Reframing Pilgrimage:

Reframing Pilgrimage Simon Coleman, John Eade, 2004-08-02 Reframing Pilgrimage argues that sacred travel is just one of the twenty first century's many forms of cultural mobility. The contributors consider the meanings of pilgrimage in Christian, Mormon, Hindu, Islamic and Sufi traditions as well as in secular contexts and they create a new theory of pilgrimage as a form of voluntary displacement. This voluntary displacement helps to constitute cultural meaning in a world constantly en route. Pilgrimage which works both on global economic and individual levels is recognised as a highly creative and politically charged force intimately bound up in economic and cultural systems. *Reframing Pilgrimage* Simon Coleman, John Eade, European Association of Social Anthropologists, 2004. Reframing Pilgrimage argues that sacred travel is just one of the twenty first century's many forms of cultural mobility. The contributors consider the meanings of pilgrimage in Christian, Mormon, Hindu, Islamic and Sufi traditions as well as in secular contexts and they create a new theory of pilgrimage as a form of voluntary displacement. This voluntary displacement helps to constitute cultural meaning in a world constantly en route. Pilgrimage which works both on global economic and individual levels is recognised as a highly creative and politically charged force intimately bound up in economic and cultural systems. Redefining Pilgrimage Antón M. Pazos, 2016-04-22 Exploring what does and what does not constitute pilgrimage. Redefining Pilgrimage draws together a wide variety of disciplines including politics, anthropology, history, religion and sociology. Leading contributors offer a broad range of case studies from a wide geographical area exploring new ways of approaching pilgrimage beyond the classical religious model. Re-thinking the global phenomenon of pilgrimages in the 21st century, this book offers new perspectives to redefine pilgrimage. *Pilgrimage as Transformative Process* Heather A. Warfield, Kate Hetherington, 2018-11-26 The construct of transformation has emerged as a prominent theme in academic discourse. Based on the accepted notion that processes and living organisms are in an ongoing state of development, it is unsurprising that this concept of transformation would find resonance within literature on the pilgrimage phenomenon. Examples of transformational processes intersecting with pilgrimage are the movement from sickness to wellness, from grief to closure and from fractured to integrated. That the pilgrimage journey itself can be construed as a transformational quest was noted by Winkelman and Dubisch 2005 who stated: 'Life-transforming experiences are at the core of both traditional and more contemporary forms of pilgrimage.' In the current volume, Warfield and Hetherington examine the transformational process of pilgrimage journeys. Contributors are Sharenda Holland, Barlar Anne M. Blankenship, Valentina Bold, Shirley du Plooy, Alexandria M. Egler, Miguel Tain Guzman, Kate Hetherington, Scott Libson, Chadwick Co. Sy, Su Kip Redick, Roy Tamashiro and Heather A. Warfield. Cities of Pilgrimage Suhaylā Shahshahānī, 2009 Pilgrimage places anthropological works on a privileged platform for religious studies. The origin of built environment sets apart a platform for worship. It contains the dichotomy of life and death, striving towards the spirit of a dead that may or may not be religious. It is a soul searching process, a coming to terms with hopes and disillusion.

Human situations in the flow of globalised urban areas draw together primal human search and economic considerations The sacred and the profane the belief in miracles and the management of both necessitate fresh search of urban pilgrimage

Women and Pilgrimage E. Moore Quinn, Alison T. Smith, 2022-03-08 Women and Pilgrimage presents scholarly essays that address the lacunae in the literature on this topic The content includes well trodden domains of pilgrimage scholarship like sacred sites and holy places In addition the book addresses some of the less well known dimensions of pilgrimage such as the performances that take place along pilgrims paths the ephemeral nature of identifying as a pilgrim and the economic social and cultural dimensions of migratory travel Most importantly the book s feminist lens encourages readers to consider questions of authenticity essentialism and even what it means to be a woman pilgrim The volume s six sections are entitled Questions of Authenticity Performances and Celebratory Reclamations Walking Out Women Forging Their Own Paths Women Saints Their Influence and Their Power Sacred Sites Their Lineages and Their Uses and Different Migratory Paths Each section will enrich readers knowledge of the experiences of pilgrim women The book will be of interest to scholars of pilgrimage studies in general as well as those interested in women travel tourism and the variety of religious experiences

Walking to Magdalena Seth Schermerhorn, 2019-04-01 In Walking to Magdalena Seth Schermerhorn explores a question that is central to the interface of religious studies and Native American and indigenous studies What have Native peoples made of Christianity By focusing on the annual pilgrimage of the Tohono O odham to Magdalena in Sonora Mexico Schermerhorn examines how these indigenous people of southern Arizona have made Christianity their own This walk serves as the entry point for larger questions about what the Tohono O odham have made of Christianity With scholarly rigor and passionate empathy Schermerhorn offers a deep understanding of Tohono O odham Christian traditions as practiced in everyday life and in the words of the O odham themselves The author s rich ethnographic description and analyses are also drawn from his experiences accompanying a group of O odham walkers on their pilgrimage to Saint Francis in Magdalena For many years scholars have agreed that the journey to Magdalena is the largest and most significant event in the annual cycle of Tohono O odham Christianity Never before however has it been the subject of sustained scholarly inquiry Walking to Magdalena offers insight into religious life and expressive culture relying on extensive field study videotaped and transcribed oral histories of the O odham and archival research The book illuminates indigenous theories of personhood and place in the everyday life narratives songs and material culture of the Tohono O odham
