Russian Houses:

Russian Houses Elizabeth Gaynor, Kari Haavisto, Darra Goldstein, 1991 *Russian Houses* offers an unprecedented look at the architecture and interiors of Ostankino the Menshikov Palace and other homes of the princes and czars The rough hewn beauty of traditional peasant homes with their samovars stoves and ornate exteriors is portrayed with knowledgeable and insightful authority The breathtaking photographs and evocative text guide the reader through the homes of Pasternak Gorky Dostoevsky and other artists and intellectuals Over 300 full color photographs [The Russian "House"](#) Jason C.

Vaughn, 2018-10-15 *The Russian House An Examination of Post Soviet Russian Culture in the Times of Putin* examines Russian society as considered by the Russian people This study recognizes the political economic and social structure of post Soviet Russia in the 2010s era given that the Russian citizenry the ethnic and the civil still desires and recognizes the need for reform while still relying on a host of ideas which Russian society and culture reflexively fall back on This book will examine categorizations as separated into five co equal constructs that this book will posit to be axiomatic of Russian culture and worthy of consideration in further view of the possibility for Russia to one day become a stable and prosperous country without authoritarianism bloodshed militarism or excess nationalism **The Russian House** Ella Krasner, Johanna

Thornycroft, Andreas Einsiedel, 2005 *From the 18th century Russia looked to the West observed the latest fashions and set about creating its own unique style built upon the country's multiple natural and human resources Art and literature flourished and Russians revelled in their individualism A romantic nostalgic and deeply religious people they treasure their possessions adore colour and pattern and successfully create interiors that are a reminder of leisurely family gatherings and old fashioned hospitality Featuring over 200 specially commissioned photographs of previously unseen locations combined with fascinating text which delves into the complexities of Russia's problematic history The Russian house offers a rare view of a lifestyle that is fast disappearing [Merchant Vessels of the United States...](#) United States. Domestic Scenes in Russia Richard Lister Venables, 1856 **Living Places in Russia** Dyranda Prevost, Natalia Dushkina, 1999 *In Living Places in Russia* photographer Dyranda Prevost and architect Natalia Dushkina have conveyed life in Russia at a critical moment in history recording 22 homes in both city and country Westerners remember the Berlin Wall and its momentous fall that followed glasnost and perestroika this book reveals the concealed historic changes to the walls containing ordinary Russian people since the 1917 Revolution Documented in 1990 1991 and completed in 1999 the images and voices in this book are a revelation a collective image of various professions and strata living in a variety of buildings built in different periods These photographs capture the ambience of a lived in place and the messages conveyed by its objects The interviews allow the inhabitants to tell their own stories and express their constant longing for freedom and tranquility epitomized by life in the countryside in however humble a place that may be [The Russian Empire, Its People, Institutions, and Resources](#) August von Baron Haxthausen, 1856 [Material Culture in Russia and the USSR](#) Graham H.

Roberts,2020-05-28 Material Culture in Russia and the USSR comprises some of the most cutting edge scholarship across anthropology history and material and cultural studies relating to Russia and the Soviet Union from Peter the Great to Putin Material culture in Russia and the USSR holds a particularly important role as the distinction between private and public spheres has at times developed in radically different ways than in many places in the more commonly studied West With case studies covering alcohol fashion cinema advertising and photography among other topics this wide ranging collection offers an unparalleled survey of material culture in Russia and the USSR and addresses core questions such as what makes Russian and Soviet material culture distinctive who produces it what values it portrays and how it relates to high culture and consumer culture The Russian Empire, Its People, Institutions and Resources August Freiherr von Haxthausen,1856

Russia Johann Georg Kohl,1842 **The Russian Review** ,1916 **SIPRE Report** , **Russia and the Russians, in 1842** Johann Georg Kohl,1843 **The Russian Empire** Baron Von Haxthausen,2013-10-15 This is Volume I of two on the people institutions and resources of the Russian Empire first published in English in 1856 This edition has been translated from the German version and is a condensed in terms of content from the original three volumes Russia Astolphe Louis L. marq. de Custine,1844 **The Body Soviet** Tricia Starks,2008-11-04 Health though essential to the revolutionary vision and crucial to Soviet plans for utopia has been neglected by traditional histories caught up in Cold War debates The Body Soviet recovers this significant aspect of Soviet thought by providing a cross disciplinary comparative history of Soviet health programs that draws upon rich sources of health care propaganda including posters plays museum displays films and mock trials **Studies in Russia** Augustus John Cuthbert Hare,1885 *Economy and Society in Russia and the Soviet Union, 1860-1930* Linda Edmondson,Peter Waldron,1992-11-25 This is a volume of essays exploring important themes in the economic and social history of Russia and the Soviet Union during the critical period between 1860 and 1930 It covers developments in agriculture industry trade economic theory defence policy and the social impact of revolution The essays are written by well established specialists in Russian and Soviet economic and social history and are intended as a tribute to the work of the highly esteemed economic historian Olga Crisp American Enterprise in Foreign Markets Fred V. Carstensen,2018-08-25 In 1914 the two largest firms in Russia were subsidiaries of American companies Remarkably they were almost as large as their parent companies striking testimony to the potential of the underdeveloped Russian market Fred Carstensen provides detailed histories of the movement of International Harvester and Singer into this new profitable and somewhat forbidding territory Describing how both sales organizations evolved in Russia Carstensen relates their development to overall company histories worldwide growth changing sales strategies and structures recruitment and training of employees and corporate leadership in America and abroad He finds that both firms entered the Russian market because they needed new outlets to sustain high levels of production and sales Although there are parallels in their experiences Carstensen identifies how the responses of the two corporations differed reflecting the varying strategies and

perceptions of company management Together the case studies provide a test for many of the supposed qualities and patterns of Russian economic history Contrary to accounts of the experiences of other companies these firms found the Russian market remarkably rich developing a level of sales that might have surpassed the American market if war had not erupted In contrast to the standard view of foreign enterprise neither company came to Russia because of government invitation or influence but rather because of the intrinsic attractiveness of the markets and neither firm found the government bureaucracy graft ridden or the customers dishonest Carstensen shows that International Harvester and Singer Sewing Machine clearly influenced Russia in a positive way Both trained large numbers of Russians in modern industrial and marketing procedures and both provided an extraordinary volume of credit on comparatively easy terms to encourage purchase of their products Indeed the success of their approach suggests that Russian economic development may have been limited not by weak aggregate demand but by the relative absence of sources of credit Originally published in 1984 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value [Home Life in Russia](#) Angelo Solomon Rappoport,1913
