

People Policy Australias Population Choices

**Jeroen C. J. M. van den Bergh,Marco
Janssen**

People Policy Australias Population Choices:

People Policy Kenneth Douglas Cocks, 1996 This lively and readable contribution to the optical debate on Australia s population and immigration policy or lack of it comes from one of the country s best known and most authoritative environmental writers *People Policy* contains a wide ranging multidisciplinary informative review of the background to studies on and approaches to population policy It draws heavily on submissions to the House of Representatives committee of inquiry into Australia s population the Jones Inquiry which the author served as a consultant Ever assertive and controversial yet backing up his points with facts and figures Doug Cocks puts the case for stabilising Australia s population through powerful arguments drawn from environmental ecological economic social and quality of life considerations balancing his personal views by outlining the full range of cases to be made and choices facing the country *People Policy* is for general readers with environmental green political and social interests relating to human population studies it has a glossary of demographic terms to assist lay readers Being fully referenced with an extensive bibliography it is also useful for students taking demography population studies population human resources and human ecology units in Geography Environmental Studies Demography Population Studies Social Policy and Urban and Regional Planning programs It will also interest demographers planners and policymakers dealing with migration social and economic development and urban and regional planning

How Australia Compares Rodney Tiffen, Ross Gittins, 2009-11-12 *How Australia Compares* is a handy reference that compares Australia with seventeen other developed countries across a wide range of social economic and political dimensions Whenever possible it gives not only snapshot comparisons from the present but charts trends over recent decades or even longer Encyclopaedic in scope it provides statistics for a huge range of human activity from taxation to traffic accidents homicide rates to health expenditure interest rates to internet usage This new edition is fully revised and updated and features two new chapters The Howard Impact and The Search for Scoreboards New sections include obesity advertising broadband internet access childcare and corruption Information is highly accessible with double page spreads for each topic Tables and graphs are presented on one page and clear explanation and analysis on the facing page In each discussion the focus is to put the Australian experience into international perspective drawing out the implications for the nation s performance policies and prospects

The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture *The Australian People* documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a

survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

The A to Z of Australia James C. Docherty, 2010-04 The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through

Historical Dictionary of Australia Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia

The Dynamics of Regions and Networks in Industrial Ecosystems Matthias Ruth, Brynhildur Davidsdottir, 2009-01-01 Industrial ecology provides a rigorous and comprehensive description of human production and consumption processes in the larger context of environmental and socioeconomic change This volume offers methodologies for such descriptions with contributions covering both basic and advanced analytical concepts and tools to explore the dynamics of industrial ecosystems concentrating specifically on regions and networks Each of the book's three parts contains an introduction by a leader in the field as well as chapters ranging from conceptual models to case study applications The first part offers an introduction to the main themes and issues surrounding regional and networked industrial ecosystems The subsequent two parts broaden and deepen the discussion with emphasis on the regional and network characters relevant for analysis and management The scale of issues ranges from buildings to regions to entire nations with methods that range from input output analysis to computer assisted simulation games Researchers in the fields of industrial ecology ecological economics environmental and energy policy environmental engineering and resource and environmental economics will find this comprehensive book of great interest

Ten Commitments David Lindenmayer, Stephen Dovers, Molly Harriss Olson, Steve Morton, 2008-10-01 In Ten Commitments Reshaping the Lucky Country's Environment leading environmental thinkers in Australia have written provocative chapters on environmental issues facing the nation Each chapter includes 10 key issues that must be urgently addressed to improve Australia's environment The book is organised by ecosystem by sector and by cross cutting themes Topics include deserts rangelands woodlands tropical savannas urban settlements forestry tropical and temperate marine ecosystems tropical rainforest alpine and aquatic ecosystems coasts fisheries agriculture mining grazing tourism climate change earth systems

water biodiversity policy and institutional reforms the private sector human population health fire emergency management Indigenous land management and energy With over 40 experts weighing in on Australia's most pressing issues this is a must read for anyone interested in the environment **Migration and Immigration** Maura I. Toro-Morn, Marisa

