Peoples Peace Process In Northern Ireland:

The People's Peace Process in Northern Ireland C. Irwin, 2002-11-26 Many important lessons have come out of the negotiations for the Belfast Agreement This book explains how public opinion polls were used in support of the Northern Ireland peace process Significantly it was the politicians who decided the questions so that they could map out areas of compromise and common ground that their supporters would accept This book explains how the work was done so that others can apply the benefits of this experience to their own peace building activities

The People's Peace Process in Northern Ireland Colin Irwin, 2012-04-01 I recommend this book to all those involved with peace making and peace building political negotiations and public opinion polls as well as those with a particular interest in Northern Ireland Dr Irwin worked closely with the Northern Ireland political parties during the final critical years of the Stormont Talks and my Review and I am persuaded that the unique approach he developed of running public opinion polls in co operation with party negotiators contributed significantly to the successful outcome of our efforts It is of vital importance that all the lessons of the Northern Ireland peace process are placed at the disposal of the international community and this enterprise should certainly include the new methodologies developed by Dr Irwin They are reviewed in detail in his book so that they can be replicated along with copies of all the published reports and a commentary on their political context These examples together with their analysis should provide any would be practitioner with all the materials that they may need to undertake their own series of peace polls in support of political processes aimed at the resolution of conflicts elsewhere Senator George J Mitchell

Northern Ireland Paul Dixon, 2008-09-26 Clearly and accessibly written Dixon provides a lively introduction to the nature and politics of the Northern Ireland conflict and of successive attempts to resolve it The comprehensively revised 2nd edition has been updated to take account of new information and an entirely new chapter has been added on implementing the Good Friday Agreement

The Handbook of Social Research Ethics Donna M. Mertens, Pauline E. Ginsberg, 2009 Brings together international scholars across the social and behavioural sciences and education to address those ethical issues that arise in the theory and practice of research within the technologically advancing and culturally complex world in which we live

Collaborations Emma Heffernan, Fiona Murphy, Jonathan Skinner, 2020-05-31 Collaborations responds to the growing pressure on the humanities and social sciences to justify their impact and utility after cuts in public spending and the introduction of neoliberal values into academia Arguing in defense of anthropology the editors demonstrate the continued importance of the discipline and reveal how it contributes towards solving major problems in contemporary society They also illustrate how anthropology can not only survive but thrive under these conditions Moreover Collaborations shows that collaboration with other disciplines is the key to anthropology's long term sustainability and survival and explores the challenges that interdisciplinary work presents The book is divided into two parts Anthropology and Academia and Anthropology in Practice The first part features examples from anthropologists working in academic settings which range

from the life behavioural and social sciences to the humanities arts and business The second part highlights detailed ethnographic contributions on topics such as peace negotiations asylum seekers prostitution and autism Collaborations is an important read for students scholars and professional and applied anthropologists as it explores how anthropology can remain relevant in the contemporary world and how to prevent it from becoming an increasingly isolated and marginalized discipline *Theories of International Relations and Northern Ireland* Timothy J. White, 2017-01-29 This book uses the case of Northern Ireland to evaluate theoretical approaches in international relations It investigates the process of negotiation that led to the signing of the Good Friday or Belfast Agreement and the continuing challenges to peace reconciliation in Northern Ireland Incorporating the work of leading scholars it explores a wide range of topics including the function of deception in promoting peace the question of partition and how it was reimagined by nationalists such as John Hume and how the decommissioning process led to a role in internal policing for paramilitaries The influence of outside actors notably the United States and the European Union is also considered along with the involvement of the Catholic Church and the marginalization of women This book will be important for academics interested in theories of international relations and to a wider public interested in understanding the Northern Ireland peace process **The People's Peace** Kenneth O.

Morgan, 2021-07-29 The People's Peace Britain since 1945 is the first comprehensive study by a professional historian of British history from 1945 to the present day It examines the transformation of post war Britain from the planning enthusiasm of 1945 to the rise of New Labour Its themes include the troubles of the British economy public criticism of the legitimacy of the state and its instruments of authority the co existence of growing personal prosperity with widespread social inequality and the debates aroused by decolonization and Britain's relationship to the Commonwealth the US and Europe Changes in cultural life from the puritanical austerity of the 1940s through the permissiveness of the 1960s to the tensions and achievements of recent years are also charted Using a wide variety of sources including the records of political parties and the most recently released documents from the Public Records Office Kenneth Morgan brings the story right up to date and draws comparisons with the post war history of other nations This penetrating analysis by a leading twentieth century historian will prove invaluable to anyone interested in the development of the Britain of today **Democracy and Ethnic**

