Sacraments Alive Their History Celebration And Significance:

Sacraments Alive Sandra DeGidio,1991 An extremely helpful and clearly written book for understanding and celebrating the sacraments Explains the shift in focus as history and culture impact our value systems *Catholic Customs & Traditions* Greg Dues,1992 This newly revised expanded edition answers the questions most commonly asked by both Catholics and non Catholics Dues outlines traditional Catholic religious history gives an engaging overview of the rich variety of customs associated with Advent Christmas Holy Week and Lent and provides a thorough understanding of why Catholics practice their faith the way they do *Dancing to the Post-modern Tune* Tobias O. Okoro,2010 Religions and Discourse explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e g revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart *A General Doctrine of the Sacraments and the Mystery of the Eucharist* Johann Auer,1995 In *A General Doctrine of the Sacraments* Johann Auer aims to achieve a deeper understanding of the inner structure of the sacraments and of how they determine the structure of our Christian existence In *The Mystery of the Eucharist* Auer takes account of the biblical historical and theological aspects of the Church's teaching on the Eucharist *Raise the Banners High!* Pamela T. Hardiman,Josephine Niemann,2002 A practical guide to help you create beautiful and expressive processional banners for use in the liturgy Sunday by Sunday throughout the seasons of the church's year Also includes guidance on using banners in the celebrations of baptism confirmation first communion marriage and ordination as well as on other special occasions in the life of the congregation *Understanding The Sacraments Today* Lawrence E. Mick,2016-03-24 The sacraments are at the heart of our life as Catholics the way we celebrate together our continuing conversion and encounter with God Baptism Confirmation Eucharist Penance Anointing Marriage and Holy Orders all are activities that require preparation to bring us to the fullness of our life in community and in Christ Chapter by chapter Father Lawrence Mick puts these core experiences into their historical and theological context and illuminates the ways the sacraments bring us together as God's people Ever conscious of the complex history of the church and its dynamic relationship to ritual as well as the varied histories of human communities *Understanding the Sacraments Today* is a book to be visited and revisited a companion to the ongoing and repeated practices that nourish us Lawrence E Mick a priest in the Archdiocese of Cincinnati is a liturgical consultant and writer whose numerous books include *Living Baptism* Daly published by Liturgical Press He has also been active in parish retreat and campus ministries **Today's Parish** ,1990 **The Sacrament of the Word Made Flesh** Robert J. Stamps,2013-08-01 Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the

Eucharist This book serves as a helpful introduction to Torrance especially his framing of revelation Moreover it invigorates our understanding of the theological meaning of sacramental devotion Its readers will be stimulated provoked and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers In sum this is a timely and exciting book It will well serve pastors theologians and thoughtful Christians of many theological perspectives MARK VALERI E T Thompson Professor of Church History Union Theological Seminary Virginia One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist To say that Dr Stamps has been industrious is patently an understatement the truth is that he has been indefatigable in his search for the least morsel that Torrance offers Yet it is not so much as a study of Torrance that this book is to be commended its great value is that it offers a contextualization of Torrance s thinking on the Eucharist in ecclesiology the more general dimension of an incarnational theology as well as his understanding of cosmology and epistemology I hope that Dr Stamps book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith JOHN HEYWOOD THOMAS Emeritus Professor of Theology University of Nottingham Towards Religious Identity Knippenberg, 2021-10-11 STAR Studies in Theology and Religion 4 The spiritual dimension of existence has always been a part of people s lives Religion serves this dimension in which people are confronted with the question of what is holy and what is ultimately important In Towards Religious Identity Tjeu van Knippenberg concentrates on spiritual guidance in the context of the Christian faith A number of questions arise here What is the spiritual Can what we call spiritual be compared with what has been said about it in the course of the centuries Is there a relationship between personal experiences that go beyond direct experiences and what is taught in the Christian church about the spiritual Can this be distinguished within the complex psychological processes that take place within a person Just how personal and private is it Where can it be found What is its connection with the daily course of life Is it of importance in one s own development and in the development of society Where can one learn about it How does one deal with it Are there people equipped to guide others from this perspective Towards Religious Identity offers a framework that can contribute to people s competence in discovering the meaning of the personal life story from a spiritual perspective M P J van Knippenberg is professor of pastoral theology at Tilburg University The Netherlands From the Contents Part 1 Identification 1 Development and Characteristics 2 Ecclesiastical and Poimenic Position 3 Path of Life and Perspective Part 2 Progress and Content 4 Process and Guidance 5 Question as to Meaning and Christian Faith 6 Theology and Identity Part 3 In Practice 7 Guidance Model 8 Competence and Applications **Pastoral Foundations of the Sacraments** Gregory L. Klein, Robert A. Wolfe, 1998 A logical presentation of the sacraments as the principle acts of worship in the Catholic church Synthesizes contemporary research on symbol ritual and sacramental liturgical and pastoral theology into a single readable resource Each chapter ends with questions for reflection and discussion *The Church of the Living God* Wallace M.

Alston,2002-01-01 Here Wallace Alston Jr presents for us a newly revised and expanded version of his book The Church Alston summarizes the identity nature and ministry of the church from a Reformed perspective and places this doctrine within its historical and contemporary context A new introductory chapter on The Church for Such a Time an epilogue on The Church That People Love and updated Scripture passages from NRSV are a few of the new features of this new edition