Alicea, 2004-03-30 The post World War II period has been called the age of migration since an unprecedented number of people worldwide have been on the move This reference surveys migration and immigration past and present in 14 representative countries Historical social political and economic consequences of migration are considered Students and researchers will find the synthesis indispensable and the format ideal for comparisons The collective analysis of the contributors who hail from a range of disciplines ultimately defies the simple characterization of migration as a choice of people seeking better income opportunities The authors are sensitive to the ways that race class and gender dynamics influence the composition of migratory flows the reasons why people migrate and the outcomes of population movements Each chapter explicates the human cost of migration giving readers a better understanding of social issues underlying migration at the beginning of the 21st century *Political Demography, Demographic Engineering* Myron Weiner, Michael S. Teitelbaum, 2001-08 Over the past decade the impacts of demographic trends on international security and on peaceful relations between and within states have come to the fore in ways not seen since the aftermath of World War II An evolving and more complex set of changes in the size distribution and composition of populations has become the basis for a new look at the security effects of changes in the size distribution and composition of populations This book is an attempt to lay out the new look to take issue with some of the prevailing views on the political consequences of population change and to suggest where the concerns are realistic and where they are not From the Preface This book not only offers a magisterial analysis of the political effects of the dramatic population changes that are taking place in countries all around the world it also represents the testimony of one of the most distinguished scholars in the field of migration and population studies

Methodological Choice and Design Lina Markauskaite, Peter Freebody, Jude Irwin, 2010-11-04 Beginning and well seasoned researchers alike face significant challenges in understanding the complexities of research designs arising from both within and across methodological paradigms and in applying them in ways that maximise impact on knowledge practice and policy This volume engages educational and social researchers in a scholarly debate offering some crucial re interpretations of established research methodologies in light of contemporary conditions and critical introduction to some contemporary research approaches yet to gain general recognition This book is a contemporary vademecum for researchers practitioners and graduate students on research methodologies and designs for educational and social change in today's world The chapters chart and analyse the conceptual and practical complexities of a variety of research designs for contemporary educational and social work research This anthology taken overall provides readers with the knowledge and understanding needed not only to design technically sound and coherent research studies but also to develop

methodologically innovative research projects that cross the boundaries between different methodological traditions to the benefit of scholarship policy and practice The chapters cover nine research approaches Design based research Action research Ethnomethodological research Negotiated ethnography Arts informed research Historical analysis and postcolonial scholarship Policy analysis Comparative research Quantitative modelling of correlational and multi level data The book provides a critical discussion of epistemological questions and methodological frontiers Knowledge and epistemology in scholarship practice and policy Digital knowledge and digital research Emerging methodological challenges for educational research Challenges and futures for social work and social policy research methods Methodology and the knowledge industry

From White Australia to Woomera James Jupp, 2007-04-02 Immigration specialist James Jupp surveys changes in immigration policy since 1972 *Bigger Or Better?* Ian Lowe, 2012 A comprehensive and detailed analysis of the controversial debate about Australia's population numbers this book clarifies the subject and addresses the many misconceptions It provides a historic account of Australia's population growth and a study of official data while examining the components of that growth in detail including birth rates and immigration as well as the more recent trend of an aging population In addition this thorough account also discusses the motives of the interested parties both those who promote population growth and those who argue against it *Minority Rights in the Pacific Region* Joshua Castellino, David Keane, 2009 Countries in the Pacific face unique challenges of survival and progress in establishing themselves and participating fully in international society Their geographic isolation from the rest of global society is compounded by complex layers of often competing national and indigenous identities among their populations built through wave upon wave of migration This has created rich diversity competing regimes and real challenges in terms of state building ethnic identity social policy cohesion and development in post colonial settings The issues studied here would be of interest to scholars from a range of different disciplines such as Law Politics Sociology and Anthropology By examining the theory and practice of minority rights law in states such as Fiji and Papua New Guinea alongside their more familiar neighbours Australia and New Zealand this book makes a unique contribution in a region often ignored in the literature *Economics of Industrial Ecology* Jeroen C. J. M. van den Bergh, Marco Janssen, 2004 Studies that integrate scientific technological and economic dimensions of industrial ecology and material flows The use of economic modeling techniques in industrial ecology research provides distinct advantages over the customary approach which focuses on the physical description of material flows The thirteen chapters of *Economics of Industrial Ecology* integrate the natural science and technological dimensions of industrial ecology with a rigorous economic approach and by doing so contribute to the advancement of this emerging field Using a variety of modeling techniques including econometric partial and general equilibrium and input output models and applying them to a wide range of materials economic sectors and countries these studies analyze the driving forces behind material flows and structural changes in order to offer guidance for economically and socially feasible policy solutions After a survey of concepts

and relevant research that provides a useful background for the chapters that follow the book presents historical analyses of structural change from statistical and decomposition approaches a range of models that predict structural change on the national and regional scale under different policy scenarios two models that can be used to analyze waste management and recycling operations and adopting the perspective of local scale an analysis of the dynamics of eco industrial parks in Denmark and the Netherlands The book concludes with a discussion of the policy implications of an economic approach to industrial ecology

