People Of The First Crusade:

People of the First Crusade Michael Foss,1997 In this work Michael Foss casts new light on the reality of and motives behind the Crusades in general and in particular the First Crusade which set the tone for all those that followed As the eleventh century came to an end the Christian lands of Western Europe were in trouble Afflicted by repeated invasions from the north by the collapse of internal order and safety by the increasing laxity and ignorance of the clergy and by the unrestrained tyranny of the feudal lords life in the West was as one philosopher described it nasty brutish and short To make matters worse the Seljuk Turks recently converted to Islam had overrun the Holy Land Pope Urban II searching for a way out of the increasing anarchy and to rid himself of unruly marauding knights exhorted the faithful at the Council of Clermont in 1095 to free Jerusalem from the Infidels The response was immediate and enthusiastic Proud knights poor peasants artisans armed with pikes and bows and arrows and often only sticks or clubs set out on the great adventure fighting or negotiating their way through strange exotic lands until four long years later the ragged remnants of the once proud army stood below the forbidding walls of Jerusalem Michael Foss tells the stories of these men and women of the First Crusade often in their own words bringing the time and events to life Through these eyewitness accounts the cliches of history vanish the distinctions between hero and villain blur the Saracen is as base or noble as brave or cruel as the crusader In that sense the fateful clash between Christianity and Islam teaches us a lesson for our own time For the attitudes and prejudices expressed on both sides in the First Crusade became the basic currency for all later exchanges down to our own day between the two great monotheistic faiths of Mohammed and Christ

People of the First Crusade Michael Foss,1997 Near the end of the eleventh century Western Europe was in turmoil beset by invasions from both north and south by the breakdown of law and order and by the laxity and ignorance of the clergy Searching for a way out of the increasing anarchy Pope Urban II launched an army of knights and peasants in 1095 to fight the Turks who had seized the Holy Land Michael Foss tells the stories of these men and women of the First Crusade often in their own words bringing the time and events brilliantly to life Through these eyewitness accounts the cliches of history vanish the distinctions between hero and villain blur the Saracen is as base or noble as brave or cruel as the crusader In that sense the fateful clash between Christianity and Islam teaches us a lesson for our own time Foss reveals that the attitudes and prejudices expressed by both Christians and Muslims in the First Crusade became the basic currency for all later exchanges down to our present day conflicts and misunderstandings between the two great monotheistic faiths of Mohammed and Jesus Christ

People of the First Crusade Michael Foss,1997 When the Pope called on all Christians to expel the Muslims from the Holy City of Jerusalem the Crusades were born Not only a spiritual quest but also a brutal military campaign the Crusades threw together hundreds of people from all backgrounds Men who had never travelled further than a few miles from where they were born now journeyed to foreign countries discovered new religions and mixed with other cultures

Chronicles of the First Crusade

Christopher Tyerman, 2011-11-03 The story of the First Crusade as witnessed by contemporary writers O day so ardently desired O time of times the most memorable O deed before all other deeds The fall of Jerusalem in the summer of 1099 to an exhausted and starving army of western European soldiers was one of the most extraordinary events of the Middle Ages It was both the climax of a great wave of visionary Christian fervour and the beginning of what proved to be a futile and abortive attempt to implant a new European kingdom of heaven in an overwhelmingly Muslim world This remarkable collection brings together a wide variety of contemporary accounts of the First Crusade including Pope Urban II's initial call to arms of 1095 as well as the first hand writings of priests knights a Jewish pilgrim a destitute noblewoman an Iraqi poet and the historian Anna Comnena Together they provide a vivid and nuanced picture of the First Crusade and the people who were swept up in it Edited with an introduction and notes by Christopher Tyerman

The First Crusade Edward Peters, 1998-06-18 To its contemporaries the first Crusade was a journey and its participants were pilgrims The identifying terminology of Crusade came about nearly a century later In a greatly expanded second edition Edward Peters brings together primary texts that document 11th century events leading to what we now call the First Crusade

Apocalypse Then: The First Crusade

Howard Burton, 2021-01-24 This book is based on an in depth filmed conversation between Howard Burton and Jay Rubenstein Professor of History and Director of the Center for the Premodern World at the University of South Carolina which provides us with fascinating insights into medieval society How did the First Crusade happen What could have suddenly caused tens of thousands of knights commoners and even nuns at the end of the 11th century to leave their normal lives behind and trek thousands of miles across hostile territory in an unprecedented vicious and bloody quest to wrest Jerusalem from its occupying powers Jay Rubenstein historian of the intellectual cultural and spiritual worlds of Europe in the Middle Ages at USC carefully explores those questions based on his extensive research while discussing the Apocalypse the crusaders sincere belief that the end of the world was approaching and their opportunity to participate in the last stage of the divine plan This carefully edited book includes an introduction The Glorious End and questions for discussion at the

situation was highly complex Though it went largely unremarked in the Islamic world at the time the First Crusade has since become a contentious symbol of European imperialism in the Middle East Debate over whether the Crusades can truly be perceived as an early example of European colonialism continues in medieval historiography though the evidence for this is thin The territory taken by the Franks from the Turks had previously belonged to Eastern Christians and had only recently been seized by the Turks themselves The Crusader States were relatively small and weak and were reconquered centuries before modern European colonialism began The Crusaders themselves saw it as a holy war of reclamation of previously lost albeit almost mythical territory To them the Muslims were the first aggressors They were somewhat bolstered in this view by the support that they largely held from local Christians The medieval world of The First Crusade was quite different from the world of modern colonialism However the question of the connection between the two worlds is important The First Crusade was a remarkable victory that galvanized the Christians of Western Europe to expand their world While it remains unclear how much that world expanded in practical terms such as trade or how it affected later attitudes during the expansion to the New World and other regions it definitely engaged the European mind in both positive and negative ways As such it soon achieved near mythic status in the European literature and has become one of the most important events of the Middle Ages Legends of the Middle Ages The First Crusade chronicles the historic events that preceded the crusade the call to arms and the important people and battles Along with pictures of important people places and events you will learn about the First Crusade like you never have before in no time at all *The Experience of Crusading* Marcus Graham Bull, Norman Housley, Peter W.
