Commander of All Lincoln's Armies John F. Marszalek,2009-07-01 In the first comprehensive biography of Halleck Marszalek recreates the life of a man of enormous achievement who bungled his most important mission Unable to produce victory for the Union forces he saw his power become subsumed by Grant's emergent leadership a loss that paved the way for Halleck's path to obscurity **The Era of the Civil War--1820-1876** Louise A. Arnold-Friend,US Army Military History Institute,1982 **Your Maryland** Ric Cottom,2017-10-16 Four centuries of Maryland's history in one colorful and dramatic volume Good evening I m Ric Cottom Welcome to Your Maryland Since 2002 when he first delivered his now classic radio segment on Maryland history Ric Cottom has narrated hundreds of little known human interest stories Collected here are 72 of his favorite on air pieces enhanced with beautiful papercut illustrations by Baltimore artist Annie Howe From accused witches and the murderous career of gunsmith John Dandy through tales of Johnny U and the greatest game ever played Your Maryland covers nearly four centuries of the Free State's heroes and scoundrels Entertaining listeners of all ages while sparking their interest in the past Cottom's beloved Your Maryland is a unique blend of carefully researched regional history and narrative nonfiction He deftly emphasizes the human dimension of Maryland's colorful past its athletes two and four legged beautiful spies brilliant writers misunderstood pirates and ghosts All of that color suspense and humor as well as the author's unusual talent for discovering interesting historical facts and personages is part of your Maryland *Custer* Jeffry D. Wert,2015-05-26 George Armstrong Custer has been so heavily mythologized that the human being has been all but lost Now in the first complete biography in decades Jeffry Wert reexamines the life of the famous soldier to give us Custer in all his colorful complexity Although remembered today as the loser at Little Big Horn Custer was the victor of many cavalry engagements in the Civil War He played an important role in several battles in the Virginia theater of the war including the Shenandoah campaign Renowned for his fearlessness in battle he was always in front of his troops leading the charge His men were fiercely loyal to him and he was highly regarded by Sheridan and Grant as well Some historians think he may have been the finest cavalry officer in the Union Army But when he was assigned to the Indian wars on the Plains life changed drastically for Custer No longer was he in command of soldiers bound together by a cause they believed in Discipline problems were rampant and Custer's response to them earned him a court martial There were long lulls in the fighting during which time Custer turned his attention elsewhere often to his wife Libbie Bacon Custer to whom he was devoted Their romance and marriage is a remarkable love story told here in part through their personal correspondence After Custer's

death Libbie would remain faithful to his memory until her own death nearly six decades later Jeffry Wert carefully examines the events around the defeat at Little Big Horn drawing on recent archeological findings and the latest scholarship His evenhanded account of the dramatic battle puts Custer s performance and that of his subordinates in proper perspective From beginning to end this masterful biography peels off the layers of legend to reveal for us the real George Armstrong Custer Peninsula Campaign and the Necessity of Emancipation Glenn David Brasher,2012 The Peninsula Campaign and the Necessity of Emancipation War Stuff Joan E. Cashin,2018-08-30 Focuses on the intense struggle over human and material resources between armies and civilians in the Civil War South Prologue ,1977 **To the Gates of Richmond** Stephen W. Unforgettables John C. Waugh,2025-08-05 Culled from the author s three decades of researching and writing about the Civil War this book provides vibrant accounts of many prominent people of the era Readers interested in an introduction to a variety of Civil War personalities and American history will enjoy Library Journal Personalities Characters History John C Waugh author of the award winning The Class of 1846 presents forty of the most memorable and impactful people he has come across during his decades of writing about the Civil War or as he calls them his Unforgettables Waugh s unique pen and spritely style bring to life a mix of the famous and the infamous the little known and the unremembered He reintroduces us to Abraham Lincoln the writer Jefferson Davis the losing president and their fascinating and influential wives Mary and Varina Henry Clay John C Calhoun and Daniel Webster three for the ages are juxtaposed with Presidents Zachary Taylor Millard Fillmore Franklin Pierce and James Buchanan four chief executives who failed to avert the coming war Military personalities include U S Grant and R E Lee with a nod to their mentor the nearly forgotten Winfield Scott Waugh cast a wide net to include the seekers of equality African Americans Sojourner Truth and Lincoln s friend Frederick Douglass a half dozen women like Maria Mayo Kate Chase and Anna Dickinson who helped shape our understanding of cultural issues and

