Road To Teheran The Story Of Russia Am:

The Superpowers Paul Dukes,2002-01-04 The Superpowers traces the development of the USA and Russia later USSR from 1898 through to 2000 placing the Cold War from inception to ending into the wider social economic and political context This is the first history of the two major participants and their relationship throughout the twentieth century The Superpowers explores the intertwining history of the two powers chronologically and includes discussion of the inheritance of the two great powers and their imperial background World War One and the Russian Revolution Capitalism and Socialism World War Two and its impact the conflicts in Berlin Czechoslovakia Vietnam and Afghanistan Perestroika and the end of the USSR the significance of the events of 1991 and their legacy *The Last Great Game: USA Versus USSR* Paul Dukes,2016-10-06 This book is a historical reinterpretation of the Cold War in the broadest sense from the viewpoint of the late 1980s Dukes contends that the rivalry of the USA and Soviet Union like the Great Game between Britain and Imperial Russia can be understood only by analysing their relationship over centuries He adopts the explanatory model of French historian Fernand Braudel the concepts of event conjuncture and structure and examines the super power relationship in an historical context stretching back to the medieval period He argues that the political and cultural gaps between Western and Soviet approaches at key events have stemmed from widely different experiences of these events as well as from long embedded traditions *The New York Times Current History* ,1916 **Princeton Alumni Weekly** ,1927 **The New Era and the New Deal, 1920-1940** ,1981 *The New York Times Book Review* ,1944 **The New York Times Current History of the European War** ,1917 The Magazine Subject-index ,1945 Contains the cumulation of the subject index issued in the quarterly numbers of the Bulletin of bibliography and magazine subject index **The Cambridge History of Iran** William Bayne Fisher,P. Combs,2015-02-12 This important text offers a clear concise and affordable narrative and analytical history of American foreign policy since the Spanish American War The book narrates events and policies but goes further to emphasize the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves
