Refugees Four Political Case Studies:

US-Pakistan Relationship A.Z. Hilali, 2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration. The book explores the causes of Pakistan's involvement in the Afghanistan war and the United States support to prevent Soviet adventurism. It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters; it also provided access to its military bases to use against the Soviet Union. The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics. Furthermore, it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan's development towards a progressive, moderate and democratic society. Ideally suited to courses on foreign policy.

PROBLEM OF VIETNAM BOAT PEOPLE IN HONG KONG Gutti Raja Mohan Rao, 2018-04-24 One of the legacies of the unification of Vietnam under Communist leadership in 1976 was the problem of Vietnamese boat people. Tens of thousands of Vietnamese refugees fled the country in order to escape persecution and economic hardships. Since majority of them used small boats to flee the country to the neighbouring Southeast Asian Countries and Hong Kong, the Vietnamese refugees came to be called as boat people. This dissertation is an attempt to analyse the problem of Vietnam boat people from 1975 to 1991, that is, from the birth of the boat people problem in the wake of American withdrawal from Vietnam in April 1975 to the conclusion of Paris Peace Accords on Cambodia in October 1991, which among other things facilitated Vietnam's reintegration into the World Community and the consequent growth of Vietnamese economy, which in turn it was fervently hoped would not only induce the Vietnamese refugees to return to their native country but also discourage the Vietnamese from leaving the country.

Refugee Manipulation Stephen John Stedman, Dr. Fred Tanner, 2004-05-13 Since World War II, refugee organizations have faced a recurrent challenge: the manipulation of refugees by warring parties to further their own aims. Some armies, in civil wars facing military defeat, use refugees as assets to establish the international legitimacy of their cause, treat refugee camps as sanctuaries and recruitment pools, and limit access to refugees to ensure that they will not repatriate. Focusing on the geopolitical security environment surrounding militarized camps and the response of humanitarian agencies, the contributors to this volume examine the ways armed groups manipulate refugees and how and why international actors assist their manipulation. They then offer suggestions for reducing the ability of such groups to use the suffering of refugees to their own advantage. The contributors examine three cases: Cambodian refugees along the Thai border in the 1970s and 1980s; Afghan refugees in Pakistan in the 1980s and 1990s; and Rwandan refugees in Eastern Zaire from 1994-96. They argue that refugee manipulation occurs because warring parties gain resources in their fight for power and other actors often the host government and regional and major powers encourage and support it. Manipulation is allowed to occur because the

international refugee regime and major states have not identified a consistent approach to stopping it In the post Cold War era the United Nations and its members have chosen to treat the issue as a humanitarian problem instead of a security problem As the contributors make clear however manipulation of refugees has important ramifications for international security turning some civil wars into larger protracted regional wars They argue that the geopolitics of refugee manipulation leads to sanguine conclusions about stopping it Solutions must change the moral political and strategic calculations of states that are implicated in the manipulation As long as the problem is not deemed a security threat

Refugee Cities Sanaa Alimia, 2022-09-13 Situated between the 1970s Soviet Union s invasion of Afghanistan and the post 2001 War on Terror Refugee Cities tells the story of how global wars affect everyday life for Afghans who have been living as refugees in Pakistan This book provides a necessary glimpse of what ordinary life looks like for a long term refugee population beyond the headlines of war terror or helpless suffering It also increases our understanding of how cities rather than the nation are important sites of identity making for people of migrant origins In Refugee Cities Sanaa Alimia reconstructs local microhistories to chronicle the lives of ordinary people living in low income neighborhoods in Peshawar and Karachi and the ways in which they have transformed the cities of which they are a part In Pakistan formal citizenship is almost impossible for Afghans to access despite this Afghans have made new neighborhoods expanded city boundaries built cities through their labor in construction projects and created new urban identities and often they have done so alongside Pakistanis Their struggles are a crucial neglected dimension of Pakistan s urban history Yet given that the Afghan experience in Pakistan is profoundly shaped by geopolitics the book also documents how in the War on Terror era many Afghans have been forced to leave Pakistan This book then is also a documentation of the multiple displacements migrants are subject to and the increased normalization of deportation as a part of refugee management
