Sacraments And You:

The Sacraments & You Michael Pennock,1981 **The Sacraments** Joseph Martos,2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org) **What You Should Know about the Sacraments** Charlene Altemose,1994 These popular selections use a conversational style to capture Vatican II theology in a way the ordinary person will find informative interesting and inspiring The Wonderful Sacraments, what They are and what They Do Francis X.
