

The background of the book cover is a light cream color. It is populated with numerous stylized representations of chromosomes. Some are drawn in a vibrant blue, while others are in a deep red. These chromosomes are depicted in various stages of division, including single chromatids, X-shaped pairs, and more complex, tangled structures. They are scattered across the entire cover, with a higher concentration in the upper half. A horizontal line, slightly darker than the background, divides the cover roughly in half. Below this line, the background transitions to a solid black, and the chromosomes are rendered in a bright, glowing red color.