media maven Horace Greeley and full time Washington critic and pest Count Adam Gurowski Poet and political activist Muriel Rukeyser once wrote The universe is made of stories not of atoms She might have added that these stories are driven by the passions of their characters and are what history is all about My hope explains the author is that these sketches and word portraits rekindle that passion and hook a few non believers on the undeniable drama that is history Corps Commanders in Blue Ethan S. Rafuse,2014-11-04 The outcomes of campaigns in the Civil War often depended on top generals having the right corps commanders in the right place at the right time Mutual trust and respect between generals and their corps commanders though vital to military success was all too rare Corps commanders were often forced to exercise considerable discretion in the execution of orders from their generals and bitter public arguments over commanders performances in battle followed hard on the heels of many major engagements Controversies that arose during the war around the decisions of corps and army commanders such as Daniel Sickles s disregard of George Meade s orders at the Battle of Gettysburg continue to provoke vigorous debate among students of the Civil War Corps Commanders in Blue offers eight case studies that illuminate the critical roles the Union corps commanders played in shaping the war s course and outcome The contributors examine and in many cases challenge widespread assumptions about these men while considering the array of internal and external forces that shaped their efforts on and off the battlefield Providing insight into the military conduct of the Civil War Corps Commanders in Blue fills a significant gap in the historiography of the war by offering compelling examinations of the challenges of corps command in particular campaigns the men who exercised that command and the array of factors that shaped their efforts for good or for ill General Abner M. Perrin, C.S.A. Ron V. Killian,2014-01-10 More than 1 000 men held the rank of brigadier general during the Civil War but a surprising number remain unknown to all but the most ardent scholar These lesser known brigadiers like General Abner M Perrin 1830 1864 played much more than a casual role in the momentous conflict Perrin of the South Carolina 14th Regiment took part in all of the major battles of the Army of Northern Virginia At Gettysburg he assumed command of a brigade whose general was wounded and defeated all opponents to lead the first troops to enter the town He received a promotion to brigadier general for his actions and commanded his own brigade at Mine Run the Wilderness and Spotsylvania where he was mortally wounded This welcome biography chronicles Perrin s life and military career removing this deserving Civil War personality from the shadows of history **In the News** Jerry W. Knudson,2000 This book provides rare and candid insights by those who experienced the reality of meeting a deadline and the pressures of space limitations and access to information Knudson has crafted a seamless narrative of journalism in America by tying together his own keen commentary on the evolution of news reporting with brief excerpts from those who actually did the reporting from colonial times through the Monica Lewinsky scandal Students will hear what the following notable journalists had to say about their craft and the coverage of contemporary events Benjamin Franklin s ambivalence about the colonial press extolling the watchdog concept of

newspapers while abhorring the rough and tumble personal journalism of his day Frederick Douglass's vivid and literary description of his 1847 interview with John Brown Ida B Wells account of how her small newspaper a beacon for many African Americans was destroyed by an angry mob in 1892 Ida Tarbell's description of her meeting with John D Rockefeller Richard Harding Davis's 1911 Collier's excerpt in which he laments the shift from the resourceful and ingenious traditional correspondent to the thundering mob of reporters who descended on any event of significance Martha Gellhorn's experiences as a journalist who covered World War II for Collier's Ernie Pyle's portrait of what it was like to be a correspondent slogging with the troops through the Italian campaign in World War II David Brinkley recounting what it was like to be a veteran reporter during the JFK assassination and funeral The Washington Post's Vice President and Executive Editor Ben Bradlee discussing the impact of Watergate on news reporting Molly Ivins a Texas journalist whose first collection of columns remained on The New York Times bestseller list for over 12 months writes about media critics

Conflict of Command George C. Rable, 2023-08-30 Winner of the Barondess Lincoln Award Winner of the Austin Civil War Round Table Book Prize Finalist for the American Battlefield Trust Book Prize The fraught relationship between Abraham Lincoln and George McClellan is well known so much so that many scholars rarely question the standard narrative casting the two as foils with the Great Emancipator inevitably coming out on top over his supposedly feckless commander In Conflict of Command acclaimed Civil War historian George C Rable rethinks that stance providing a new understanding of the interaction between the president and his leading wartime general by reinterpreting the political aspects of their partnership Rable pays considerable attention to Lincoln's cabinet Congress and newspaper editorials revealing the role each played in shaping the dealings between the two men While he surveys McClellan's military campaigns as commander of the Army of the Potomac Rable focuses on the political fallout of the fighting rather than the tactical details This broadly conceived approach highlights the army officers and enlisted men who emerged as citizen soldiers and political actors Most accounts of the Lincoln McClellan feud solely examine one of the two individuals and the vast majority adopt a steadfast pro Lincoln position Taking a more neutral view Rable deftly shows how the relationship between the two developed in a political context and ultimately failed spectacularly profoundly altering the course of the Civil War itself

The Richmond Campaign of 1862 Gary W. Gallagher, 2000-09-18 The Richmond campaign of April July 1862 ranks as one of the most important military operations of the first years of the American Civil War Key political diplomatic social and military issues were at stake as Robert E Lee and George B McClellan faced off on the peninsula between the York and James Rivers The climactic clash came on June 26 July 1 in what became known as the Seven Days battles when Lee newly appointed as commander of the Confederate forces aggressively attacked the Union army Casualties for the entire campaign exceeded 50 000 more than 35 000 of whom fell during the Seven Days This book offers nine essays in which well known Civil War historians explore questions regarding high command strategy and tactics the effects of the fighting upon politics and society both North and

South and the ways in which emancipation figured in the campaign The authors have consulted previously untapped manuscript sources and reinterpreted more familiar evidence sometimes focusing closely on the fighting around Richmond and sometimes looking more broadly at the background and consequences of the campaign Contributors William A Blair Keith S Bohannon Peter S Carmichael Gary W Gallagher John T Hubbell R E L Krick Robert K Krick James Marten William J Miller **Between Two Fires** Laurence M. Hauptman, 1996 Tragic historic story of the destruction of Native American peoples as a result of the Civil War including their own service in both the Union and Confederate armies
