the completion of the monumental Cambridge History of Literary Criticism from antiquity to the present day

The Gospel and the Mind Bradley G. Green,2010 By establishing central themes of the West s Christian inheritance as the basis of the intellectual life Green demonstrates that the recovery of the life of the mind depends upon a recovery of the gospel

Christina Rossetti and the Bible Elizabeth Ludlow,2014-10-23 Through theologically engaged close readings of her poetry and devotional prose this book explores how Christina Rossetti draws on the Bible and encourages her Victorian readers to respond to its radical message of grace Structured chronologically each chapter investigates her participation in the formation of Tractarian theology and details how her interpretative strategies changed over the course of her lifetime Revealing how her encounter with the biblical text is informed by devotional classics Christina Rossetti and the Bible highlights the influence of Thomas a Kempis John Bunyan George Herbert and John Donne and describes how Rossetti adapted the teaching of the Ancient and Patristic Fathers and medieval mystics It also considers the interfaces that are established between her devotional poems and the anthology and periodical pieces alongside which they were published throughout the second half of the nineteenth century

Writing Performances C. Downing,2016-04-30 After Dorothy L Sayers became famous for her fictional sleuth Lord Peter Wimsey she began investigating the mysteries of Anglo Catholic Christianity writing plays for both stage and radio However because her modernist contemporaries disdained both best sellers and religious fiction Sayers has been largely overlooked by the academy Writing Performances is the first work to position Sayers diverse writings within the critical climate of high modernism Employing exuberant illustrations from Sayers detective fiction to make theoretical issues accessible the book employs insights from performance theory to argue that Sayers though a popularizer presciently anticipated the postmodern ironizing of Enlightenment rationality and scientific objectivity

Edinburgh Companion to the Bible and the Arts Stephen Prickett,2019-08-07 Examines the changing relationship between the Bible and the arts showing how the arts portray biblical stories in various ways and through various media and how the Bible is actually multiple entities fiercely contested translations in many languages Generously illustrated with examples including painting architecture and stained glass

Biblical Paradigms in Medieval English Literature Lawrence Besserman,2013-03-01 This book examines the intricate and unusual relationship between the sacred and secular spheres of English medieval culture positing that the assimilation of sacred and secular motifs could be in either direction or even in both directions That is medieval English writers could appropriate biblical paradigms to express secular themes and vice versa Codicological psychoanalytic feminist and new historicist insights inform readings of Beowulf Middle English lyric poetry the Gawain poet Chaucer and Malory among

others Besserman elucidates the structural and thematic complexity of the integration of biblical and biblically derived sacred diction imagery character types and themes in the works under consideration identifying within them new biblical sources and analogues and providing fresh insights into the contextual meaning and significance of the biblical paradigms they deploy This book highlights the shaping influence of biblical and biblically derived sacred paradigms on exemplary literature produced in the middle Ages

The Crucified Book Anne Starr Kreps,2022-03-29 In the Gospel of Truth a second century text associated with the Christian Platonist Valentinus a crucified Jesus is depicted as wrapped in a scroll and reading aloud the contents of his heart as he dies This is just one of many strange appearances of the physical book in this text and in the surviving fragments of Valentinus Through its representations of the written word Anne Kreps argues the Gospel of Truth promoted a living document perspective on the holy book encouraging the generation of religious books as new sources of revelatory authority The Crucified Book locates the Gospel of Truth in a broader ancient debate about books and their attendant authority Roman and Jewish texts exhibit similar efforts to equate holy persons with holy texts while Christian heresiologists exhibit awareness of the phenomenon even as they condemn it Although the Gospel of Truth is often set apart from mainstream Christianity in scholarship its ideas about the nature of authoritative writing engaged with Greco Roman culture and cohered with Jewish and Christian ideas about books in antiquity Valentinus views about the relationship between the oral and the written dovetailed with thinking on the nature of the sacred book that gradually became the trademark of Rabbinic Judaism Kreps contends Ultimately because the Gospel of Truth reflects a mind that was at the center of the discursive debates that formed Judaism and Christianity her book demonstrates the usefulness of so called heretical texts for discussions on the parting of the ways between the two traditions

Encounters of the Spirit Richard W. Pointer,2007-09-28 Historians have long been aware that the encounter with Europeans affected all aspects of Native American life But were Indians the only ones changed by these cross cultural meetings Might the newcomers ways including their religious beliefs and practices have also been altered amid their myriad contacts with native peoples In *Encounters of the Spirit* Richard W Pointer takes up these intriguing questions in an innovative study of the religious encounter between Indians and Euro Americans in early America Exploring a series of episodes across the three centuries of the colonial era and stretching from New Spain to New France and the English

settlements he finds that the flow of cultural influence was more often reciprocal than unidirectional *Rhetoric and Social Justice in Isaiah* Mark Gray, 2006-04-19 Demonstrates the ways that social justice attains primacy in Isaiah the ways that humanity is given a role in pursuing social justice and the ways that Isaiah 58 impinges upon the idea of social justice This book explores the nature and sources of the social justice encoded in the world [The Futures of Evangelicalism](#) Craig G. Bartholomew, Robin Parry, Andrew West, 2004 An insightful assessment of the current state of evangelical affairs and the varied directions evangelicalism is poised to take Contributors include Alister McGrath Eugene Peterson I Howard Marshall Gregory J Laughery Stephen Lazarus Robin Parry and Andrew West **The Bible and the University** Zondervan, 2009-09-03 It is well known that the Western university gradually evolved from the monastic stadium via the cathedral schools of the twelfth century to become the remarkably vigorous and interdisciplinary European institutions of higher learning that transformed Christian intellectual culture in the thirteenth and fourteenth centuries It is equally well known that subsequent disciplinary developments in higher education including the founding and flourishing of many of the most prestigious of North American universities owe equally to the Protestant and perhaps particularly Calvinist influence But that the secularized modern university that descended from these developments is now in something of an identity crisis is becoming widely and often awkwardly apparent The reason most often given for the crisis is our general failure to produce a morally or spiritually persuasive substitute for the authority that undergirded the intellectual culture of our predecessors This is frequently also a reason for the discomfort many experience in trying to address the problem for it requires an acknowledgement at least that the secularization hypothesis has proven inadequate as a basis for the sustaining of coherence and general intelligibility in the university curriculum Nowhere is this more apparent than in the disciplines of biblical studies and theology which once were the anchor or common point of reference for theological thought but which are now both marginalized in the curriculum and internally divided as to meaning and purpose even where the Church itself is concerned In this final volume of the Scripture and Hermeneutic Series a group of distinguished scholars have sought to understand the role of the Bible in relation to the disciplines in a fresh way Offered in a spirit of humility and experimentally the essays here consider the historic role of the Bible in the university the status of theological reflection regarding Scripture among the disciplines today the special role of Scripture in the development of law the humanities and social sciences and finally the way the Bible speaks to issues of academic freedom intellectual tolerance and religious liberty Contributors Include Dallas Willard William Abraham Al Wolters Scott Hahn Glenn Olsen Robert C Roberts Byron Johnson Robert Cochran Jr David I Smith John Sullivan Robert Lundin C Stephen Evans David Lyle Jeffrey **Encyclopedia of Protestantism** Hans J. Hillerbrand, 2004-08-02 This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought
