Russian Hide And Seek:

Russian Hide-and-seek Iain Lauchlan,2002 This book is a study of the operational center of Tsar Nicholas II s secret police the Okhrana or Okhranka during the peak of its activities and notoriety It explores the gulf between the theory and practice of espionage whereby attempts to create a rational bureaucratic surveillance machine clash with the unpredictable factor of human nature and its weaknesses The author also examines the social and political friction aroused by the Okhrana during Imperial Russia s turbulent constitutional experiment Rather than rehashing the old demonic image of a prototypical totalitarian secret police agency Russian Hide and Seek places the Okhrana in its historical context as an innovator among the Great Powers in the realms of political intelligence and counter terrorism striving to avert the precipitous descents into world war and revolution