Patriots, 2008-04 Australia's environmental movement and those defending the unique wildlife Down Under are superbly examined in this powerful account Charting the emergence of a new national green movement and its members commitment to nature's survival this exploration details the landmark environmental battles already faced as well as those lurking on the horizon

Economics and the Future Pannell, D.J., Schilizzi, S.G.M., 2006 Economics and the Future tackles the discounting issue from a number of angles ranging from relatively short term private financial decisions to very long term public issues spanning generations The authors present differing perspectives and original ideas in a style that remains accessible while addressing some of the more difficult questions about discounting in theory and practice It reveals that the economic issues regarding time are embedded in a broader social ethical and philosophical context

Future Makers, Future Takers Kenneth Douglas Cocks, 1999 Annotation In keeping with Cocks's willingness and capacity to tackle big issues Future Makers Future Takers seeks to identify detail and compare the broad socio political philosophies and bundles of policies that comprise Australia's realistic choices for guiding Timeship Australia through the coming turbulent decades Cocks suspends his own judgment as he even handedly and comprehensively presents three proactive strategies for managing Australia's future which he calls Conservative Development Economic Growth and Post Materialism

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Inter-Basin Water Transfer Fereidoun Ghassemi, Ian White, 2007-01-11 Increasing demands for irrigation domestic and industrial water have generated a massive growth world wide in the number of large water infrastructure projects involving the transfer of water from basins considered to have surplus water to those where the demand for water has exceeded or is expected to exceed supplies Using the experiences of projects in Australia United States Canada China and India this book examines case studies within the diverse geographical climatic economic and policy regimes operating in these countries It examines the water resources of Australia the driest inhabited continent and explores inter basin water transfer projects in the United States Canada China and India examining their benefits and impacts within these nations contrasting economies and governance systems This comprehensive and well illustrated text will be of great interest to professionals and researchers in the fields of hydrology water resources and to those engaged in environmental science policy and regulation

Australians and Their Environment Graeme Aplin, 1998 Australians and Their Environment introduces the broad and complex field of environmental studies in an Australian context Emphasizing the need to include a wide range of perspectives the book

integrates varied approaches to environmental studies from philosophy and ethics through the social science and economics to the biophysical and physical sciences The book begins with a discussion of concepts central to environmental understanding debate and decision making and then applies these concepts to current environmental topics Chapters cover natural cycles and biogeochemical processes ecological concepts and relationships economics and resource concepts values and attitudes politics and bureaucratic structures planning and management techniques Aboriginal resource use and management biodiversity and reserves forestry fishing mining agriculture energy and transport water and waste management and the urban environment

Boarding and Australia's First Peoples Marnie O'Bryan, 2022-02-03 This book takes us inside the complex lived experience of being a First Nations student in predominantly non Indigenous schools in Australia Built around the first hand narratives of Aboriginal and Torres Strait Islander alumni from across the nation scholarly analysis is layered with personal accounts and reflections The result is a wide ranging and longitudinal exploration of the enduring impact of years spent boarding which challenges narrow and exclusively empirical measures currently used to define success in education Used as instruments of repression and assimilation boarding or residential schools have played a long and contentious role throughout the settler colonial world In Canada and North America the full scale of human tragedy associated with residential schools is still being exposed By contrast in contemporary Australia boarding schools are characterised as beacons of opportunity and hope places of empowerment and in the best of cultural restitution In this work young people interviewed over a span of seven years reflect in real time on the intended and unintended consequences boarding has had in their own lives They relate expected and dramatically unexpected outcomes They speak to the long term benefits of education and to the intergenerational reach of education policy This book assists practitioners and policy makers to critically review the structures policies and cultural assumptions embedded in the institutions in which they work to the benefit of First Nations students and their families It encourages new and collaborative approaches Indigenous education programs

As recognized, adventure as without difficulty as experience virtually lesson, amusement, as skillfully as concord can be gotten by just checking out a ebook **People Policy Australias Population Choices** next it is not directly done, you could say you will even more roughly this life, on the world.

We present you this proper as competently as easy artifice to acquire those all. We give People Policy Australias Population Choices and numerous ebook collections from fictions to scientific research in any way. along with them is this People Policy Australias Population Choices that can be your partner.
