Spanos,2023-08-16 How can we create more inclusive spaces in the field of dance This book presents a framework for dance practitioners and researchers working in diverse dance cultures to navigate academia and the professional dance field The framework is based on the idea of cultural confluences conjuring up an image of bodies of water meeting and flowing into and past one another migrating through what the authors refer to as the mainstream and non mainstream These streams are fluid categories that are associated with power privilege and the ability or inability to absorb other cultural forms in shared dance spaces In reflective interludes and dialogues Emoghene and Spanos consider the effects of migration on their own individual experiences in dance to understand what it means to carry culture through the body in various spaces Through an analysis of language aesthetic values spaces creative processes and archival research practices the book offers a collaborative model for communicating the value that marginalized dance communities bring to the field This book will be of great interest to students scholars and arts administrators in dance Turning the Tune Adam Kaul,2009-11-01 The last century has seen radical social changes in Ireland which have impacted all aspects of local life but none more so than traditional Irish music an increasingly important identity marker both in Ireland and abroad The author focuses on a small village in County Clare which became a kind of pilgrimage site for those interested in experiencing traditional music He begins by tracing its historical development from the days prior to the influx of visitors through a period called the Revival in which traditional Irish music was revitalized and transformed to the modern period which is dominated by tourism A large number of incomers locally known as blow ins have moved to the area and the traditional Irish music is now largely performed and passed on by them This fine grained ethnographic study explores the commercialization of music and culture the touristic consolidation and consumption of place and offers a critique of the trope of authenticity all in a setting of dramatic social change in which the movement of people is constant *The Anthropology of Ireland* Hastings Donnan,Thomas M. Wilson,2020-08-04 Where and what is Ireland What are the identities of the people of Ireland How has European Union membership shaped Irish people's lives and interests How global is local Ireland This book argues that such questions can be answered only by understanding everyday aspects of Irish culture and identity Such understanding is

achieved by paying close attention to what people in Ireland themselves say about the radical changes in their lives in the context of wider global transformation As notions of sex religion and politics are radically reworked in an Ireland being re imagined in ways inconceivable just a generation ago anthropologists have been at the forefront of recording the results The first comprehensive book length introduction to anthropological research on the island as a whole The Anthropology of Ireland considers the changing place in a changing Ireland of religion sex sport race dance young people the Travellers St Patrick s Day and much more *The Globalization of Irish Traditional Song Performance* Susan H. Motherway,2016-03-09 In *The Globalization of Irish Traditional Song Performance* Susan Motherway examines the ways in which performers mediate the divide between local and global markets by negotiating this dichotomy in performance practice In so doing she discusses the globalizing processes that exert transformative influences upon traditional musics and examines the response to these influences by Irish traditional song performers In developing this thesis the book provides an overview of the genre and its subgenres illustrates patterns of musical change extant within the tradition as a result of globalization and acknowledges music as a medium for re negotiating an Irish cultural identity within the global Given Ireland s long history of emigration and colonisation globalization is recognised as both a synchronic and a diachronic phenomenon Motherway thus examines Anglo Irish song and songs of the Irish Diaspora Her analysis reaches beyond essentialist definitions of the tradition to examine evolving sub genres such as Country Irish Celtic and World Music She also recognizes the singing traditions of other ethnic groups on the island of Ireland including Orange Order Ulster Scots and Traveller song In so doing she shows the disparity between native conceptions and native realities in respect to Irish cultural Identity *Popular World Music* Andrew Shahriari,2015-10-16 Exploring Popular World Music is the first introductory level text written to introduce students to popular music styles from around the world Focusing on styles that all students will know from Reggae to Klezmer from Afro Pop to Kodo drums the book offers a comprehensive listening oriented introduction to the world s popular musical cultures Each chapter will focus on a specific music style and its associated geographic locale The salient musical and cultural features associated with each example are discussed in detail to increase our appreciation of the music Relevant artists will be highlighted and suggestions for further reading and listening will be offered By the end of the book the student should be able to 1 recognize a variety of world music styles 2 articulate musical and cultural knowledge associated with each style and 3 identify important artists related to the genre Supplementing the text will be a web site fcreated by the author featuring the author s world music map enabling students to explore pop music cultures as they relate to each other as well as an iTunes playlist for all the highlighted selections in the book This book should strongly appeal to Intro to World Music Courses for non majors who wish to study popular rather than traditional musics of the world which would encompass a large majority of students enrolled in these courses *A Million Miles from Broadway Revised and Expanded Edition* Mel Atkey,2019 Musical theatre is and always has been an international form not just an American one It can take root anywhere

Few people would realise that such hit standards as *The Glow Worm* *Brazil* *Mack the Knife* *I Will Wait for You* and *El Condor Pasa* came from foreign language musicals. *A Million Miles from Broadway* Musical Theatre Beyond New York and London looks at the history and future of work that exists outside of the two traditional centres. Met Atkey has lectured internationally on musical theatre. He is also a composer and lyricist himself. When his musical *A Little Princess* written with the late Robert Sickingler opened the *New York Times* praised its lovely music. His earlier book *Broadway North: the Dream of a Canadian Musical Theatre* has become the basis for courses taught in Canadian Universities including Sheridan College where the international hit musical *Come from Away* was born. Australian TV producer and musical writer Peter Pinne called it well documented full of facts and a compelling read for any musical theatre buff.

The Irish Expatriate Novel in Late Capitalist Globalization Joe Cleary, 2021-11-11 This study of contemporary Irish expatriate fiction offers a boldly original world facing rather than nation focused overview of the contemporary Irish novel. Chapters examine how Irish narrative deals with the United States in a time of declining global hegemony a rising China and Asia a thwarted and turbulent Global South and a European Union that has decisively reshaped Ireland in the last half century. The author argues that in a late capitalist world defined by volatile economic and cultural globalizations the Irish novel is struggling to imagine new ways to narrate the country's relationship to the world capitalist system and to find new place for Irish writing in the world literary system. Looking at a rapidly changing Ireland in a rapidly changing international order Joe Cleary offers new readings of novels by Colm T. ib n Anne Enright Joseph O'Neill Deirdre Madden Mary Costello Naoise Dolan Aidan Higgins Colum McCann Ronan Sheehan and Ronan Bennett.

Step Dancing in Ireland Catherine E. Foley, 2016-04-01 For many people step dancing is associated mainly with the Irish step dance stage shows Riverdance and Lord of the Dance which assisted both in promoting the dance form and in placing Ireland globally. But in this book Catherine Foley illustrates that the practice and contexts of step dancing are much more complicated and fluid. Tracing the trajectory of step dancing in Ireland she tells its story from roots in eighteenth century Ireland to its diverse cultural manifestations today. She examines the interrelationships between step dancing and the changing historical and cultural contexts of colonialism nationalism postcolonialism and globalization and shows that step dancing is a powerful tool of embodiment and meaning that can provoke important questions relating to culture and identity through the bodies of those who perform it. Focusing on the rural European region of North Kerry in the south west of Ireland Catherine Foley examines three step dance practices: one the rural Molyneux step dance practice representing the end of a relatively long lived system of teaching by itinerant dancing masters in the region; two Rinceoir na R. ochta a dance school representative of the urbanized staged competition orientated practice cultivated by the cultural nationalist movement; the Gaelic League established at the end of the nineteenth century and practised today both in Ireland and abroad; and three the stylized commoditized folk theatrical practice of Siamsa T. re the National Folk Theatre of Ireland established in North Kerry in the 1970s. Written from an ethnochoreological perspective Catherine Foley provides a rich

historical and ethnographic account of step dancing step dancers and cultural institutions in Ireland
