paradigm of colonial cosmopolitanism Russian for Tourists Виталий Григорьевич Костомаров,1987 **Transnational Russian-American Travel Writing** Margarita Marinova,2012-05-22 In this study Marinova examines the diverse practices of crossing boundaries tactics of translation and experiences of double and multiple political and national attachments evident in texts about Russo American encounters from the end of the American Civil War to the Russian Revolution of 1905 Marinova brings together published writings archival materials and personal correspondence of well or less known travelers of diverse ethnic backgrounds and artistic predilections from the quintessential American Mark Twain to the Russian Jewish ethnographer and revolutionary Vladimir Bogoraz from masters of realist prose such as the Ukrainian born Vladimir Korolenko and the Jewish Russian American Abraham Cahan to romantic wanderers like Edna Proctor Isabel Hapgood or Grigorii Machtet By highlighting the reification of problematic stereotypes of ethnic and racial difference in these texts Marinova illuminates the astonishing success of the Cold War period s rhetoric of mutual hatred and exclusion and its continuing legacy today Turkish-Russian Relations in The Post-Cold War Period: Current Dynamics, Future Prospects Habibe Özdal,Hasan Selim Özertem,Kerim Has,M. Turgut Demirtepe,2013-07-01 The International Strategic Research Organization USAK has recently published a report named as Turkish Russian Relations in The Post Cold War Period Current Dynamics Future Prospects This report can be evaluated from this perspective as it is the first product of the Track II initiative that has started between International Strategic Research Organization USAK and Institute of Oriental Studies of Russian Academy of Sciences IOS The first meeting was held in Ankara in 19 February 2013 with participation of Turkish and Russian academicians bureaucrats and decision makers However it is just the first step and should be taken to a next level by better coordination and planning in the future One of the main outcomes of this meeting is that there are so many areas waiting to be addressed as here are so many commonalities in the historical and social contexts of the two countries In this regard the potential of cooperation in regional level has not been developed as much as the level of cooperation in the bilateral level The report tries to cover these issues in three different chapters In the first chapter the report focuses on the political aspect of the relations and tries to answer the questions of How the political relations developed in the last 20 years What were the main challenges and turning points that helped to establish a vibrant dialogue between the two states and What are the areas that should be addressed in the near future *Turkish-Russian Relations* Fatma Kelkitli,2017-04-07 As the two most influential and powerful actors in Eurasia the nature of the Turkish Russian relationship affects the situation in the Black Sea South Caucasus Central Asia and Middle East and steers the foreign policy formulations of both regional states and global powers Examining post Cold War relations between Eurasia s most prominent actors this book takes into account regional dynamics and global power struggles and

identifies three important stages in Turkish Russian relations during the period Using complex interdependency theory the author offers valuable insights into the initial confrontational period and its transition to an atmosphere of compromise cooperation and the evolution of multi dimensional partnership Leadership theory then explains the most recent deterioration in rapport as crises in Syria and Ukraine have placed severe strain on the previously warm bilateral relations

The Host Gaze in Global Tourism Omar Moufakkir,Yvette Reisinger,2013 Most tourism theories have been developed from the tourists perspective including the seminal work by John Urry *The Tourist Gaze* which is now a classic text *The Host Gaze in Global Tourism* is a unique book for researchers and students as it is the first to look at the host gaze from within the host community It discusses how the gaze is constructed how it has developed how it varies between countries and how the tourism industry can affect it By looking at the gazes of both Western and non Western hosts this book analyses the dynamics of a host destination and consequences th *Global Russian Cultures* Kevin M. F. Platt,2019-01-15 Is there an essential Russian identity What happens when Russian literature is written in English by such authors as Gary Shteyngart or Lara Vapnyar What is the geographic home of Russian culture created and shared via the internet *Global Russian Cultures* innovatively considers these and many related questions about the literary and cultural life of Russians who in successive waves of migration have dispersed to the United States Europe and Israel or who remained after the collapse of the USSR in Ukraine the Baltic states and the Central Asian states The volume s internationally renowned contributors treat the many different global Russian cultures not as displaced elements of Russian cultural life but rather as independent entities in their own right They describe diverse forms of literature music film and everyday life that transcend and defy political geographic and even linguistic borders Arguing that Russian cultures today are many this volume contends that no state or society can lay claim to be the single or authentic representative of Russianness In so doing it contests the conceptions of culture and identity at the root of nation building projects in and around Russia **Russian Travel Made Easier** Elena