Conflict A. Guelke, 2004-03-31 Democracy and Ethnic Conflict addresses the problem of establishing durable democratic institutions in societies afflicted by ethnic conflict While the holding of multi party elections usually plays a role in the ending of conflict consolidating democracy presents a much larger challenge as does preventing the perversion of democracy through the dominance of a particular ethnic group **Performing the Northern Ireland Peace Process** Paul

Dixon, 2018-06-15 Performing the Northern Ireland Peace Process offers a nuanced and stimulating analysis which goes beyond standard explanations by exploring the motives and means used by those who made peace in Northern Ireland Professor Timothy White Xavier University USA Paul Dixon has produced an impressive and challenging book Dixon defends

the Northern Ireland peace process as a carefully crafted drawn out episode in realist pragmatic politics However he pulls few punches in highlighting the moral deceptions which have kept the process in play Provocatively Dixon also challenges a wide range of academic interpretations of the processes and their associated political prescriptions Thoughtful and well researched throughout *Performing the Northern Ireland Peace Process* is an essential read for anyone interested in conflict management Professor Jon Tonge University of Liverpool In this outstanding book Dixon shows yet again the importance of the theatrical metaphor for Northern Ireland More importantly still he demonstrates that the adoption of a critically realist outlook actually enhances our capacity to think creatively about the political choices we face in international politics and the alternative policies and institutions we might construct Professor Adrian Little The University of Melbourne This book is exceptional in defending the dirty politics of the Northern Ireland peace process Political actors in Britain Ireland and the United States performed the peace process and used political skills often including deception and hypocrisy in order to wind down the conflict and achieve accommodation These political skills it is argued are often morally justifiable even as they are popularly condemned The Northern Ireland peace process has been highly successful in reducing violence and an accurate understanding of its politics is an important contribution to international debates about managing conflict *Ireland* Joseph Coohill, 2014-03-06 From the first prehistoric inhabitants of the island to the St Andrews Agreement and decommissioning of IRA weapons this uniquely concise account of Ireland and its people reveals how differing interpretations of history ancient and modern have influenced modern Irish society Combining factual information with a critical approach Coohill covers all the key events including the Great Famine Home Rule and the Good Friday Agreement Updated with two new chapters expanding the discussion of pre modern Ireland as well as developments in the 21st century this highly accessible and balanced account will continue to provide a valuable resource to all those wishing to acquaint themselves further with the complex identity of the Irish people **Peace-Building and Development in Guatemala and Northern Ireland** C. Reilly, 2008-12-22 This book analyzes the implementation of peace processes in Northern Ireland and Guatemala with emphasis on the role of mid level civil society and religious organizations or the voluntary sector Both countries interrupted years of conflict signed peace accords in 1998 and 1996 respectively and still struggle to make them work Despite very different economic development levels both countries have colonial legacies deep cultural divisions and engaged diaspora They grapple with violence poverty and inequitable distribution of wealth and power While religious differences are a backdrop to violence and reconciliation in both cases insecurity and inequity are the root cause and consequence of these conflicts The book summarizes lessons learned and makes policy recommendations for more civil post conflict societies arguing that similar dynamics fuel sustainable peace building and authentic development *Democracy at Large* , 2006 IFES published this quarterly magazine from 2004 2006 for scholars and practitioners interested in democratic development Each issue addresses current affairs in the field of democracy promotion Post-Liberal Peace Transitions Oliver P.

Richmond,2016-01-18 Why is it that states emerging from intervention peacebuilding and statebuilding over the last 25 years appear to be failed by design This study explores the interplay of local peace agency with the neo liberal peacebuilding project And it looks at how far can local peace formation dynamics can go to counteract the forces of violence and play a role in rebuilding the state consolidate peace processes and induce a more progressive form of politics By looking at local agency related to peace formation Oliver Richmond and Sandra Pogodda find answers to the pressing question of how large scale peacebuilding or statebuilding may be significantly improved and made more representative of the lives needs rights and ambitions of its subjects **People, Peace and Power** Diana Francis,2002-04-20 Millions of people around the world live in

countries torn apart by war where violence and suffering are part of everyday life Yet in all those countries there are groups of people working for peace in the midst of war standing up for human rights and decency What difference can they make What can be done to support them and to help dialogue to happen in the midst of hostility and violence This book examines these questions focusing on the roles that ordinary people can play as peace builders in societies where violence and antagonism have become the norm where inter communal relationships are fractured or where institutions and the rule of law have collapsed It examines the theory and practice of conflict transformation and its relevance for different cultures and contexts Using extensive case studies taken from practical workshops the most frequently used form of conflict intervention in the Balkans and around the world it shows both the power and the complexity of such encounters **People in Society**

