People Of The Islands:

Report of the Governor General of the Philippine Islands Philippines. Governor, 1905 **Native Peoples of the World** Steven L. Danver, 2015-03-10 This work examines the world's indigenous peoples, their cultures, the countries in which they reside, and the issues that impact these groups *Islands* Stephen A. Royle, 2014-08-15 From Charles Darwin's enlightening voyage to the Galapagos Islands to moat-encased prisons incarcerating the world's deadliest prisoners, islands have been sites of immense scientific, political, and creative importance. An inspiration for artists and writers, they can be lively centers of holiday revelry or remote, mysterious spots, places of escape or of exile and imprisonment. In this cultural and scientific history of these alluring, isolated territories, Stephen A. Royle describes the great variety of islands, their economies, and the animals, plants, and people who thrive on them. Royle shows that despite the view of some islands as earthly paradises, they are often beset by severe limitations in both resources and opportunities. Detailing the population loss many islands have faced in recent years, he considers how islanders have developed their homes into tourist destinations in order to combat economic instability. He also explores their exotic, otherworldly beauty and the ways they have provided both refuge and inspiration for artists such as Paul Gauguin in Tahiti and George Orwell on the Scottish island of Jura. Filled with illustrations, *Islands* is a compelling and comprehensive survey of the geographical and cultural aspects of island life **The People's Standard History of the United States** Edward Sylvester Ellis, 1898 **Readings on American Federal Government** Paul Samuel Reinsch, 1909 Library of Congress Subject Headings Library of Congress, 2010 **American Federationist**, 1924 **Outlook and Independent**, 1912 **Baptist Missionary Magazine**, 1901 Volumes 7, 77, 80, 83 include 13th, 83rd, 86th, 89th annual report of the American Baptist missionary union **Independence of the Philippines** University of Texas. Interscholastic League Division. Bureau of Extension, 1924 **People's China and International Law, Volume 1** Jerome Alan Cohen, Hungdah Chiu, 2017-03-14 In the first of two volumes, Jerome Alan Cohen and Hungdah Chiu have presented in a comprehensive form the views of the People's Republic of China on all the major questions of public international law. The material chosen includes official acts and statements from every level of the Chinese government, editorials and major articles from the People's Daily, dispatches of the New China News Agency, and other government media, the writings of Chinese scholars, and the speeches of China's leaders. In an extensive introduction, Professors Cohen and Chiu discuss the experience of previous Chinese governments with international law and the relationship of China's domestic public order and its foreign policy to its views of international law.
