Reflections Of A Neoconservative Looking Back Looking Ahead

David M. Ricci, Professor David M Ricci

Reflections Of A Neoconservative Looking Back Looking Ahead:

Neoconservatism and American Foreign Policy Danny Cooper, 2010-11-10 The purpose of this book is to critically engage with a set of ideas and beliefs that define the neoconservative approach to American foreign policy and illuminate many of the core foreign policy debates that have taken place within the United States over the past several years during the administrations of both George W Bush and Barack Obama *Reflections of a Neoconservative* Irving Kristol, 1986

America Right Or Wrong Anatol Lieven, 2012-09-27 This examination of the American national character provides a sobering look at the course foreign policy has taken since 9 11 revealing how the combination of two contradictory brands of nationalism have undermined American security and the war against terrorism Publisher s description *A Piece of the Action* Eithne Quinn, 2019-12-31 Hollywood is often thought of and certainly by Hollywood itself as a progressive haven However in the decade after the passage of the Civil Rights Act the film industry grew deeply conservative when it came to conflicts over racial justice Amid black self assertion and white backlash many of the most heated struggles in film were fought over employment In *A Piece of the Action* Eithne Quinn reveals how Hollywood catalyzed wider racial politics through representation on screen as well as in battles over jobs and resources behind the scenes Based on extensive archival research and detailed discussions of films like *In the Heat of the Night* *Sweet Sweetback s Baadasssss Song* *Super Fly* *Claudine* and *Blue Collar* this volume considers how issues of race and labor played out on the screen during the tumultuous early years of affirmative action Quinn charts how black actors leveraged their performance capital to force meaningful changes to employment and film content She examines the emergence of Sidney Poitier and other African Americans as A list stars the careers of black filmmakers such as Melvin Van Peebles and Ossie Davis and attempts by the federal government and black advocacy groups to integrate cinema Quinn also highlights the limits of Hollywood s liberalism showing how predominantly white filmmakers executives and unions hid the persistence of racism behind feel good stories and public relations avowals of tolerance A rigorous analysis of the deeply rooted patterns of racial exclusion in American cinema *A Piece of the Action* sheds light on why conservative and corporate responses to antiracist and labor activism remain pervasive in today s Hollywood The Transformation of American Politics David M. Ricci, Professor David M Ricci, 1993-01-01 Washington think tanks such as the Brookings Institution the American Enterprise Institute and the Heritage Foundation have become so large and influential in recent years that they now constitute virtually a new branch of the political system In this engrossing and lively book David M Ricci brilliantly explores the parallel and convergent social economic and political trends within America that have transformed government in Washington and led to the development and prestige of these public policy research centers Ricci argues that since the late 1960s Americans have lost sight of the familiar guidelines that used to help them assess issues and have become more hospitable to think tank research and advice He examines the flood of policy relevant information that has resulted from the growth of expertise and the advent of big

government the confusion over national goals that comes from the decline of the Protestant ethic and the empowerment of minorities the growing influence of television and its focus on instant testimony from experts political changes such as the decline of parties the move to an open Congress and the growth of an independent presidency the pervasive power of modern marketing and much more According to Ricci policy ideas generated by think tank research and commentary are helpful in providing greater objectivity and political insight not only because of their general reliability but also because in their ideological variety think tanks generate a substantial range of policy proposals giving voice to a healthy factional pluralism and facilitating a constant testing of ideas In today's dissonant politics Ricci concludes think tanks contribute some order and occasionally wisdom in the ongoing battle in Washington over political ideas

Conservative Thought and American Constitutionalism Since the New Deal Johnathan O'Neill, 2022-11-29 In this work of intellectual history the author

identifies four transformations in federal government that followed the New Deal the rise of the administrative state the erosion of federalism the ascendance of the modern presidency and the development of modern judicial review He then considers how schools of conservative thought traditionalists neoconservatives libertarians Straussians responded to each transformation