Helen Grant,Stephen Sinclair,2003 This textbook provides complete coverage of modern studies at S1 and S2 and matches the new 5 14 guidelines for this subject This accessible and comprehensive text also integrates the Scottish aspects of citizenship into modern studies and is supported by an extensive activity pack The Activity and Assessment Pack provides valuable guidance on and exemplification of assessment levels together with teacher notes marking schemes and a wealth of photocopiable lesson support materials **The New Labour Constitution** Michael Gordon,Adam Tucker,2022-02-10 The

New Labour government first elected in 1997 had a defining influence on the development of the modern UK constitution This book combines legal and political perspectives to provide a unique assessment of the way in which this major programme of constitutional reform has changed the nature of the UK constitution The chapters written by leading experts in UK public law and politics analyse the impact and legacy of the New Labour reform programme some 20 years on from the 1997 general election and reveal the ways in which the UK constitution is now to a significant extent the New Labour constitution The book takes a broad approach to exploring the legacy of the New Labour years for the UK constitution The contributors evaluate a range of specific substantive reforms including on human rights devolution freedom of information and the judicial system changes to the process and method of constitutional reform under New Labour the impact on key institutions such as the judiciary and Parliament and a number of wider constitutional themes including national security administrative justice and the relationship between the Labour Party and constitutionalism The book also reflects on the

future challenges for the constitution constructed by New Labour and the prospects for further constitutional reform In bringing together this range of perspectives to reflect on the implications of the New Labour era of reform this book offers a critical examination of a foundational period in the development of the contemporary UK constitution **International Intervention, Identity and Conflict Transformation** Timea Spitka, 2015-12-22 This book addresses the challenges of international intervention in violent conflicts and its impact on groups in conflict When the international community intervenes in a violent internal conflict intervening powers may harden divisions constructing walls between groups or they may foster transformation soften barriers and build bridges between conflicting groups This book examines the different types of external processes and their respective contributions to softening or hardening divisions between conflicting groups It also analyses the types of conflict resolution strategies including integration accommodation and partitioning and investigates the conditions under which the international community decides to pursue a particular strategy and how the different strategies contribute to solidification or transformation of group identities The author uses three case studies Bosnia and Herzegovina BiH Northern Ireland and Israel Palestine to reveal how different types of external interventions impact on the identities of conflicting groups The volume seeks to address how states and international organizations ought to intervene in order to stimulate the building of bridges rather than walls between conflicting groups In doing so the book sheds light on some of the pitfalls in international interventions and highlights the importance of united external process and inclusive identity strategies that promote transformation and bridge differences between conflicting groups This book will be of much interest to students of intervention peace and conflict studies ethnic conflict security studies and IR

Strained Peace: Northern Ireland from Good Friday to Brexit Amanda Hall, 2024-09-30 As the United Kingdom continues to grapple with the aftermath of Brexit one corner of the Union has remained caught in the crosshairs Northern Ireland has been the subject of renewed scrutiny since 2016 as efforts to leave the European Union come up against the terms of the Good Friday Agreement and threaten the region's hard won peace The reasons for these challenges can be traced back to the Agreement itself as the negotiated settlement and its immediate aftermath set in place a strained peace This book examines the function and dysfunction of peace after 1998 to explain why its endurance cannot be taken for granted Strained peace stands apart from the traditional peace violence binary Structures of conflict and patterns of division are reiterated in the structures of peace Tensions might relax just as they might be inflamed by new challenges but the threat of a return to violence is never fully gone This book explores how such a condition developed between Good Friday and Brexit addressing variations in the quality of peace in the insecurity of official structures at Stormont the shifting role of community groups and the third sector and the adaptation of culture as a culture war replaced physical violence on the streets

People-to-People Diplomacy in Israel and Palestine Sapir Handelman, 2016-04-08 The Minds of Peace Experiment is a small scale Israeli Palestinian public negotiating congress The exercise invites Israeli and Palestinian delegations to publicly negotiate solutions to their struggle over a limited period of sessions The initiative is designed to demonstrate the peacemaking power of a major public negotiating congress to evaluate its potential outcomes and to get support for its establishment Scholars from different disciplines describe and analyze the enterprise They provide valuable lessons for improving and elaborating the initiative which has been conducted in major universities around the U S Canada and in Israel Palestine The intention is to add a fresh perspective to the efforts to build a revolutionary peacemaking process in the Israeli Palestinian case The Minds of Peace Experiment is a fascinating laboratory for people to people diplomacy and negotiation The exercise succeeded to demonstrate how people from all walks of life and the entire political spectrum can reach peace agreements while their leaders face major problems in their relationship The book intends to provoke critical and fruitful discussion among those who are interested in negotiation diplomacy and the Israeli Palestinian conflict This book was published as a special issue of Israel Affairs
