American Legends Charles River Charles River Editors, 2018-03-15 Includes pictures Includes Redford s own quotes about his life and career Includes a bibliography for further reading The way you really find out about the performer s seriousness about the cause is how long they stay with it when the spotlight gets turned off Robert Redford People say I ve gone against Hollywood but I ve tried to be independent within Hollywood tried to be my own person Robert Redford A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known When Robert Redford first entered the national spotlight in the early 1960s he was hardly viewed as a serious actor and with his red hair blonde complexion and athletic build he was seen more as a handsome man than a skilled one On top of that he came a time in which most Hollywood stars were tall dark and slender like one of his most famous co stars Paul Newman and by comparison Redford looked more like a surfer It was an unfortunate stereotype because he had already studied acting and even performed on Broadway even as people initially had great difficulty in taking him seriously The acting roles for which he first became famous such as Barefoot in the Park featured him in what Elisa Leonelli has referred to as golden boy roles and this was something that would take years to overcome but it also gave him a chip on his shoulder As he later noted half in jest I think a lot of people thought my career started with Butch Cassidy That description of Redford is hard to square with opinions of him today Indeed Redford is now considered one of the leading figures of art house cinema not only in America but across the world as well Presiding over the Sundance Film Festival which is housed in his figurative backyard in Park City Utah Redford oversees the leading festival for independent cinema in the United States facilitating exposure to art house films that otherwise would have struggled to find any distribution and transforming Sundance into a wildly successful company in its own right Meanwhile over the last few decades Redford s career has placed him among the great Hollywood actors of his generation alongside the likes of Robert DeNiro Al Pacino and Dustin Hoffman Moreover where

Redford separates himself from these other figures of acting royalty is that he is also an accomplished director as evidenced by the successes of *Ordinary People* 1980 *The Milagro Beanfield War* 1988 *A River Runs Through It* 1992 and other films. Clearly Redford has distanced himself as far as possible from the golden boy label that constrained him early in his career. *American Legends: The Life of Robert Redford* charts Redford's shift from an actor who could not garner any respect to one of Hollywood's most important figures along with an analysis of his famous films that portrayed various topics like masculinity, sport, and the American West. Along with pictures of important people, places, and events, you will learn about Robert Redford like never before in no time at all. **Robert Redford** Robert Redford, 1978 *Robert Redford* Dr. Donald A. Reed, 1975

Robert Redford David Paige, 1977 A biography of the popular actor who starred in the films *Butch Cassidy and the Sundance Kid*, *The Sting*, and *All the President's Men*. **Butch and Sundance** Charles River Editors, 2014-06-12 Includes pictures. Includes the actors' quotes about their lives and careers. Includes a bibliography for further reading. The first time I remember women reacting to me was when we were filming *Hud* in Texas. Women were literally trying to climb through the transoms at the motel where I stayed. At first it's flattering to the ego. At first, then you realize that they're mixing me up with the roles I play, characters created by writers who have nothing to do with who I am. Paul Newman: People say I've gone against Hollywood, but I've tried to be independent within Hollywood, tried to be my own person. Robert Redford: Over the course of his long film career, Paul Newman was once one of the most bankable stars in Hollywood during his peak, and that was decades before he won an Academy Award for Best Actor for his role in *The Color of Money* 1986, one of the eight times he was nominated for an Oscar. Having come to prominence as a handsome but rebellious young man in the mold of James Dean, Newman was able to maintain an aura that viewers found both cool and irresistible even into his 60s, typically an age when leading men find themselves on the outs. Newman was even nominated for an Academy Award for Best Supporting Actor for *Road to Perdition* 2002 when he was in his late 70s, and he continued working in the industry until just shortly before his death in 2008. While Newman was a recognizable film star in his time, younger generations know Newman more as a pop culture fixture than as a movie star. Newman acted and directed in Hollywood for six decades, but he was noteworthy off the screen for various pursuits, including running a racing team that was successful in IndyCar racing, but especially for the food products that bore his name. Newman established the food company Newman's Own as a philanthropic endeavor, once joking, "When I realized I was going to have to be a whore to put my face on the label, I decided that the only way I could do it was to give away all the money we make." Over the years, that ethical stance has given us a 30 per cent boost. One in three customers buys my products because all the profits go to good causes, and the rest buy the stuff because it is good. Although he started jokingly referring to himself as the star of oil and vinegar, and the oil and vinegar of the stars, consumers still find Newman's face on labels for goods like salad dressing and popcorn, and the brand name is still very popular today, helping carry Newman's name and legacy forward. Redford is now considered one of the leading figures of art house cinema.

not only in America but across the world as well Presiding over the Sundance Film Festival which is housed in his figurative backyard in Park City Utah Redford oversees the leading festival for independent cinema in the United States facilitating exposure to art house films that otherwise would have struggled to find any distribution and transforming Sundance into a wildly successful company in its own right Meanwhile over the last few decades Redford s career has placed him among the great Hollywood actors of his generation alongside the likes of Robert DeNiro Al Pacino and Dustin Hoffman Moreover where Redford separates himself from these other figures of acting royalty is that he is also an accomplished director as evidenced by the successes of Ordinary People 1980 The Milagro Beanfield War 1988 A River Runs Through It 1992 and other films Clearly Redford has distanced himself as far as possible from the golden boy label that constrained him early in his career This book examines the lives and careers of both legendary actors Along with pictures and a bibliography you will learn about Paul Newman and Robert Redford like never before The Films of Robert Redford David Castell,1978-09-01 Robert Redford Diane Paterson,2019-04-04 Charles Robert Redford Jr born on August 18th 1936 Santa Monica California U S is an actor director producer businessman environmentalist and philanthropist He is the founder of the Sundance Film Festival Robert Redford Michael Feeney Callan,2011