The CIA and the Congress for Cultural Freedom in the Early Cold War Sarah Miller Harris, 2016-08-05 This book questions the conventional wisdom about one of the most controversial episodes in the Cold War and tells the story of the CIA's backing of the Congress for Cultural Freedom For nearly two decades during the early Cold War the CIA secretly sponsored some of the world's most feted writers philosophers and scientists as part of a campaign to prevent Communism from regaining a foothold in Western Europe and from spreading to Asia By backing the Congress for Cultural Freedom the CIA subsidized dozens of prominent magazines global congresses annual seminars and artistic festivals When this operation QKOPERA became public in 1967 it ignited one of the most damaging scandals in CIA history Ever since then many accounts have argued that the CIA manipulated a generation of intellectuals into lending their names to pro American anti Communist ideas Others have suggested a more nuanced picture of the relationship between the Congress and the CIA with intellectuals sometimes resisting the CIA's bidding Very few accounts however have examined the man who held the Congress together Michael Josselson the Congress's indispensable manager and secretly a long time CIA agent This book fills that gap Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and

International Relations in general

Citizens and Citoyens Mark Hulliung, 2002-11-04 In a tour de force of comparative intellectual history Mark Hulliung sharply challenges conventional wisdom about the political nature of the sister republics America and France Hulliung argues that the standard American account of a continuous Jacobin republican tradition illiberal to the core is fatally misleading In reality it was the nineteenth century French liberals who undermined the cause of

liberalism and it was French republicans who eventually saved liberal ideals And comparison with France provides compelling evidence that the American republic was from the beginning both liberal and republican Americans have been engaged in the right debate wrong country Antiliberal intellectuals New Leftists neoconservatives and communitarians alike have disfigured much of the republican scholarship by falsely conjuring up a history of the United States wherein rooted and moral republicans once held sway where today we encounter uprooted and amoral liberals Lively stimulating and sure to be controversial Citizens and Citoyens is a valuable contribution to the political culture debate **NeoConservatism C.**

Bradley Thompson,2015-11-17 An obituary so soon Surely the reports of neoconservatism s death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America s founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of neoconservative thought and action **Empire for Liberty** Richard H. Immerman,2010-04-05 An historian examines six public figures from Benjamin Franklin to Paul Wolfowitz who used the language of liberty to further American imperialism How could the United States a nation founded on the principles of liberty and equality have produced Abu Ghraib torture memos and warrantless wiretaps In Empire for Liberty historian Richard Immerman reveals that the quest for empire has guided the nation s architects from the very beginning and continues to do so today Immerman paints nuanced portraits of six men who influenced the course of American empire Benjamin Franklin John Quincy Adams William Henry Seward Henry Cabot Lodge John Foster Dulles and Paul Wolfowitz Each played a pivotal role as empire builder and with the exception of Adams did so without occupying the presidency Taking readers from the nation s founding to the War on Terror Immerman shows how the trajectory of American empire was relentless if not straight and how these shrewd and powerful individuals shaped their rhetoric about liberty to suit the times and their needs But Immerman also demonstrates liberty and empire were on a collision course And in the Global War on Terror and the occupation of Iraq they violently collided

Whispering the Strategies of Language: An Emotional Quest through **Reflections Of A Neoconservative Looking Back Looking Ahead**

In a digitally-driven world wherever monitors reign great and quick connection drowns out the subtleties of language, the profound strategies and mental nuances concealed within phrases usually go unheard. However, set within the pages of **Reflections Of A Neoconservative Looking Back Looking Ahead** a captivating literary prize pulsing with fresh thoughts, lies a fantastic quest waiting to be undertaken. Composed by a skilled wordsmith, that charming opus attracts viewers on an introspective journey, delicately unraveling the veiled truths and profound impact resonating within the fabric of every word. Within the psychological depths of this poignant review, we shall embark upon a honest exploration of the book is key themes, dissect their interesting writing style, and yield to the powerful resonance it evokes deep within the recesses of readers hearts.
