Reenvisioning Theological Education Exploring A Missional Alternative To Current Models:

Reenvisioning Theological Education Robert Banks,1999 A top leadership theorist offers a compelling proposal for renovating the way religious education is practiced today Christian colleges and seminaries have not been immune from the cultural influences shaping contemporary education Challenging the conventional wisdom advanced by the educational debate during the last fifteen years Robert Banks builds an innovative new model of theological education based on how ministry formation took place in biblical times Banks takes full account of key issues raised by our current educational context and shows how a missional model of education is more holistic inclusive and practical than recent versions

Towards Vital Wholeness in Theological Education Jessy Jaison,2017-08-14 God s interest in the entirety of our existence and the details of his creation is quite rightly lauded by professing Christians including those involved in theological education But what impact does this biblical truth have on the way in which theological education is conducted Critics are increasingly bringing attention to the shortcomings of theological education in this regard In this thorough examination of the issue of holistic practices throughout the operations of theological institutions Dr Jessy Jaison provides sage and actionable solutions where others have merely observed systemic weaknesses Jaison has applied her expertise and experience of twenty five years in theological education in India to dissect the issues diagnose the symptoms and prescribe a way forward that will lead to stronger leaders practicing healthier ministry in God s Kingdom for those who have ears to hear

The Missional Church and Leadership Formation Craig Van Gelder,2009-10-23 In this volume the third book in the Missional Church series eminent missional church expert Craig Van Gelder continues to track and contribute to the expanding missional church conversation inviting today s brightest minds in the field to speak to key questions concerning church leadership

Reimagining Ministerial Formation David Heywood,2021-04-30 The Church is currently experiencing a transition in the way it understands and practises both mission and ministry It is to be outward looking engaging with the wider community involving all its members in mission and clergy are to play the role of enablers and equippers of the ministry of the whole church However ministerial formation in colleges and courses throughout the country lags behind this emerging consensus Theological education is still largely based on academic models Reimagining Ministerial Formation offers a new way forward where ministry comes to be about the whole church and ministerial formation is about collaboration between clergy and laity It argues strongly for a shift away from front loaded training to a new focus on formation as a life long process

Reimagining Christian Education Johannes M. Luetz,Tony Dowden,Beverley Norsworthy,2018-07-04 This book is an arresting interdisciplinary publication on Christian education comprising works by leading scholars professionals and practitioners from around the globe It focuses on the integrated approaches to Christian education that are both theoretically sound and practically beneficial and identifies innovative pedagogical methods and tools that have been field tested and practice approved It discusses topics such as exploring programmes and courses through

Canonical Theism William Abraham, Jason E. Vickers, Natalie B. Van Kirk, 2008-02-18 The bold thesis of Canonical Theism is that the good and life giving Holy Spirit has equipped the church not only with a canon of scripture but also with an abundant canonical heritage of materials persons and practices However much of the latter has been ignored or cast aside The authors call for the retrieval and redeployment of the full range of this rich legacy Voices from across the spectrum here chart that mine of opportunity and invite the entire church to explore the benefits of their discoveries Ambitious in its scope and agenda Canonical Theism offers insights that will enable the readers to discover anew the faith that has nourished converts created saints and upheld martyrs across the years Contributors William J Abraham Frederick D Aquino Paul L Gavrilyuk Charles Gutenson Douglas M Koskela Mark E Powell Frederick W Schmidt Horace Six Means Natalie B Van Kirk Jason E Vickers David F Watson

Diversified Theological Education F. Ross Kinsler, 2008 *Old Testament in Theology and Teaching* Teresa Chai, 2018-03-22 This book is a series of essays in Old Testament theology and pedagogy Each article is written by scholars with academic competence and long experience in their respective disciplines Written with a high view of the inerrancy of Scripture in mind each author seeks to bring biblical truth to light In most cases the authors write from within the Pentecostal Charismatic tradition and seek to bless the wider Body of Christ

Always Being Reformed David Hadley Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical

Leadership in Theological Education, Volume 1 Fritz Deininger, Orbelina Eguizabal, 2017-04-14 The ICETE Programme for Academic Leadership IPAL was officially established in 2010 and arose out of the need to provide training to theological institutions in different regions of the world IPAL provides a three year cycle of four day seminars for

the professional development of evangelical academic leaders to help institutions in their pursuit of quality and excellence. This publication is the first of three volumes intended to accompany and support the IPAL seminars as well as independently providing wider access to the principles required by academic leaders for institutional development. Each chapter shares and illustrates the contributors' expertise in and understanding of education leadership and administration in the field of evangelical academic institutions. With an intentional awareness of a wide range of non-Western contexts, this volume is a much-needed guide for senior administrators around the world.
