Peoplepower Elements Of Human Resource Policy:

People Power Herbert S. Parnes, 1984 Peoplepower Herbert S. Parnes, 1984-04 This comprehensive and eminently readable introduction to human resource policy has been designed especially for readers with little or no prior exposure to economics Parnes divides human resource policy into five major areas development allocation conservation utilization and full employment promotion Within this framework he provides a cogent introduction to the concepts of human resources the major social problems relating to human resources and the principal public human resource programmes **Human Resource Management** Rüdiger Pieper, 2012-10-25 No detailed description available for Human Resource Management

Human Resource Management Michael Poole, 1999 This collection sets out many of the contributions to the theoretical conceptual and critical advance of the academic subject of human resource management This has become recognized as an emergent disciplinary field in which theories and models are generated and their propositions tested by rigorous empirical research It has also become increasingly international in its outlook This comprehensive set explores the following themes origins developments and critical analyses comparative and international perspectives on human resource management strategic human resource management and emergent issues for the new millenium including globalization and the multinational enterprise international assignments and expatriation managing diversity competences and knowledge innovation and creativity and ethics **Entrepreneurship and the Industry Life Cycle** Serena Cubico, Giuseppe Favretto, João Leitão, Uwe Cantner, 2018-06-27 Adopting evolutionary and behavioral approaches this volume presents the latest research advances in knowledge competencies and human capital as well as the changing structural dynamics highlighting their links with entrepreneurial activities It provides a set of international benchmark case studies on initiatives at the national regional or individual level geared towards entrepreneurship development Focusing on diverse environments systems and life cycle stages young established and transition industries and markets as well as regions it offers a valuable guide for scholars and practitioners interested in the interaction of entrepreneurship knowledge competencies human resources management and innovation Cash Management Enid B. Jones, 2001 In emphasizing the need to understand the economics of education for funding schools adequately and equitably Jones educational leadership Fayetteville State U NC focuses on human capital governance legal and school level budgeting issues Includes discussion items state public school funding data and a sample district balance sheet c Book News Inc *Redefining the Process of Retirement* Winfried Schmähl, 2012-12-06 Past and future development as well as possibilities for influencing the process of retirement are discussed in particular effects on the labour market supply and demand behaviour of workers and firms concerning human resource management and occupational pensions financing of social security and income of workers Decisions concerning earlier or postponed full or partial retirement are the main topic stressing the central role of firms decisions depending e g on their view of the productivity of the elderly Reports on Scandinavian countries Sweden Denmark Finland in particular on

their approach for partial retirement are included as well as papers discussing possibilities to stop the trend of early exit from the labour force and how to give incentives for a longer working life e g by changes in social security These topics are discussed in the view of structural changes in demography economy and society using among other the US and West Germany as examples The papers point out the necessity to look at retirement as a process in a life cycle perspective requiring longitudinal data for empirical research and in a perspective integrating the different aspects involved

Adult Education and Training John Corrozi,1986 Making Space Vanessa Sheared,Peggy A. Sissel,2001-06-30 Representative of a wide range of adult education and lifelong learning frameworks and experiences this book gives voice to emerging perspectives and offers thought provoking critiques of established practices and accepted theories Those in the adult education academy as well as other voices often excluded from the discourse in adult education offer critiques of the social political economic and historical forms of hegemony in the discipline They analyze the ways in which these hegemonic norms and practices have affected adult learning environments and the participation rates of varying groups and shed light on how adult education as a field of practice can marginalize individuals based on their ethnicity race gender class language age or sexual orientation These critiques provide a powerful statement about silence invisibility and the marginalization of the other and suggest that adult educators may complicitly if not implicitly marginalize adult learners This book will provide professors and students adult literacy teachers corporate trainers community based organizers and others with alternative ways to think about adult education practice adult learners and the multiple intersecting realities that influence the teaching learning transaction In so doing this book provides practitioners and academicians with a forum to dialog about emerging theories and practices and through the discourse they can begin to merge theories and practices through language that is accessible and inclusive

Social Capital, Lifelong Learning and the Management of Place Michael Osborne,Kate Sankey,Bruce Wilson,2007-06-11 Providing valuable insight into the management of place and the development of learning at a regional level the book presents international research that underpins the development and implementation of policies and practices that improve the quality of living and working circumstances at both local and regional levels

Congress. Senate. Committee on Health, Education, Labor, and Pensions, 2014 *Strategic Human Resource Development : Concepts and Practices* Kesho Prasad, 2012 In today's corporate world employee management is first and the foremost concern of any organization. An organization can easily churn out the best out of their employees by improvising the strategic development within the human resource norms. This book comprehensively discusses the strategic management functions that are designed to meet the business objectives effectively. This textbook explains the concepts of human resource management, HRM, and human resource development, HRD, and shows how they supplement and complement each other. The book explicates how sourcing, retention, development, compensation, and performance are driven by the strategic business needs in an organization. Divided into four parts, the book explicates strategic developmental aspects of people training and development vis-à-vis organizational behaviour, culture, and leadership, as well as the primacy of technology in training, as well as the concepts of human resource management and human resource development. The special feature of this book is a chapter on Competency Mapping, which is a tool to identify accurate skills for developing competency requirements within the employees.
