The Moosehead Anthology, 1988 *Monographic Series* Library of Congress, *Making Canada New* Dean Irvine, Vanessa Lent, Bart A. Vautour, 2017-03-17 An examination of the connections between modernist writers and editorial activities Making Canada New draws links among new and old media collaborative labour emergent scholars and scholarships and digital modernisms In doing so the collection reveals that renovating modernisms does not need to depend on the fabrication of completely new modes of scholarship Rather it is the repurposing of already existing practices and combining them with others whether old or new print or digital that instigates a process of continuous renewal Critical to this process of renewal is the intermingling of print and digital research methods and the coordination of more popular modes of literary scholarship with less frequented ones such as bibliography textual studies and editing Making Canada New tracks the editorial renovation of modernism as a digital phenomenon while speaking to the continued production of print editions Prism International, 2015 The British Library General Catalogue of Printed Books 1976 to 1982 British Library, 1983 *Branching Out*, 1978 *Room of One's Own*, 1978
