Refiguring American Film Genres:

Refiguring American Film Genres Nick Browne, 1998-04-22 This collection of essays by leading American film scholars charts a whole new territory in genre film criticism Rather than assuming that genres are self evident categories the contributors offer innovative ways to think about types of films and patterns within films in a historical context Challenging familiar attitudes the essays offer new conceptual frameworks and a fresh look at how popular culture functions in American society The range of essays is exceptional from David J Russell s insights into the horror genre to Carol J Clover s provocative take on trial films to Leo Braudy s argument for the subject of nature as a genre Also included are essays on melodrama race film noir and the industrial context of genre production The contributors confront the poststructuralist critique of genre head on together they are certain to shape future debates concerning the viability and vitality of genre in studying American cinema *Refiguring American Film Genres*, 1998

Film Genre Barry Keith Grant, 2023-12-22 Offering an accessible introduction to the study of film genres and genre films this book examines the use of genre in cinema from its beginnings to the present day This book explains the various elements of genre the importance of genre in popular culture problems of definition Hollywood and the studio system ideology and genre national cinema and genre authorship and genre and debates about representation The book also provides an in depth examination of four key genres the Western the horror film the film musical and the documentary film Each chapter provides a historical overview of the genre and a summary of important critical debates and concludes with a case study that builds on the historical and theoretical aspects already introduced and provides a model for subsequent analyses Featured boxes throughout the text highlight specific cycles filmmakers and trends and each chapter concludes with a list of suggestions for further reading **Film Genre The Basics** is an invaluable resource for those new to studying film and for anyone interested in the history and ongoing significance of film genres and genre films

Film/Genre Rick Altman, 2019-07-25 **Film Genre** revises our notions of film genre and connects the roles played by industry critics and audiences in making and re making genre Altman reveals the conflicting stakes for which the genre game has been played and recognises that the term genre has different meanings for different groups basing his new genre theory on the uneasy competitive yet complimentary relationship among genre users and discussing a huge range of films from *The Great Train Robbery* to *Star Wars* and from *The Jazz Singer* to *The Player* Genre and Contemporary Hollywood Steve Neale, 2019-07-25 This wide ranging text is one of the first to look in detail at some of the principal genres cycles and trends in Hollywood s output during the last two decades It includes analysis of such films as *Sense and Sensibility* *Grifters* *The Mask* *When Harry Met Sally* *Pocahontas* *Titanic* *Basic Instinct* Coppola s *Dracula* and *Malcolm X* Film Genre 2000 Wheeler W. Dixon, 2000-02-24 New essays by prominent film scholars address recent developments in American genre filmmaking *The US Sports Film: A Genre of American Dream Time* Danny Gronmaier, 2022-12-05 Sports and film are media that create time They are temporal not only in the sense that they are defined and regulated by certain temporalities

as a result of processes of social negotiation but also in the sense of modulating and intervening in these processes in the first place They are determined by multiple temporalities referring to and aligning along perceptual corporeality but at the same time they also produce time through and along temporalities of bodily expression and perception Thus as much as we perceive and understand sports and film by means of our culturally coded conceptions of time this comprehension is itself already the product of these media s fabrication and modulation of certain audiovisual imaginations of time This book examines these imaginations with regard to US team sports feature films understanding the former as the latter s constitutive conflict which makes these films graspable as a genre in the first place By addressing temporality as an ever new crystallization of a heroic past and an unattainable future in a saturated yet volatile present this conflict connects substantially to the American Dream as an idea of community building historicity Departing from a non taxonomic approach in genre theory and such philosophical recognition of the American Dream as less an ideological narrative but more a social and socially effective imaginary embedded in an audiovisual discourse of time this book demonstrates the interrelation of sports cinema and American subjectivization along close readings of the poetics of affect of five exemplary sports films FIELD OF DREAMS WE ARE MARSHALL KNUTE ROCKNE ALL AMERICAN JIM THORPE ALL AMERICAN MIRACLE Film Genre Reader IV Barry Keith Grant, 2012-12-01 From reviews of the third edition Film Genre Reader III lives up to the high expectations set by its predecessors providing an accessible and relatively comprehensive look at genre studies The anthology s consideration of the advantages and challenges of genre studies as well as its inclusion of various film genres and methodological approaches presents a pedagogically useful overview Scope Since 1986 Film Genre Reader has been the standard reference and classroom text for the study of genre in film with more than 25 000 copies sold Barry Keith Grant has again revised and updated the book to reflect the most recent developments in genre study This fourth edition adds new essays on genre definition and cycles action movies science fiction and heritage films along with a comprehensive and updated bibliography The volume includes more than thirty essays by some of film s most distinguished critics and scholars of popular cinema including Charles Ramirez Berg John G Cawelti Celestino Deleyto David Desser Thomas Elsaesser Steve Neale Thomas Schatz Paul Schrader Vivian Sobchack Janet Staiger Linda Williams and Robin Wood **Melodrama** John Mercer, Martin Shingler, 2013-09-06 Melodrama Genre Style and Sensibility is designed as an accessible overview of one of the most popular genres at undergraduate Film Studies The book identifies three distinct but connected concepts through which it is possible to make sense of melodrama either as a genre originating in European theatre of the 18th and 19th century as a specific cinematic style epitomised by the work of Douglas Sirk or as a sensibility that emerges in the context of specific texts speaking to and reflecting the desires concerns and anxieties of audiences Films discussed include All That Heaven Allows Safe Fear Eats the Soul Black Narcissus Suddenly Last Summer and Rebel Without a Cause Each chapter includes overviews of key essays analyses of significant and widely studied films and includes an annotated reading list

Specters of War Elisabeth Bronfen, 2012-10-03 Specters of War looks at the way war has been brought to the screen in various genres and at different historical moments throughout the twentieth century and into the twenty first Elisabeth Bronfen asserts that Hollywood has emerged as a place where national narratives are created and circulated so that audiences can engage with fantasies ideologies and anxieties that take hold at a given time only to change with the political climate Such cultural reflection is particularly poignant when it deals with America s traumatic history of war The nation has no direct access to war as a horrific experience of carnage and human destruction we understand our relation to it through images and narratives that transmit and interpret it for us Bronfen does not discuss actual conflicts but the films by which we have come to know and remember them including All Quiet on the Western Front The Best Years of Our Lives Miracle at St Anna The Deer Hunter and Flags of Our Fathers Battles and campaigns the home front and women who wait narratives war correspondents and court martials are also explored as instruments of cultural memory Bronfen argues that we are haunted by past wars and by cinematic re conceptualizations of them and reveals a national iconography of redemptive violence from which we seem unable to escape
