sanctified artefact or a message to be illustrated with music In my book I examine Franz Liszt's songs for voice and piano which remain little known to scholars artists and music lovers alike The objective is to present Liszt's songs in all their complexity and diversity as well as identifying the key elements of the composer's broadly understood song writing technique both those that make him unique and those that relate him to the European tradition This approach also makes it possible to shed light on a major though previously neglected aspect of the composer's workshop namely his work with the poetic text which to Liszt was just as important as the musical setting
